## Good Citizenship In America:

**Good Citizenship in America** David M. Ricci, 2004-07-19 Good Citizenship in America describes a civic ideal of who enjoys membership in the state and what obligations that entails and traces its history in America Until 1865 this ideal called for virtuous political behavior republicanism but extended the franchise beyond early republican expectations democracy The book follows the widening of the franchise to women and people of color and to those with little or no property following economic development post 1865 In the twentieth century the civic ideal was influenced by the increase of consumerism its peak after World War II and its subsequent decline More recent citizenship informed by environmental problems and growing global Darwinism places a bigger and bigger emphasis on the economic conscience This is an easily accessible analysis of civic trends in America and one that highlights much of what is decent in American life The Good Citizen David Batstone, Eduardo Mendieta, 2014-02-04 In The Good Citizen some of the most eminent contemporary thinkers take up the question of the future of American democracy in an age of globalization growing civic apathy corporate unaccountability and purported fragmentation of the American common identity by identity politics **The Practical Health Series: Health and good citizenship** James Mace Andress, William Augustus Evans, 1925 **The Good Citizen** Michael Schudson, 1998-09-20 An eminent scholar and historian offers a magisterial history of citizenship in America for all serious students of the American experiment **The Good Citizen** Russell J. Dalton, 2015-09-09 The Good Citizen uses a new 2014 national opinion survey to describe how Americans views of what it means to be a good citizen is changing Russell J Dalton shows that contrary to conventional wisdom younger generations are more politically engaged more politically tolerant and more supportive of social justice the young are creating new norms of citizenship that are leading to a renaissance of democratic participation The new edition of this groundbreaking work will reshape the way we think about the American public American youth and the prospects for contemporary democracy It describes Americans changing citizenship norms the emergence of the Millennial Generation how the Internet is changing participation patterns and a new statistical primer to help students understand the survey findings Good Citizenship Grover Cleveland, 2022-07-15 Grover Cleveland America's 22d and 24th president gave his address on Good Citizenship before the Commercial Club of Chicago in 1903 and that on Patriotism and Holiday Observance before the Union League Club of Chicago in 1907 Amazon *Promoting good citizenship* James Bryce Viscount Bryce, 2023-07-09 In Promoting Good Citizenship James Bryce Viscount Bryce delves into the essential ideals and responsibilities intrinsic to a functioning democracy This work combines a rich historical narrative with a vigorous call to civic engagement illustrating how good citizenship is vital not only to individual fulfillment but also to societal stability Bryce employs a clear impactful prose style seamlessly weaving empirical evidence philosophical reflection and practical examples to advocate for active participation in public life and the significance of moral character within citizenship particularly against the backdrop of early 20th century societal changes James Bryce a prominent British

statesman historian and diplomat drew upon his extensive experiences in public service and his deep understanding of political philosophy to craft this resonant text Having observed the challenges faced by democracies firsthand especially in the post Victorian era Bryce was uniquely positioned to emphasize the pressing need for citizens to be informed and engaged His belief in the power of education and moral development as cornerstones of civic duty is thoroughly reflected throughout the book This seminal work is highly recommended for anyone interested in the dynamics of citizenship and democratic governance Bryce s articulate arguments not only serve as a historical testimony of his time but also resonate profoundly with contemporary discussions surrounding civic responsibility making it an indispensable read for scholars students and active citizens alike

Producing Good Citizens Amy J. Wan, 2014-03-30 Recent global security threats economic instability and political uncertainty have placed great scrutiny on the requirements for U S citizenship The stipulation of literacy has long been one of these criteria In Producing Good Citizens Amy J Wan examines the historic roots of this phenomenon looking specifically to the period just before World War I up until the Great Depression During this time the United States witnessed a similar anxiety over the influx of immigrants economic uncertainty and global political tensions Early on educators bore the brunt of literacy training while also being charged with producing the right kind of citizens by imparting civic responsibility and a moral code for the workplace and society Literacy quickly became the credential to gain legal economic and cultural status In her study Wan defines three distinct pedagogical spaces for literacy training during the 1910s and 1920s Americanization and citizenship programs sponsored by the federal government union sponsored programs and first year university writing programs Wan also demonstrates how each literacy program had its own motivation the federal government desired productive citizens unions needed educated members to fight for labor reform and university educators looked to aid social mobility Citing numerous literacy theorists Wan analyzes the correlation of reading and writing skills to larger currents within American society She shows how early literacy training coincided with the demand for laborers during the rise of mass manufacturing while also providing an avenue to economic opportunity for immigrants This fostered a rhetorical link between citizenship productivity and patriotism Wan supplements her analysis with an examination of citizen training books labor newspapers factory manuals policy documents public deliberations on citizenship and literacy and other materials from the period to reveal the goal and rationale behind each program Wan relates the enduring bond of literacy and citizenship to current times by demonstrating the use of literacy to mitigate economic inequality and its lasting value to a productivity based society Today as in the past educators continue to serve as an integral part of the literacy training and citizen making process

**Character Education in America's Blue Ribbon Schools** Madonna M. Murphy, 2002 Character Education in America's Blue Ribbon Schools is based upon descriptive documentary and qualitative research conducted on the award winning school applications in the United States Department of Education s Elementary School Recognition Program i e the Blue Ribbon Schools The purpose of the program is to focus national attention on schools

that are doing an exceptional job with all of their students Areas studied are developing a solid foundation of basic skills and knowledge of subject matter and fostering the development of character values and ethical judgement The first edition of this book reported on the first decade of this program from 1985 to 1994 The second edition adds the schools that have won the award from 1996 2001 Included are the Blue Ribbon schools that applied for Special Honors in Character Education and five that actually won that recognition in 1998 1999 This edition finds character education much stronger in American schools in recent years and is full of many promising practices It is a practical book that will guide school administrators teachers parents board members and concerned citizens interested in starting or strengthening the character education focus of their school

*American Citizenship* Judith N. Shklar, 1991 In this illuminating look at what constitutes American citizenship Judith Shklar identifies the right to vote and the right to work as the defining social rights and primary sources of public respect She demonstrates that in recent years although all profess their devotion to the work ethic earning remains unavailable to many who feel and are consequently treated as less than full citizens

*Good Citizenship for the Next Generation* Ernesto Treviño, Diego Carrasco, Ellen Claes, Kerry J. Kennedy, 2021-08-31 This Open Access book presents an international group of scholars seeking to understand how youth from different cultures relate to modern multidimensional concepts of citizenship and the roles that education and society have in shaping the views of the world's future citizens The book also explores how different aspects of citizenship such as attitudes towards diverse population groups and concerns for social issues relate to classical definitions of norm based citizenship from the political sciences Authors from Asia Europe and Latin America provide a series of in depth investigations into how concepts of good citizenship are shaped in different regions of the globe using the rich comparative data from the IEA's International Civic and Citizenship Study ICCS 2016 In twelve chapters the authors review the concept of good citizenship how citizenship norms adherence is configured into profiles across countries and what country school and background factors are related to how students adhere to citizenship norms Recognizing contingent social and political situations in specific regions of the world the present books offer six chapters where authors apply their expertise to offer locally relevant and pertinent observations on how young people from diverse cultures understand and relate to different dimensions of citizenship in countries of Asia Europe and Latin America The present book is of relevance for different audiences interested in civic education and political socialization including social sciences and education integrating topics from political science sociology political psychology and law

*Strengthening American Democracy* John R. Baker, 2024-04-18 Many experts have observed a world wide trend toward democratic deconsolidation reflected in America through declining trust in government at all levels and the rise of authoritarian thinking The trend is rooted in extreme partisan polarization which serves as fertile soil for the rise of anti democratic movements and tendencies This book aims to combat that disturbing trajectory offering readers the tools to engage in and aspire toward a more responsive and accountable democracy Its 46 brief and accessible articles outline a

number of institutional structural process oriented and policy related challenges to American democracy In most cases specific proposals for reform are discussed encouraging the reader to think about how to make tangible progress toward a more perfect Union

*Congressional Record* United States. Congress,1983 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Reconfiguring Citizenship and National Identity in the North American Literary Imagination Kathy-Ann Tan,2015-12-07 Explores how traditional notions of citizenship are contested and altered through literature Literature has always played a central role in creating and disseminating culturally specific notions of citizenship nationhood and belonging In *Reconfiguring Citizenship and National Identity in the North American Literary Imagination* author Kathy Ann Tan investigates metaphors configurations parameters and articulations of U S and Canadian citizenship that are enacted renegotiated and revised in modern literary texts particularly during periods of emergence and crisis Tan brings together for the first time a selection of canonical and lesser known U S and Canadian writings for critical consideration She begins by exploring literary depiction of willful or wayward citizens and those with precarious bodies that are viewed as threatening undesirable unacceptable including refugees and asylum seekers undocumented migrants deportees and stateless people She also considers the rights to citizenship and political membership claimed by queer bodies and an examination of new and alternative forms of citizenship such as denizenship urban citizenship diasporic citizenship and Indigenous citizenship With case studies based on works by a diverse collection of authors including Nathaniel Hawthorne Djuna Barnes Etel Adnan Sarah Schulman Walt Whitman Gail Scott and Philip Roth Tan uncovers alternative forms of collectivity community and nation across a broad range of perspectives In line with recent cross disciplinary explorations in the field *Reconfiguring Citizenship and National Identity in the North American Literary Imagination* shows citizenship as less of a fixed or static legal entity and more as a set of symbolic and cultural practices Scholars of literary studies cultural studies and citizenship studies will be grateful for Tan s illuminating study

Narratives and Imaginings of Citizenship in Latin America Cristina Rojas,Judy Metzler,2016-01-08 This book looks at how citizenship has been imagined and transformed in Latin America through the twentieth and early twenty first centuries from different disciplinary perspectives including anthropology history urban planning geography and political studies It looks beyond citizenship as a formal legal status to explore how ideas about citizenship have shaped political and historical landscapes in different ways through the region It shows how conceptions of citizenship are intertwined with understandings of natural spaces and environments how indigenous politics are de colonizing western liberal conceptions of citizenship and how citizenship is being transformed through local level politics and projects for development In addition to showcasing some of the novel

emerging forms of citizenship in the region the book also traces the ways in which historical narratives of citizenship and national belonging persist within present day politics Collectively the chapters show that citizenship remains an important entry point for understanding politics projects of reform and struggles for transformation in Latin America This book was published as a special issue of Citizenship Studies *Civic Participation in America* Q. Kidd,2016-04-30 This book argues that the declining nature of traditional forms of civic participation over the last half century are the result of the evolution of larger institutional social and historical forces that have favored the self interest motivation at the expense of civic duty

*The Making of America* Robert Marion La Follette,1905 *The American City* Harold S. Battenheim,1918 The American College ,1910 **Town & County Edition of The American City** ,1918
