[Religion and the Obligations of Citizenship](#) Paul J. Weithman, 2002-08-15 In Religion and the Obligations of Citizenship Paul J Weithman asks whether citizens in a liberal democracy may base their votes and their public political arguments on their religious beliefs Drawing on empirical studies of how religion actually functions in politics he challenges the standard view that citizens who rely on religious reasons must be prepared to make good their arguments by appealing to reasons that are accessible to others He contends that churches contribute to democracy by enriching political debate and by facilitating political participation especially among the poor and minorities and as a consequence citizens acquire religiously based political views and diverse views of their own citizenship He concludes that the

philosophical view which most defensibly accommodates this diversity is one that allows ordinary citizens to draw on the views their churches have formed when voting and offering public arguments for their political positions

**Top 10 Tips for Ethical Living and Good Citizenship** Janet Craig, 2012-07-15 Unlike other animals which are born with strong instincts we humans must learn how to live socially and we learn from the people around us As a result we are closely linked to the community we are raised in Our daily lives and identities are affected by the common experiences shared with the people in our community We learn the community's values history and rules When we become part of a community it becomes part of us Citizenship is the state of being an active engaged and productive member of a community As citizens we get certain rights but also certain responsibilities To be good citizens we must live up to these responsibilities That's because we share our future with the other individuals in our community Our actions affect them and theirs affect us A community can only grow and flourish through time if good citizens do their best to improve it We all have a sense of right and wrong but we don't always follow our better judgments good citizens must also live ethically or morally Whenever we decide not to live ethically we risk hurting the people around us and ourselves Being a good citizen has immediate rewards Ethical living and good citizenship can improve your academic and social success your happiness and quality of life and your future prospects for professional success By being good citizens and living ethically we encourage others to do the same This book provides ten tips on how to be a good citizen and live ethically ethics 101 consider the consequences of your actions be a good neighbor take every opportunity to make friends be respectful obey the law know and stand up for your rights know your rights stay informed and get involved The book also provides reasons why readers should care and how they will benefit their community and self by being a good citizen and living ethically
