President, 2002 **Unfinished business** Marisa McGlinchey, 2019-01-17 This book discusses the development of dissident Irish republicanism and considers its impact on politics throughout Ireland since the 1980s Based on a series of interviews with over ninety radical republican activists from the wide range of groups and currents which make up dissident republicanism the book provides an up to date assessment of the political significance and potential of the groups who continue to oppose the peace process and the Good Friday Agreement It shows that the dissidents are much more than traditionalist irreconcilables left behind by Gerry Adams entry into the mainstream Instead the book suggests that the dynamics and trajectory of dissident republicanism are shaped more by contemporary forces than historical tradition and that by understanding the dissidents we can better understand the emerging forms of political challenge in an age of austerity and increasing political instability internationally *The Wiley Blackwell Companion to Comparative Theology* Axel M. Imitating Christ in Magwi Todd D. Whitmore, 2019-01-24 *Imitating Christ in Magwi: An Anthropological Theology* achieves two things. First, focusing on indigenous Roman Catholics in northern Uganda and South Sudan, it is a detailed ethnography of how a community sustains hope in the midst of one of the most brutal wars in recent memory, that between the Ugandan government and the rebel Lord's Resistance Army. Whitmore finds that the belief that the spirit of Jesus Christ can enter into a person through such devotions as the Adoration of the Eucharist gave people the wherewithal to carry out striking works of mercy during the conflict and like Jesus of Nazareth to risk their lives in the process. Traditional devotion leveraged radical witness. Second, *Gospel Mimesis* is a call for theology itself to be a practice of imitating Christ. Such practice requires both living among people on the far margins of society. Whitmore carried out his fieldwork in Internally Displaced Persons camps and articulating a theology that foregrounds the daily if extraordinary lives of people. Here ethnography is not an add-on to theological concepts; rather, ethnography is a way of doing theology and includes what anthropologists call thick description of lives of faith. Unlike theology that draws only upon abstract concepts, what Whitmore calls anthropological theology is consonant with the fact that God did indeed become human. It may well involve risk to one's own life. Whitmore had to leave Uganda for three years after writing an article critical of the President, but that is what *imitatio Christi* sometimes requires.
