Love, Joy, and Sex Stan Chu Ilo, 2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as Pope Francis's Amoris Laetitia This document which came out of two very divisive synods of Catholic bishops and leaders in Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on marriage and family life This volume has gathered seminal commentaries on Amoris Laetitia by African Catholic theologians social scientists and pastoral workers They offer African theological and pastoral responses to the principles and practices proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage and reception and denial of Holy Communion in the church among other divisive issues These important essays and commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very compelling The authors here also call for the inclusion of Africa's own unique challenges like polygamy childless marriages and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the global discussion on marriage and family life

They also challenge uncritical clichés in world Christianity that Africa's opposition to same sex marriages or Western propaganda about population or birth control and contraception are conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful continent *Prince: Life and Times* Jason Draper, 2016-11-01 Prince was a gift and a genius He showed us that we have no limits Alicia Keys He was the most incredibly talented artist A man in complete control of his work from writer and musician to producer and director Kate Bush The most amazing performer I have ever witnessed Joni Mitchell He Changed The World Madonna In a career that spanned five decades Prince really did change the world After making some of the most inventive albums of the 80s including 1999 Purple Rain and Sign O The Times he turned his attention to redefining his role in the music industry changing his name to an unpronounceable symbol declaring war on Warner Bros and leading the internet revolution When he died on April 21 2016 the world lost one of the few artists who could truly claim to be called a genius His legacy lives on and will remain an inspiration for all time Prince Life Times is a large format lavishly illustrated authoritative chronicle of his career covering every album every movie and every tour It includes profiles of key collaborators assesses his various business dealings and details his many side projects on stage on record on screen and beyond This updated second edition includes detailed information on Prince's activity from 2008 to 2016 Learning From Divorce Christie Coates, Robert LaCrosse, 2003-11-10 Learning from Divorce by Christine A Coates and E Robert LaCrosse is a practical book that will help you rid yourself of negative feelings of guilt and worry and replace them with positive feelings of growth and hope Learning from Divorce will show you how to confront your fears and flaws motivate you to move forward toward change develop realistic hopes about succeeding with future relationships and turn your failures into victories In this groundbreaking book the authors explain that divorce can be viewed as a developmental process a period of transformation and growth They help the reader understand why the divorce happened in the first place how unrealistic expectations of a permanent honeymoon or a partner who would satisfy their infantile needs and solve all their childhood problems have so often led to immature and self centered behavior In place of this attitude Learning from Divorce provides the reader with a more realistic view of marriage as a long term commitment requiring loyalty compromise devotion perseverance and selflessness This book shows that the rewards of love and family exceed most any other joy or aspiration in one's life and will help you
