**Gorbachev's Struggle for Economic Reform** Anders Åslund,1989-12-01      **Gorbachev's Struggle for Economic Reform** Anders Åslund,1991 For all the apparent chaos in Russia an economic policy is being pursued The contributors to this volume are the architects of this policy including key deputy prime ministers who are currently the leading policy makers in Russia      *Gorbachev's Struggle for Economic Reform* Anders Aaslund,1989      **Gorbachev's Struggle for Economic Reform** Anders Åslund,1991      *Gorbachev's Struggle for Economic Reform* Anders Åslund,1989      *Gorbachev's Struggle for Economic Reform* Anders Åslund,1989      *The Gorbachev Factor* Archie Brown,1997-08-07 To understand this singular man the reader can do no better than to turn to Archie Brown s astute and lucid book There have been several excellent works on Mr Gorbachev but none examines the subject as thoroughly as this volume a rich study as impressive in its sweep as in its details Abraham Brumberg New York Times Archie Brown s book is not only a richly researched easily readable biography of Gorbachev himself It should be studied at once in every diplomatic service worthy of the name starting with our own Foreign Office Michael Foot Evening Standard Archie Brown has mastered the material and met the people he writes with a historical perspective unavailable to authors of the instant biographies which appeared while Gorbachev was in power Rodric Braithwaite Financial Times Archie Brown s closely reasoned book makes a better case for Gorbachev s record as a reformer than Gorbachev s own memoirs the most thorough exposition of Gorbachev s domestic political record yet to appear Jack F Matlock Jr New York Review of Books This Oxford don for years one of the world s most talented Kremlinologists has already found the memoirs documents and interviews that allow him to provide a remarkably detailed and authoritative account of the key moments in Gorbachev s career Robert G Kaiser Washington Post It is hard to come away from this admirable book without an affection for Gorbachev s insistence on peaceful change his willingness to let Eastern Europe go and his determination to nurture a pluralist culture Nick Cohen Observer Brown s latest book is the product of many years of intensive research it proves to be the most detailed and revealing study of the man who revolutionised the USSR Excellent Good Book Guide      *The Struggle to Save the Soviet Economy* Chris Miller,2016-10-13 For half a century the Soviet economy was inefficient but stable In the late 1980s to the surprise of nearly everyone it suddenly collapsed Why did this happen And what role did Soviet leader Mikhail Gorbachev s economic reforms play in the country s dissolution In this groundbreaking study Chris Miller shows that Gorbachev and his allies tried to learn from the great success story of transitions from socialism to capitalism Deng Xiaoping s China Why then were efforts to revitalize Soviet socialism so much less successful than in China Making use of never before studied documents from the Soviet politburo and other archives Miller argues that the difference between the Soviet Union and China and the ultimate cause of the Soviet collapse was not economics but politics The Soviet government was divided by bitter conflict and Gorbachev the ostensible Soviet autocrat was unable to outmaneuver the interest groups that were threatened by his economic reforms Miller s analysis settles long

standing debates about the politics and economics of perestroika transforming our understanding of the causes of the Soviet Union's rapid demise    **United States Foreign Policy and Economic Reform in Three Giants** John Echeverri-Gent, 2017-07-28

Three of the largest and strategically most important nations in the world the Soviet Union China and India are currently in the throes of historic change The reforms in the giants are transforming global economic and geopolitical relations The United States must reexamine central tenets of its foreign policy if it is to seize the opportunities presented by these changes This pathbreaking volume in the Overseas Development Council's series analyzes economic reform in the giants and its implications for U.S. foreign policy Each of the giants is opening up its economy to foreign trade and investment What consequences will this have for international trade Each giant is attempting to catch up to global technological frontiers by absorbing foreign technologies In what areas might cooperation enhance American interests and in what areas must the U.S. protect its competitive and strategic assets What role can key international economic institutions play to help integrate the giants into the international economy The contributors suggest how U.S. foreign policy should anticipate these new circumstances in ways that enhance international cooperation and security

*Reexamining Economic and Political Reforms in Russia, 1985–2000* Vladimir Gel'man, Dmitry Travin, Otar Marganiya, 2014-06-25  
Reexamining Economic and Political Reforms in Russia 1985–2000 Generations Ideas and Changes analyzes the impact of generational changes and ideational changes on major political and economic reforms conducted in Russia during the late twentieth century This book examines how the policy agenda was shaped by the ideas of the generations representatives for the sixties and seventies Representatives of the generation of sixties conducted reforms from 1985 to 1991 and invested major efforts in political liberalization but did not pay enough attention to economic reforms On the other hand the reformers from the generation of seventies who were in charge of policy making from 1991 to 1998 were genuinely oriented toward market building but rather insensitive to the democratization of the political regime This book explores how these differences in ideational agendas produced inconsistent and controversial outcomes from both stages of reforms    Gorbachev and his Revolution Mark Galeotti, 1997-01-29 By turns radical uncertain ambitious and autocratic Mikhail Gorbachev and his bid to reform the Soviet Union have shaped the contemporary world This concise and lively book provides an introduction to the man and his times setting them in the context of a decaying and ramshackle empire and an ideology long since betrayed by its professed followers Drawing on the latest memoirs and scholarship this

book follows Gorbachev's increasingly desperate attempts to control the forces he unleashed and hold together a state whose days were over     **State** ,1991     Routledge Encyclopedia of International Political Economy: Entries P-Z R.
