Postal,2004-01-15 This volume consists of an introduction and two groups of essays by Paul M Postal each with a connecting theme The first positive group of papers contains five previously unpublished studies of English syntax These include a long study of so called locative inversion two investigations related to raising to non subject status an argument for the existence of a hitherto ignored nominal grammatical category and a study of vulgar negative polarity items Each investigation of specific English details is argued to have significant theoretical consequences The second negative group of papers contains seven essays each of which seeks to show that aspects of contemporary linguistic activity are in part contaminated by elements of what is called junk linguistics Postal uses the term to denote work which advances proposals puts forward claims and asserts deep results which he argues can only be accepted by ignoring serious standards of inquiry and scholarship Postal claims that much of this work is nonetheless currently considered not only serious but prestigious reveals the problem to exist at the core of the field not its periphery These chapters include documentation of junk linguistic aspects in National Science Foundation refereeing work on the foundations of linguistics and even in widespread terminological usages The final chapter briefly lists personal suggestions for dealing with this problem **Magnetic Service** Chip Bell,Bilijack Bell,2006-01-06 Winner of the 2004 Publishers Marketing Association Benjamin Franklin Award for Best Business Book By the bestselling author of Managers As Mentors over 100 000 copies sold Reveals the seven magnetic service secrets that work for cult like brands such as Starbucks Harley Davidson and Ritz Carlton Provides tools techniques and tips for fostering customer devotion Magnetic Service provides a provocative yet practical blueprint for going beyond mere customer loyalty to create and sustain customer devotion Devoted customers not only forgive you when you err but actually help you correct what caused the mistake They don t just recommend you they assertively insist that their friends do business with you Authors Chip and Bilijack Bell made an intensive study of companies that inspire this kind of cult like devotion companies as diverse as Starbucks Jack Daniels Ritz Carlton Hotels GE eBay Chick fil A Harley Davidson and many others They found that these

companies created customer experiences so captivating that they bound their customers to them they provided magnetic service Chip and Biljack identify the seven secrets of magnetic service and use dozens of real life examples to illustrate the secrets in action And they show precisely what leaders can do to create a culture of magnetic service in any unit or organization

Forever Shores Peter McNamara, Margaret Winch, 2003 A variety of themes is explored in this anthology of the best contemporary Australian fantasy writing From Isobelle Carmody's tragic romantic style and Terry Dowling's complex and technical world to Damien Broderick's vision of multiple worlds and Carmel Bird's genetic unconscious deciding factor the writers included tell enthralling stories strengthened by imagination that extends beyond the boundaries of the concrete world

Awakening the Dreamer Philip M. Bromberg, 2013-06-17 In *Awakening the Dreamer Clinical Journeys* Philip Bromberg continues the illuminating explorations into dissociation and clinical process begun in *Standing in the Spaces* 1998 Bromberg is among our most gifted clinical writers especially in his unique ability to record peripheral variations in relatedness those subtle split second changes that capture the powerful workings of dissociation and chart the changing self states that analyst and patient bring to the moment For Bromberg a model of mind premised on the centrality of self states and dissociation not only offers the optimal lens for comprehending and interpreting clinical data it also provides maximum leverage for achieving true intersubjective relatedness And this manner of looking at clinical data offers the best vantage point for integrating psychoanalytic experience with the burgeoning findings of contemporary neuroscience cognitive and developmental psychology and attachment research Dreams are approached not as texts in need of deciphering but as means of contacting genuine but not yet fully conscious self states From here he explores how the patient's dreamer and the analyst's dreamer can come together to turn the real into the really real of mutative therapeutic dialogue The difficult frequently traumatized patient is newly appraised in terms of tensions within the therapeutic dyad And then there is the haunted patient who carries a sense of preordained doom through years of otherwise productive work until the analyst can finally feel the patient's doom as his or her own Laced with Bromberg's characteristic honesty humor and thoughtfulness these essays elegantly attest to the mind's reliance on dissociation in both normal and pathological variants in the ongoing effort to maintain self organization *Awakening the Dreamer* no less than *Standing in the Spaces* is destined to become a permanent part of the literature on therapeutic process and change

Edge-based Clausal Syntax Paul Martin Postal, 2010 An argument that there are three kinds of English grammatical objects each with different syntactic properties In *Edge Based Clausal Syntax* Paul Postal rejects the notion that an English phrase of the form V DP invariably involves a grammatical relation properly characterized as a direct object He argues instead that at least three distinct relations occur in such a structure The different syntactic properties of these three kinds of objects are shown by how they behave in passives middles able forms tough movement wh movement Heavy NP Shift Ride Node Raising re prefixation and many other tests This proposal renders Postal's position sharply different from that of Chomsky who defined a direct object structurally as NP

VP and with the traditional linguistics text's definition of the direct object as the DP sister of V. According to Postal's framework, sentence structures are complex graph structures built on nodes, vertices, and edges, arcs. The node that heads a particular edge represents a constituent that bears the grammatical relation named by the edge label to its tail node. This approach allows two DPs that have very different grammatical properties to occupy what looks like identical structural positions. The contrasting behaviors of direct objects, which at first seem anomalous, even grammatically chaotic, emerge in Postal's account as nonanomalous as symptoms of hitherto ungrasped structural regularity. **The World's Work**, 1913

Monster Movie Makers Tom Weaver, 2014-07-22. Twenty horror and science fiction moviemakers both in front of and behind the camera reminisce about some of their great and not so great films. Merry Anders, Charles Bennett, Ben Chapman, Herman Cohen, Robert Day, Val Guest, Susan Hart, Candace Hilligoss, Rose Hobart, Betsy Jones Moreland, Jacques Marquette, Cameron Mitchell, Ed Nelson, William Phipps, Vincent Price, Ann Robinson, Herbert Rudley, Harry Spalding, Kenneth Tobey, and Lupita Tovar reflect on their work in such movies as *Berserk*, *I Was a Teenage Werewolf*, *Cat Women of the Moon*, and many others. *Double Feature: Creature Attack* Tom Weaver, 2003-02-19. This whopping big McFarland Classic brings together 43 interviews with horror and science fiction movie writers, producers, directors, and the men and women who saved the planet from aliens, behemoths, robots, zombies, and other sinister stumbling threats in the movies. At least the interviewees reminisce about some of their great and not so great films and tell their stories. This classic volume represents the union of two previous volumes: 1994's *Attack of the Monster Movie Makers* (anecdotes are frank and revealing) and 1995's *They Fought in the Creature Features* (a fun book for all SF film enthusiasts). Together at last, this combined collection of interviews offers a candid and delightful perspective on the movies that still make audiences howl and squeal, though fear has long been replaced with sweet nostalgia. *The Gorillas Want Bananas* Debbie Jenkins, Joe Gregory, 2003. This pivotal book explodes the outdated marketing myths that have become a burden to the modern entrepreneur.
