This Alabama bad boy thought one dirty weekend with her would be enough He was wrong Falling in love is out of their control in this red hot romance from New York Times USA Today and Wall Street Journal best selling author Georgia Cates A faceless name That s all she was when I agreed to play a part in deceiving her And then the unexpected happened We met I yearn for her skin against mine I crave her scent on my body I want to make her laugh and then moan And I do in secret I promised my

business partner I wouldn't touch his sister But I broke that promise Our little dirty weekends together are no longer enough I want my bohemian girl in my bed every night She wants a ring marriage vows and babies all things that I can't give her Our romance is explosive Our love epic Our ending miserable unless I bend If I don't bend I'll break Cliffhanger No HEA Yes Standalone Yes Book 1 in a 3 book standalone series Previously titled Tap Men of Lovibond **Daddy Lost His Head** Jack Kamen, 2017-10-04 In this collection of twisty EC tales there are scheming spouses vampires voodoo and an ancient mummy's curse Famed for his deft delineations of beautiful scheming women handsome jealous husbands and not so innocent children Kamen returns with a collection of classic EC horror tales from The Vault of Horror Tales From the Crypt and The Haunt of Fear In the title tale a cruel stepfather sends his stepdaughter to bed without her supper but the old crone next door gives the hungry girl a candy figure made in the likeness of her father In What the Dog Dragged In one of the EC's earliest adaptations of a Ray Bradbury story a wheelchair bound blind woman asks her faithful dog to go find her fiancé unaware that he had been killed in an auto accident In Loved to Death a rejected suitor spends one dollar to buy a potion that makes a woman fall in love with him but when it works too well he discovers the price of the antidote is more than he can afford Plus over 20 more tales of madness and horror as only EC can do them **As Real As Real** D Star, 2015-04-10 In a near future FBI special agent Jai Young is on the trail of a terrorist group targeting biotech interests The closer he gets the more and more it doesn't look anything like a straightforward counterterrorism investigation It's not just that one of the perpetrators is a deadly female assassin with telepathic abilities and a lioness tail In a well hidden world known only to a select few how many others are there of her kind And if genetically engineered humans really do exist why create them And why are several of them now on a killing spree **Grass Grows in Winter** Cheryl Williams, 2024-06-28 I wrote this book under what I felt to be a strong conviction by God to help others who are living through the nightmare of losing a child as I am a nightmare in which we will never fully wake up from This is a horrible journey to be on but someday I know in my heart that I will be okay I want others to know and actually feel that they are not alone although the majority of the time we feel as though we are We stumble through each day one breath at a time trying to survive this new life we live without our precious child In this book I share my story of grief the loss of my only child and my belief that I will see him again It may be that day that I can truly say I am okay My deep compassion goes out to others going through this same grief It may be too bold on my part to say you and I are going to be okay but we have to believe Grief takes its toll just don't forget to breathe through it **Mile 21** Del Core, 2017-10-17 You have this book in your hands with the intent of being entertained I presume I hope that is the case Some of you wish to whoosh through this tract not expecting to discover any characters or gems of insight I pray that you stop in your tracks and say Son of a gun I never thought of that or perhaps I like looking at that from a different angle That would be nice because I believe such insights are in here waiting to be discovered like jewelry in Grandma's boudoir Now even though I'm encroaching on some unmentionable years in my life this is just my second novel And I didn't think it would

be such a momentous effort I created scenes and characters that didnt exist before this Where were they before In my insane brain I suppose I was amazed to count and come to the realization that Id created over forty people Many of them have come from parts of people I knew and I thank them Also some of the people I created have become friends I will miss them Also I trust that you the reader will enjoy to some degree the scenes and ideas I wrote for you without too many curves or knucklers so you can swing and hit home runs again and again while you find pleasure in the reading Also I mention addictions often in this book I learned that there are good addictions and bad ones I had the bad habit of smoking for many years and I am so sorry now If only I could unsmoke every cigarette Id had but of course I cant And the damage is done to my lungs Thank you cigarette companies for the gifts of packs and cartons while in the military But dont focus on this one idea Theres so much more in this book Like sex So enough of all that Please read and enjoy Or else *The Big Book of British Murder Mysteries* Arthur Conan Doyle, Ernest Bramah, Arthur Morrison, Agatha Christie, Wilkie Collins, Thomas W.
