Tomás Morales y Durán,2020-11-04 Putting an end to suffering for good does not seem like a really desirable goal I have not come to get to this It is not that eradicating suffering is not a noble goal and it can be for many people but it is not my case Practice continues to guide me and I know that I will eventually reach Wisdom even though I don t even know what it is at this moment The special effects are not satisfactory and only serve to certify where I am so far from everyone that the comparisons begin to become too obvious It is at this point that I begin to see that what the entire Buddhist world considers valid and supports many of its postulates are collections of recurring falsehoods that violate logic and the suttas themselves

Numbered Discourses Bhikkhu Sujato,SuttaCentral, SuttaCentral has published an entirely new translation of the four Pali Nik yas by Bhikkhu Sujato which is the first complete and consistent English translation of these core texts This is an ebook version of Bhikkhu Sujato s translation of the A guttara Nik ya which can also be read at SuttaCentral website The Numbered or Numerical Discourses are usually known as A guttara Nik ya in Pali abbreviated AN However the Pali tradition also knows the form Ekottara one up or incremental and this is the form usually found in the northern collections These collections organize texts in numbered sets from one to eleven Compared to the other nik yas they are more oriented to the lay community The Ekottarik gama EA in Chinese is a highly unusual text which features a range of variations within itself when it comes even to basic doctrines It shares considerably less in common with the Pali A guttara than the other collections do with their counterparts In addition there is a partial Ekottarik gama in Chinese as well as a variety of individual discourses and fragments in Chinese and Sanskrit This translation of A guttara Nik ya was updated on March 6th 2023
