Sullivan's Law George G. Gilman, 1976 Ethics at the Edges of Law Cathleen Kaveny, 2018 In Ethics at the Edges of Law Cathleen Kaveny argues that religious moralists should treat the law as a valuable conversation partner rather than a mere instrument for enforcing judgments about morality and public policy Using cases and concepts from tort law contract law and criminal law Kaveny shows how they can be used to illuminate the work of some of the most important contemporary Christian ethicists Catalogue of Books Relating to the Literature of the Law Collected by the Late John V.L. Pruyn John VanSchaick Lansing Pruyn, 1901 **Philippine Business Law (adapted from Sullivan's "American Business Law")** Eugene Arthur Perkins, 1920 **Reconsidering Religion, Law, and Democracy** Anna-Sara Lind, Mia Lövhelm, Ulf Zackariasson, 2016-03-01 How are Western mostly secular societies handling religion in its increasingly pluralistic and complex forms In Reconsidering Religion Law and Democracy the authors study the interaction and negotiations between religious organizations and religious citizens on the one hand and the state the judicial system the media and secular citizens on the other Religion has become increasingly visible in contemporary society and is more often than before recognized as a public matter and not merely a private issue As such it presents new challenges or opportunities to scholarly research and to society at large The contributors to this volume shed light on what follows when expressions of religion meet different spheres of society The authors explicitly point to the need to develop a more comprehensive understanding of the roles played by religion in society today By presenting case studies fresh perspectives and new questions they suggest that deeper knowledge is best achieved by further increasingly nuanced interdisciplinary research
