Edith Wharton On The French Riviera:

Edith Wharton's French Riviera Philippe Collas, Eric Villedary, 2002 Glamor and indolence of life in the South of France as seen through Wharton's gaze **Edith Wharton's French Riviera** Philippe Collas, Eric Villedary, 2005-05 Nice Cannes Monte Carlo these towns have come to symbolize sun drenched luxury decadence When Edith Wharton settled on the French Riviera at the end of the WW1 the Cote d'Azur was changing from a genteel winter resort dominated by European aristocrats into a far racier place populated by a glamorous American jet set Coco Chanel the Duke Duchess of Windsor Ali Khan Somerset Maugham Jean Cocteau Cole Porter F Scott Fitzgerald Matisse Czar Nicolas II stars from all over the world came to rub shoulders in palatial hotels glamorous casinos or in their extravagant homes Richly illustrated with both contemporary vintage photos this is an evocative portrait of this vanished world the golden age of the French Riviera **A Forward Glance** Clare Colquitt, Susan Goodman, Candace Waid, 1999 In June 1923 Edith Wharton who had not set foot on native soil since before the First World War came home to accept an honorary degree from Yale University In April 1995 friends of Wharton again convened at Yale The essays collected in *A Forward Glance* New Essays on Edith Wharton represent a portion of the complex and varied scholarly work delivered at that conference From publisher's description *Women Writing on the French Riviera* Rosemary Lancaster, 2020-06-15 Destination for artists and convalescents playground of the rich site of foreign allure the French Riviera has long attracted visitors to its shores Ranging through the late nineteenth century the Belle Epoque the roaring twenties and the emancipatory post war years Rosemary Lancaster highlights the contributions of nine remarkable women to the cultural identity of the Riviera in its seminal rise to fame Embracing an array of genres she gives new focus to feminine writings never previously brought together nor as richly critically explored Fiction memoir diary letters even cookbooks and choreographies provide compelling evidence of the innovativeness of women who seized the challenges and opportunities of their travels in a century of radical social and artistic change *Edith Wharton in France* Claudine Lesage, 2018-10-23 Using previously unexamined and untranslated French sources Claudine Lesage has illuminated the intertwined characters and important relationships of Wharton's French life The bulk of the new material comes from the daybooks of Paul and Minnie Bourget Wharton's letters in French to Lugou and the author's personal research in Hyeres Highlights include letters used in Wharton's divorce proceedings and a mysterious autobiographical essay written by Wharton's lover Morton Fullerton Most significantly Wharton's friendship with Lugou absent from most Wharton biographies is for the first time fully recounted through their extensive intimate correspondence The year 1907 was a milestone in Edith Wharton's life and work Unlike Joseph Conrad who had virtually overnight forsaken his native land for an adopted one Mrs Wharton's transition required several years of shuttling back and forth across the Atlantic At first all of Europe beckoned to her but from 1907 on Wharton would claim Paris and after the war the French countryside as her home All the while her work long regarded as being exclusively American followed a similar trajectory **French Riviera and Its**

The Mother's Recompense Edith Wharton,2021-08-18 Opening on the French Riviera among a motley community of American expatriates *The Mother's Recompense* tells the story of Kate Clephane and her reluctant return to New York society after being exiled years before for abandoning her husband and infant daughter Edith Wharton was an American novelist short story writer playwright and designer Wharton drew upon her insider's knowledge of the upper class New York aristocracy to realistically portray the lives and morals of the Gilded Age In 1921 she was the first woman to win the Pulitzer Prize for Literature

Pastoral Cosmopolitanism in Edith Wharton's Fiction Margarida Cadima,2023-07-11 American novelist Edith Wharton 1862-1937 is best known today for her tales of the city and the experiences of patrician New Yorkers in the Gilded Age This book pushes against the grain of critical orthodoxy by prioritizing other species of spaces in Wharton's work For example how do Wharton's narratives represent the organic profusion of external nature Does the current scholarly fascination with the environmental humanities reveal previously unexamined or overlooked facets of Wharton's craft I propose that what is most striking about her narrative practice is how she utilizes adapts and translates pastoral tropes conventions and concerns to twentieth century American actualities It is no accident that Wharton portrays characters returning to or exploring various natural localities such as private gardens public parks chic mountain resorts monumental ruins or country estate follies Such encounters and adventures prompt us to imagine new relationships with various geographies and the lifeforms that can be found there The book addresses a knowledge gap in Wharton and the environmental humanities especially recent debates in ecocriticism The excavation of Wharton's words and the background of her narratives with an eye to offering an ecocritical reading of her work is what the book focuses on

[The Riviera, Exposed](#) Stephen L. Harp,2022-05-15 A sweeping social and environmental history The Riviera Exposed illuminates the profound changes to the physical space that we know as the quintessential European tourist destination Stephen L Harp uncovers the behind the scenes impact of tourism following World War II both on the environment and on the people living and working on the Riviera particularly North African laborers who not only did much of the literal rebuilding of the Riviera but also suffered in that process Outside of Paris the Riviera has been the most visited region in France depending almost exclusively on tourism as its economic lifeline Until recently we knew a great deal about the tourists but much less about the social and environmental impacts of their activities or about the life stories of the North African workers upon whom the Riviera's prosperity rests The technologies embedded in roads airports hotels water lines sewers beaches and marinas all required human intervention and travelers were encouraged to disregard this intervention Harp's sharp analysis explores the impacts of massive construction and public works projects revealing the invisible infrastructure of tourism its environmental effects and the immigrants who built the Riviera The Riviera Exposed unearths a gritty history one of human labor and ecological degradation that forms the true foundation of the glamorous Riviera of tourist mythology
