Edna Manley:

Edna Manley: Fifty Years a Sculptor Basil McFarlane, 1972 *Edna Manley, the Seventies* Edna Manley, David Boxer, 1980 *Jamaica in Pictures* Janice Hamilton, 2005-01-01 Discusses the land history government people and economy of Jamaica **EDNA MANLEY**, 1973 After the Postcolonial Caribbean Brian Meeks, 2023-01-20 Examines the history and possible futures of radical politics in the postcolonial Caribbean A book of rare beauty Bill Schwarz Professor at Queen Mary University of London Across the Anglophone Caribbean the great expectations of independence were never met From Black Power and Jamaican Democratic Socialism to the Grenada Revolution the radical currents that once animated the region recede into memory More than half a century later the likelihood of radical change appears vanishingly small on the horizon But what were the twists and turns in the postcolonial journey that brought us here And is there hope yet for the Caribbean to advance towards more just democratic and empowering futures After the Postcolonial Caribbean is structured into two parts In Remembering Brian Meeks employs an autobiographical form drawing on his own memories and experiences of the radical politics and culture of the Caribbean in the decades following the end of colonialism In Imagining he takes inspiration from the likes of Edna Manley George Lamming and Stuart Hall in reaching toward a new theoretical framework that might help forge new currents of intellectual and political resistance Meeks concludes by making the case for reestablishing optimism as a necessary cornerstone for any reemergent progressive movement Race, Class, and Political Symbols Anita M. Waters, 1985-01-01 Dr Waters is one of a new breed of analysts for whom the interpenetration of politics culture and national development is key to a larger integration of social research Race Class and Political Symbols is a remarkably cogent examination of the uses of Rastafarian symbols and reggae music in Jamaican electoral campaigns The author describes and analyzes the way Jamaican politicians effectively employ improbable strategies for electoral success She includes interviews with reggae musicians Rastafarian leaders government and party officials and campaign managers Jamaican democracy and politics are fused to its culture hence campaign advertisements reggae songs party pamphlets and other documents are part of the larger picture of Caribbean life and letters This volume centers and comes to rest on the adoption of Rastafarian symbols in the context of Jamaica's democratic institutions which are characterized by vigorous campaigning electoral fraud and gang violence In recent national elections such violence claimed the lives of hundreds of people Significant issues are dealt with in this cultural setting race differentials among Whites Browns and Blacks the rise of anti Cubanism the Rastafarians response to the use of their symbols and the current status of Rastafarian ideological legitimacy **Life and Work of Ludwig Lewisohn** Ralph Melnick, 2018-02-05 Lewisohn's efforts would later bear fruit in the Jewish renewal movement of the next generation **Women in Jamaican Music** Heather Augustyn, 2020-05-21 As the ubiquitous Jamaican musician Bob Marley once famously sang half the story has never been told This rings particularly true for the little known women in Jamaican music who comprise significantly less than half of the Caribbean nation's musical

landscape This book covers the female contribution to Jamaican music and its subgenres through dozens of interviews with vocalists instrumentalists bandleaders producers deejays and supporters of the arts Relegated to marginalized spaces these pioneering women fought for their claim to the spotlight amid oppressive conditions to help create and shape Jamaica s musical heritage

Modernism, the Visual, and Caribbean Literature Mary Lou Emery, 2007-02-15 This ambitious study offers a comprehensive analysis of the visual in authors from the Anglophone Caribbean Mary Lou Emery analyses works by George Lamming C L R James Derek Walcott Wilson Harris Jamaica Kincaid and David Dabydeen This study is an original and important contribution to both transatlantic and postcolonial studies

Women in Jamaica, 1997 The first detailed bibliography of books unpublished reports theses and articles written on women in Jamaica up to 1994 There is no limitation in scope except that newspaper articles are excluded as is material published after 1994 Most of the works identified were written after 1970 as the bulk of the research on women in Jamaica really had its genesis with the declaration of International Women s Year in 1975 Prior to that research seems to have been concentrated on the twin subjects of family and fertility Certain areas are yet to be tapped and recorded but the bibliography by identifying what already exists points to areas where material is lacking Introduction Women in Jamaica is intended for the practitioner the researcher and the tertiary level student and lecturer It cites over 600 works under topical headings such as Arts and Literature Biography Education Economic Conditions and Employment Family and Fertility Health Legal Issues Politics and Social Conditions This volume includes short listings of bibliographies periodicals and audiovisual material

Griffith, 2016-11-23 This book is the first to analyse how BBC radio presented Anglophone Caribbean literature and in turn aided and influenced the shape of imaginative writing in the region Glyne A. Griffith examines Caribbean Voices broadcasts to the region over a fifteen year period and reveals that though the program's funding was colonial in orientation the content and form were antithetical to the very colonial enterprise that had brought the program into existence Part literary history and part literary biography this study fills a gap in the narrative of the region's literary history Jamaica Kerry-Ann Morris, 2003 An overview of Jamaica including information on its geography history government social life and customs and relationship with the United States Afromodernisms Fionnghuala Sweeney, 2013-02-06 Makes a persuasive case for a black Atlantic literary renaissance and by interrogating blackness as an aesthetic and political category at critical moments during the twentieth century This is the first book length publication to explore the term Afromodernisms and the first study to address together the cognate fields of modernism and the black Atlantic Decolonizing the Colonial City Colin Clarke, 2006-08-31 In this sequel to *Kingston Jamaica Urban Development and Social Change 1692 to 1962* 1975 Colin Clarke investigates the role of class colour race and culture in the changing social stratification and spatial patterning of Kingston Jamaica since independence in 1962 He also assesses the strains created by the doubling of the population on labour and housing markets which are themselves important ingredients in urban social stratification Special attention is also given to colour class and race segregation to the formation of the Kingston ghetto to the role of politics in the creation of zones of violence and drug trading in downtown Kingston and to the contribution of the arts to the evolution of national culture A special feature is the inclusion of multiple maps produced and compiled using GIS geographical information systems The
