**Musical Illuminations of Genesis Narratives** Helen Leneman,2017-11-16 This volume examines the stories of Genesis

in music showing how musical settings can illuminate many of the Bible's most noted tales Helen Leneman studies oratorios, operas and songs as well as their librettos to shed light on how Genesis has been understood and experienced over time. Examining an extensive range of musical settings of stories from the book of Genesis, Leneman offers an overview of chiefly 19th and 20th century musical engagements with this biblical text. Leneman first discusses how Eve's inner thoughts are explored by noted French composers Jules Massenet and Gabriel Fauré. The text then enters the deep waters of Noah's flood in examination of several compositions including two unusual settings by Igor Stravinsky and Benjamin Britten as well as more conventional settings by Saint-Saëns and Donizetti. Two major 19th century oratorio settings of Abraham's story by lesser-known German composers Martin Blumner and Karl Mangold provide fascinating illuminations of the Abraham narratives whereas parts of Rebecca's story are found in works by César Franck, Ferdinand Hiller and most unusually by a French woman composer, Clémentine Carissac. Finally, Leneman shows how Joseph's story was set in numerous oratorios including by Handel but that one of the most important works based on his story is an opera by 18th century French composer Étienne Méhul. In addition to discussing these larger 19th century works, Leneman also examines several interesting atonal 20th century works based on the stories of Eve and the Flood, shedding new light on the history of the interpretation of the Book of Genesis.

*Merchant Adventurers* James Evans, 2013-09-12 A Tudor voyage of exploration an extraordinary story of daring discovery tragedy and pioneering achievement In the spring of 1553 three ships sailed north east from London into uncharted waters The scale of their ambition was breathtaking Drawing on the latest navigational science and the new spirit of enterprise and discovery sweeping the Tudor capital they sought a northern passage to Asia and its riches The success of the expedition depended on its two leaders Sir Hugh Willoughby a brave gentleman soldier and Richard Chancellor a brilliant young scientist and practical man of the sea When their ships became separated in a storm each had to fend for himself Their fates were sharply divided One returned to England to recount extraordinary tales of the imperial court of Tsar Ivan the Terrible The tragic mysterious story of the other two ships has to be pieced together through the surviving captain s log book after he and his crew became lost and trapped by the advancing Arctic winter This long neglected endeavour was one of the boldest in British history and its impact was profound Although the merchant adventurers failed to reach China as they had hoped their achievements would lay the foundations for England s expansion on a global stage As James Evans vivid account shows their voyage also makes for a gripping story of daring discovery tragedy and adventure
