Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings

reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs. This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective.      **Integrating Brain,**

**Mind, Soul, and Spirit** Eric John Parkins, 2025-04-29 Referring to major spiritual traditions, transpersonal psychology, neuropsychology, neuroscience, and modern physics, this book identifies and systematically integrates core ideas concerning psychospiritual development. Integrating Brain, Mind, Soul, and Spirit presents neuropsychological research on psychedelics with reference to mystical experience and Psi, extrasensory perception as an extension of cognitively controlled brain-based homeostasis. The book equates concepts from modern physics with perennial metaphysics concerning intelligent consciousness, evolution, and the transfer of energy and information. It also compares spiritual literature regarding consciousness, spirit, soul, and brain, mind, personality to neuropsychological and psychological literature concerning emotion, cognition, and altered states of consciousness. Finally, a nested neuro-psycho-spiritual control hierarchy is presented as an architecture for systematically integrating, describing, and understanding brain, mind, soul, and spirit, and neuro-psycho-spiritual development. Providing a modern multidisciplinary perspective and highlighting implications for psychiatry, psychotherapy, and education, this book is a must-read for students and researchers of transpersonal psychology, psychospiritual matters, and altered states of consciousness.

**Becoming a Channel of Creativity and Inspiration** Henry Reed, 2014-09-03 Whether you call it channeling, spiritual intelligence, inspiration, creativity, or intuition, we humans have available to us a level of awareness and intelligence that exists prior to any external education yet benefits from all your learning. This unique book describes many grounded and practical ways consistent with research in scientific psychology of developing a relationship with this human potential all within a spiritual or transpersonal philosophy that assumes that the purpose in life is for us to learn how to share our gifts and thereby come into an awareness of our essence as Creator.

**Silencing Satan** Sharon Beekmann, Peter G. Bolt, 2012-02-01 *Silencing Satan: A Handbook of Biblical Demonology* is about the nature and strategies of Satan and the demons and their defeat through the life, death, and resurrection of our Lord and Savior Jesus Christ. The book is for Christians in ministry, whether seminarians, pastors, Bible teachers, Christian counselors, or lay leaders. It is for all who desire an informed faith relevant to supernatural evil and the Gospel of Jesus Christ. Each chapter reflects extensive research and is succinctly written to enable believers to quickly grasp biblical truths that expose the lies and half-truths propagated by popular culture within and outside the church. The authors teach that when face-to-face with supernatural evil in its various guises, apparitions, voices, sensations, false doctrine, and immoral temptations, believers resist the devil and reflexively turn to Jesus and Scripture. They fight by living a radical life of faith expressed through love and obedience to Christ. As they do, God himself redeems the evil that Satan intends for his vainglory. God is building his church, and the gates of Hades will not prevail against her. Matt 16:18.      *The Art of Effortless Living* Ingrid Bacci, 2002-06-04 A graduate of Harvard and Columbia, Ingrid Bacci was a real achiever until a crippling disease took over.

her life for three years After embarking on a journey of healing using mind body techniques she realized the secret to health happiness and success was to let go of trying so hard and face the fear that had ruled her life Many of us are addicted to struggling and trying so hard to make things happen We feel emotionally dissatisfied and physically exhausted or even ill We have a nagging sense that there must be more to life than what we are getting We apply ourselves to reaching our goals only to find out that we pay a price in the form of stress and tension In *The Art of Effortless Living* Dr Bacci presents clear simple techniques for developing an effortless lifestyle Through breathing exercises meditation visualization bodywork and tapping into unconscious guidance you can learn how to achieve a more fulfilling life by doing less

[Silencing Satan: 13 Studies for Individuals and Groups](#) Sharon Beekmann,2013-02-12 The 13 lessons of this study guide help Christians develop an informed faith about supernatural evil and the gospel of Jesus Christ Each lesson refers the reader to significant teachings in *Silencing Satan Handbook of Biblical Demonology* In the book the authors teach about the nature and strategies of Satan and the demons and their defeat through the life death and resurrection of Jesus Christ They advocate resisting the devil in his various guises apparitions voices sensations false doctrine and immoral temptations by reflexively turning to Jesus Christ and Scripture The authors expose the half truths and lies propagated by popular culture They caution not to fill in gaps of understanding with extra biblical sources Does the study of Satan and the demons increase fear or give him too much attention In fact when presented from a biblical perspective such knowledge can increase faith in Jesus Christ and enable Christians to effectively serve God and his church Believers are challenged to live a radical life of faith expressed through love and obedience to Christ Seminarians pastors Bible teachers Christian counselors and lay leaders will find this study useful in individual and small group situations A leaders guide is available in the appendix

[Divination Through the Ages](#) Ellen Wallace Douglas,2012-09-04 Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace

**Rethinking Religion in the Theatre of Grotowski** Catharine Christof, 2017-03-27 This book opens a new interdisciplinary frontier between religion and theatre studies to illuminate what has been seen as the religious or spiritual nature of Polish theatre director Jerzy Grotowski's work It corrects the lacunae in both theatre studies and religious studies by examining the interaction between the two fields in his artistic output The central argument of the text is that through an embodied and materialist approach to religion developed in the work of Michel Foucault and religious studies scholar Manuel Vasquez as well as a critical reading of the concepts of the New Age a new understanding of Grotowski and religion can be developed It is possible to show how Grotowski's work articulated spiritual experience within the body achieving a removal of spirituality from ecclesial authorities and relocating spiritual experience within the body of the performer This is a unique analysis of one of the 20th Century's most famous theatrical figures As such it is a vital reference for academics in both Religion and Theatre Studies that have an interest in the spiritual aspects of Grotowski's work

*Books Out Loud* , 2007      *The Secret of Inner Presence* Lin Lipetz, 2012-04 The Secret of Inner Presence

begins with author Lin Lipetz's story of her spontaneous spiritual awakening in 1986. Her spiritual awakening created an immediate awareness of a loving Inner Presence within her heart and a connection to another higher level of peace, contentment and greater knowledge. She now knows that Inner Presence waits patiently to manifest itself within each person and much of *The Secret of Inner Presence* is about providing the keys to bring about that shift in consciousness. As each of the eleven keys is practiced and experienced, the transformation toward a more complete understanding of the core self will gradually evolve through the loving guidance of the conscious Universe. One of the eleven keys opens the way to intuitively listen to the many voices that will assist in this transformation of the core self through healing, new insights, dreams, problem solving and caring advice. Another key opens the way to deepen intuitively to the level of receiving messages from the Universe and possibly finding the guides that have been available since birth. This process is called Stream of Consciousness writing and the powerful dialogues and inspirational poems the author has received in this way for many years are found in each chapter. Chapter by chapter, each of the eleven keys is presented by both the spiritual Universe and the author to help guide the reader to a higher dimension of the self.

**Channeling** Jon Klimo, 1998-04-17. In this study of channeling, earlier called spirit communication or mediumship, Klimo, who teaches at Rosebridge Graduate School in the San Francisco Bay Area, writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it. He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses, Solomon, Muhammad, Merlin, Nostradamus, Swedenborg and Edgar Cayce. He discusses the sorts of people who are channels, kinds of information channeled, sources of information channeled and varieties of channeling like clairvoyance and automatic writing. According to Klimo, few people tap into their abilities to perform channeling and for those who think they can, he serves as guide.
