Richard Eyre Michael Frayn Sir David Hare Nicholas Hytner and Max Stafford Clark Promised End Seth C. Hawkins, 2019-08-05 Perhaps the most important difficult and unresolved issue in Shakespeare studies is the question of Lear's last lines the whole meaning of Shakespeare's greatest and most controversial tragedy depends upon it In the 1608 Quarto it is O o o o that zero to which the Fool compares Lear himself In the 1623 Folio the King's last words are Look on her Look her lips Look there look there No one but Lear sees what he points us to envision Is it epiphany or delusion Is Lear's tragedy nihilistic or redemptive In search of an answer Hawkins deploys a wide spectrum of critical approaches close scrutiny of the rival texts and comparison with the play's sources the unique double structure of Lear its symbols and imagery its visual and verbal scriptural allusions even its numerology The book enlists its readers in a quest for final meaning not unlike the movement of the play itself towards Dover and the extreme verge of its imagined cliff that high place where life borders upon death and earth meets sky and sea **The Changing Language of Modern English Drama 1945-2005** K. Dorney, 2009-09-29 An account of language and drama between 1945 and 2005 synthesizing linguistic and dramatic knowledge in order to illuminate the ways in which anxieties and attitudes toward language manifest themselves in discourses on and around English theatre of the time and how these anxieties and attitudes reflect back through the theatre of this period **Drama on Drama** Nicole Boireau, 1997-05-13 This book gives an in depth and invigorating analysis of reflexivity in recent British drama the way drama comments on drama The interplay of dramatic forms the cross fertilization of historical traditions are explored in relation to major contemporary authors and theatrical practices When drama takes itself as its own object of study it paradoxically highlights the most vital issues of its time Key questions are raised about the nature of theatricality in play writing and performance in this the first full length treatment of the subject **Alistair McDowall Plays 2** Alistair McDowall, 2025-08-21 ALISTAIR MCDOWALL uses language with virtuosity He folds it unfolds it dirties it mishandles it and in doing so he celebrates it It is as a poet that he uses writing to honour its promises to excite the imagination to stimulate play to provoke staging and to elevate the theatre Le Monde McDowall's plays are portals to the extraordinary Guardian X McDowall masterfully plants ideas that grow until they explode into extraordinary shapes Filthy humour breaks down into a cracked algorithm of letters and loss a play that will gnaw away at you The Stage The Glow A mind bending ambitious play which attempts impossible things demonstrating the power of theatre to bridge the gap between imagination and reality Exeunt all of it Genius an epic of inner life McDowall brilliantly captures how febrile consciousness scribbles around our spoken half truths Guardian Northleigh 1940 Quietly devastating McDowall is extraordinary at channelling his disturbing poetic vision of the characters hidden worlds The Times Zero for the Young Dudes A play for youth groups commissioned by the National Theatre and performed around the country in 2017 Shakespeare's Tragedies Emma Smith, 2008-04-15 This Guide steers students through the critical writing on Shakespeare's tragedies from the sixteenth century to the present day Guides students through four centuries of critical writing on Shakespeare's

tragedies Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further The Era Almanack, 1898 **Adapting Translation for the Stage** Geraldine Brodie, Emma Cole, 2017-07-06 Translating for performance is a difficult and hotly contested activity Adapting Translation for the Stage presents a sustained dialogue between scholars actors directors writers and those working across these boundaries exploring common themes and issues encountered when writing staging and researching translated works It is organised into four parts each reflecting on a theatrical genre where translation is regularly practised The Role of Translation in Rewriting Naturalist Theatre Adapting Classical Drama at the Turn of the Twenty First Century Translocating Political Activism in Contemporary Theatre Modernist Narratives of Translation in Performance A range of case studies from the National Theatre s Medea to The Gate Theatre s Dances of Death and Emily Mann s The House of Bernarda Alba shed new light on the creative processes inherent in translating for the theatre destabilising the literal performable binary to suggest that adaptation and translation can and do coexist on stage Chronicling the many possible intersections between translation theory and practice Adapting Translation for the Stage offers a unique exploration of the processes of translating adapting and relocating work for the theatre
