Education Of A Felon A Memoir:

Education of a Felon Edward Bunker, 2000-03-09 A masterful summation of the hard and brutal life of crime and prison from America's foremost chronicler of prison life Los Angeles Times In *Education of a Felon* the reigning champion of prison novelists finally tells his own story The son of an alcoholic stagehand father and a Busby Berkeley chorus girl Bunker was at seventeen the youngest inmate ever in San Quentin His hard won experiences on L A's meanest streets and in and out of prison gave him the material to write some of the grittiest and most affecting novels of our time From smoking a joint in the gas chamber to leaving fingerprints on a knife connected to a serial killer from Hollywood's steamy underside to swimming in the Neptune pool at San Simeon Bunker delivers a memoir as colorful as any of his novels and as compelling as the life he's lead Bunker writes in straight ahead unadorned prose and refreshingly he refrains from excessive psychologizing and sentimentalizing a rough hewn memoir by a rough hewn man The New York Times Book Review In this picaresque harrowing humorous yet deeply sad excursion through his dark starred youth Bunker arguably the most renowned convict writer in America serves as both participant in and witness to the mid century carnival of L A crime immortalized by James Ellroy a thought provoking and richly re created tale of a career criminal Publishers Weekly **The New York Times Book**

Reviews 2000 New York Times Staff, 2001 This anthology examines Love's Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource *California and the Politics of Disability, 1850-1970* Eileen V. Wallis, 2023-03-31 This book explores the political legal medical and social battles that led to the widespread institutionalization of Californians with disabilities from the gold rush to the 1970s By the early twentieth century most American states had specialized facilities dedicated to both the care and the control of individuals with disabilities Institutions reflect the lived historical experience of many Americans with disabilities in this era Yet we know relatively little about how such state institutions fit into specific regional state or local contexts west of the Mississippi River how those contexts shaped how institutions evolved over time or how regional institutions fit into the USA's contentious history of care and control of Americans with mental and developmental disabilities This book examines how medical social and political arguments that individuals with disabilities needed to be institutionalized became enshrined in state law in California through the creation of a bureaucracy of disability Using Los Angeles County as a case study the book also considers how the friction between state and county policy in turn influenced the treatment of individuals within such facilities Furthermore the book tracks how the mission and methods of such institutions evolved over time culminating in the 1960s with the birth of the disability rights movement and the complete

rewriting of California's laws on the treatment and rights of Californians with disabilities This book is a must read for those interested in the history of California and the American West and for anyone interested in how the intersections of disability politics and activism shaped our historical understanding of life for Americans with disabilities **Freedom without**

kind of sordid history that doesn't appear on postcards. Along with vintage cars and picnic baskets, Route 66 was a conduit humming with contraband and crackling with the gunplay of folks like Bonnie and Clyde, Jesse James and the Young brothers. It was also the preferred byway of lynch mobs, murderous hitchhikers and mad scientists. Stop in at places like the Devil's Elbow and the Steffleback Bordello on this trip through the more treacherous twists of the Mother Road.

Laboratory of Deficiency Natalie Lira, 2021-11-30. Pacific Colony, a Southern California institution established to care for the feeble-minded, justified the incarceration, sterilization and forced mutilation of some of the most vulnerable members of society from the 1920s through the 1950s. Institutional records document the convergence of ableism and racism in Pacific Colony. Analyzing a vast archive, Natalie Lira reveals how political concerns over Mexican immigration, particularly ideas about the low intelligence, deviant sexuality and inherent criminality of the Mexican race, shaped decisions regarding the treatment and reproductive future of Mexican origin patients. Laboratory of Deficiency documents the ways Mexican origin people sought out creative resistance to institutional control and offers insight into how race, disability and social deviance have been called upon to justify the confinement and reproductive constraint of certain individuals in the name of public health and progress.

The I Chong Tommy Chong, 2007-06-05. Comedian and cultural icon Chong's insightful personal memoir, inspired by his time in prison, reveals how his spiritual outlook on life and unique point of view helped him survive and emerge more determined.

The Social Order of the Underworld David Skarbek, 2014-06-03. When most people think of prison gangs, they think of chaotic bands of violent racist thugs. Few people think of gangs as sophisticated organizations often with elaborate written constitutions that regulate the prison black market, adjudicate conflicts and strategically balance the competing demands of inmates, gang members and correctional officers. Yet as David Skarbek argues, gangs form to create order among outlaws, producing alternative governance institutions to facilitate illegal activity. He uses economics to explore the secret world of the convict culture, inmate hierarchy and prison gang politics and to explain why prison gangs form, how formal institutions affect them and why they have a powerful influence over crime even beyond prison walls. The ramifications of his findings extend far beyond the seemingly irrational and often tragic society of captives. They also illuminate how social and political order can emerge in conditions where the traditional institutions of governance do not exist.

Quentin Tarantino FAQ Dale Sherman, 2015-02-01. Quentin Tarantino is a man who came to Hollywood and didn't break the rules so much as make plain that he didn't even notice them. Making the films he wanted to see, Tarantino broke through with *Reservoir Dogs* in 1992 and then cemented his reputation in 1994 with the release of *Pulp Fiction*. As his fame grew, he spread his love for movies that are far from commonplace through his promotion of older films and theaters and by reviving the stalled careers of actors such as John Travolta, Pam Grier and David Carradine. Quentin Tarantino FAQ examines the movies directed by Tarantino, the influences on his work and the inspiration he gave to others. There are also chapters on certain recurring elements in his films, from fake product placement to the music, actors and even cinematic moments used.

The book also reviews his work in television the articles written about him or by him over the years his acting career his public battles and some of the projects he abandoned along the way It all comes together to tell the story of a man who forged his own unique path and helped shape the way movies are made today **My Generation** William Styron, 2015-06-02
