Transformation in Western India B. B. Mohanty, 2018-10-11 This book examines the economic gains and social costs of agrarian transformation in India. The author looks at three phases of agrarian transformation: colonial, post colonial, and neoliberal. This work combines macro and micro economic data, economic and noneconomic phenomena, and quantitative and qualitative aspects while exploring the context of historical and contemporary changes with special reference to Maharashtra in western India. It discusses regional disparities in agricultural development, issues of modernisation and social inequality, land owning among scheduled castes and tribes, women in agriculture, pattern of labour migration, and farmer's suicides, and documents the experiences and conditions of the rural poor and socially weaker sections to provide a comprehensive understanding of the significant changes in agrarian rural economy of western India. It also discusses contemporary development policy and practices and their consequences. Lucid and topical, this volume will be useful to scholars and researchers of agrarian studies, rural sociology, social history, agricultural economics, development studies, political economy, political studies, and public policy, as well as planning and policy experts.

Economic History of Modern India S.N. Pandey, The studies on economic history of modern India had a very late beginning. During the early stage of historiography, a few historians recognized the connection between political and economic history, remained a chapter on economic conditions only. Causes and effects of economy were never analyzed. This book attempts to fill that gap. Examining the characteristic of a colonial economy, the book discusses the process of colonizing Indian economy, with special focus on monopolistic trade, banning of Indian products in Britain, transformation of trade after industrial revolution, and entry of foreign enterprises in India. It also extends an elaborate discussion on land settlement, revenue policies, commercialization of agriculture, decline of handicrafts, state of irrigation, development of transport and communication, and currency. Finally, it evaluates economic impact of British rule and addresses the issue of economic drain from India.
