The Political Impact of African Military Leaders Sabella Ogbobode Abidde, Felix Kumah-Abiwu, 2023-06-28 This edited volume examines the cases of four African military leaders who had enormous impact on the continent and beyond These military officers and later heads of state Jerry Rawlings of Ghana Moammar Gaddafi of Libya Thomas Sankara of Burkina Faso and Gamal Abdel Nasser of Egypt were provocative and polarizing figures beloved domestically but mostly viewed with suspicion and hostility by foreign governments This volume studies these leaders as a group engaging in a critical but systematic examination of their personalities leadership styles official performance legacies and their continuing impact on the future and political destiny of the continent Providing a survey of controversial but important African political figures this volume will be of use to scholars and students in the social sciences especially those interested in African history African studies military science Black studies political science leadership studies and the politics of developing nations

Political Impact of the Sino-U.S. Oil Competition in Africa Didier T. Djoumessi, 2009-01-15 The Political Impact of the Sino U S Oil Competition in Africa is an important contribution to the current discussions about the development and security implications of the US Sino competition for oil in Africa s petro states The book focuses on the impact of the growing role of China on these countries acceptance of Western policies in general and those of the U S in particular It uses recent U S attempts to promote democratic governance in countries like Chad Angola and Sudan to show how China s competing presence in these African petro states gradually reduced America s leverage over them It demonstrates that the level of these African countries vulnerability to Washington s policies depends on the intensity of the Sino U S competition within their oil sector The book also contributes to the corpus of theories on resource curse and interdependence through a rigorous review of existing literature which exposes the inadequacies of existing analyses and proffers new theoretical insights and methods of measuring inter state relations
