CAMBRIDGE UNIVERSITY PRESS

# Economic Querist

**G. C. Harcourt, Peter Kriesler**

## **Economic Querist:**

**Unknowledge and Choice in Economics** Stephen F. Frowen, 1990-06-18 A collection of papers discussing unknowledge and choice in economics The topics focus especially on G L S Shackle's theories and his place in subjectivist thought but also include time choice and dynamics in economics and interest rates and investment decisions **Markets, Unemployment**

**and Economic Policy** Philip Arestis, Gabriel Palma, Malcolm Sawyer, 2005-10-19 In this volume more than 40 leading economists pay tribute to and critically evaluate Geoff Harcourt's work Contributors include Tony Atkinson Tony Lawson Edward Nell and Ian Steedman **Foundations of Economic Method** Lawrence A. Boland, 2003-04-17 Many consider

Foundations of Economic Method to be Lawrence Boland's best work This updated edition is radically changed from the original and will be much appreciated by thinkers within economics The book positions methodology vis is the current practice of economists and is all the better for it Yet another book that not only deserves to be r **The ^AOxford**

**Handbook of Post-Keynesian Economics, Volume 2** G. C. Harcourt, Peter Kriesler, 2013-08-16 These two volumes cover the principal areas to which Post Keynesian economists have made distinctive contributions The contents include the significant criticism by Post Keynesians of mainstream economics but the emphasis is on positive Post Keynesian analysis of the economic problems of the modern world and of policies with which to tackle them Foundations of Economic Method

Lawrence A. Boland, 2020-09-23 Many consider Foundations of Economic Method to be Lawrence Boland's best work This updated edition is radically changed from the original and will be much appreciated by thinkers within economics The book positions methodology vis vis the current practice of economists and is all the better for it Yet another book that not only deserves to be read by those within the field of economic methodology but also by those involved in economics at all Boland is back **Critical Economic Methodology** Lawrence Boland, 2005-08-18 Lawrence Boland takes issue with both economic

methodologists and practicing economists He argues that there has been too much methodology for methodology's sake and that mainstream economics might benefit by using methodology to take a critical look at economic theory **Economics as**

**an Art of Thought** Peter Earl, S FROWEN, 2013-04-15 This volume unites scholars from all over the world and with very different theoretical perspectives Their chapters probe into typical Shacklean themes of time and money uncertainty and expectation and into the roots of G L S Shackle's philosophical and methodological stance **Pluralistic Economics and**

**Its History** Ajit Sinha, Alex M. Thomas, 2019-05-24 This volume is a history of economics as it was interpreted discussed and established as a discipline in the 20th century It highlights the pluralism of the discipline and brings together leading voices in the field who reflect on their lifelong work The chapters draw on a host of traditions of economic thought including pre classical classical Marxian neoclassical Sraffian post Keynesian Cantabrigian and institutionalist traditions in economics Further the volume also looks at the history of economics in India and its evolution as a discipline since the country's independence This book will appeal to students researchers and teachers of economics and intellectual history as well as to

the interested general reader      Marketing Theory Michael J Baker, Michael Saren, 2016-05-16 Marketing Theory introduces and explains the role of theory in marketing by uncovering its disciplinary underpinnings, subfields, discourses and debates. From strategy and ethics to digital marketing and consumer behaviour, leading marketing experts shine a light on what can be a challenging perspective of marketing. In this new Third Edition, there are up-to-date examples from global companies such as Pepsi, Amazon and H&M. Entirely new chapters on Digital and Social Media Marketing and Service-Dominant Logic, SD-L, and contributions from Global Specialists including Bob Lusch, Patrick Murphy and Susan Hart. Ideal for upper-level undergraduate and postgraduate marketing students studying marketing theory, critical marketing and the history of marketing modules.      **The Oxford Handbook of Post-Keynesian Economics, Volume 2** Geoffrey Colin Harcourt, Peter Kriesler, 2013-07 These two volumes cover the principal areas to which Post Keynesian economists have made distinctive contributions. The contents include the significant criticism by Post Keynesians of mainstream economics, but the emphasis is on positive Post Keynesian analysis of the economic problems of the modern world and of policies with which to tackle them.

*The 'Uncertain' Foundations of Post Keynesian Economics* Stephen Dunn, 2010-04-05 Pt 1 The uncertain foundations of post Keynesian economics; pt 2 The nature of uncertainty; pt 3 The future of post Keynesianism.      *Entrepreneurship and Taiwan's Economic Dynamics* Fu-Lai Tony Yu, 2012-04-02 Taiwan's economic success is well known and considered to be one of the East Asian Miracles by the World Bank. This book examines the contributions of dynamic entrepreneurs to the economic development of Taiwan. It adopts Austrian theories of entrepreneurship and market process as a major analytical framework. Specifically, it focuses on knowledge and coordination problems. It examines how entrepreneurs identify and pursue profit opportunities and how their efforts have enhanced Taiwan's economic dynamics. This book sheds new light on the economic development of Taiwan.      *On Political Economists and Political Economy* Professor Geoffrey Harcourt, 2013-10-08 Included in this volume are papers which are recognized as some of the foundations of post Keynesian Economics, analysing problems set in historical time and starting from real-world observations. The book reflects Geoffrey Harcourt's contribution to economic debate over more than three decades. It also includes intellectual biographies of some of the most prominent and leading unorthodox economists such as Kenneth Boulding, Eric Russell and Lorie Tarshis.

**Wrestling with Time** Martin Currie, Ian Steedman, 1990      **Economists in Discussion** S. Frowen, 2004-04-27 This volume contains the correspondence between G. L. S. Shackle and S. Frowen from the time Shackle took up his first post-war academic appointment until his death in 1992. The correspondence, partly personal and partly professional, reveals a vital insight into Shackle both as a man and as an outstanding economist. His letters illuminate his thoughts on issues occupying his mind but also show the warmth and tremendous generosity he felt towards his friends. The centenary of Shackle's birth in 2003 seems an appropriate time for the publication of his letters.      **Some Cambridge Controversies in the Theory of Capital** G. C. Harcourt, 2022-06-02 The Cambridge Capital Controversy was one of the most significant debates in Twentieth

Century economics First published in 1972 this book provides an accessible reconstruction of the controversy with detailed discussion of the major points raised by its primary protagonists Piero Sraffa and Joan Robinson on the post Keynesian side Cambridge UK and Robert Solow and Paul Samuelson on the neo classical side Cambridge MA The book is now considered to be a classic This fiftieth anniversary edition comes with a new preface by the author and two new afterwords that reflect on the author s contribution to the field and the significance of the book in the history of economics Topics covered include the measurement of capital the revival of interest in Irving Fisher s rate of return on investment the double switching debate Sraffa s prelude to a critique of neoclassical theory and the new theories of the rate of profits in capitalist society **New**

**Directions in Post-Keynesian Economics** John Pheby,1989-01-01 In all New Directions in Post Keynesian Economics proves that the intellectual vision for the realization of the Keynesian revolution is abundant John Hillard European Association for Evolutionary Political Economy Newsletter The Pheby edited essays should prove useful to anyone interested in post Keynesian economics The level of exposition makes them accessible to advanced undergraduates without being too pedestrian for scholars in the field Dudley Dillard The Eastern Economics Journal **Writers Directory** NA NA,2016-03-05

**An Encyclopedia of Keynesian Economics, Second edition** Thomas Cate,2013-01-01 Acclaim for the first edition This easy to read collection tells the whole story Filled with short well written pieces the encyclopedia covers the names and ideas that preceded Keynes that carried his work to the center of the profession and that eventually supplanted him there There are excellent and unexpected articles on the Austrian school the Lausanne school and the Ricardo effect There are well done pieces on all the basic theoretical models at the heart of Keynesianism the volume has been well put together The editors deserve special praise for letting each contributor tell his own story Those who oppose Keynes s ideas are just as well represented as those who carry the torch for him This evenhandedness helps to ensure a volume that is truly representative and that will allow its users to get a full picture of the life and times of Keynesian economics Bradley W Bateman Grinnell College US The book will also be of some interest to serious scholars partly because it includes biographies of many economists too young to have been included in the New Palgrave such as Dornbusch Fisher Herschel Grossman Kregel Lucas and Robert Townsend It also includes some very interesting longer essays Peter Howitt The Economic Journal This book provides an excellent summary of the many strands of Keynesian style thought both before and after 1936 Its well considered entries take care to make explicit the assumptions and fundamental points of difference between theories too often concealed by the parents and advocates of specific theories in their zeal to promote the universality of the ideas There is scarcely an entry that suffers from wordiness and repetition the reader s scarce time is not abused Elizabeth Webster Economic Record This reviewer found using this source exhilarating and endowed with additional interest in view of the 1997 discussion on the inclusion or noninclusion of Keynesian economics in introductory economics textbooks The editors should be applauded for helping to preserve a part of intellectual heritage Bogdan Mieczkowski American Reference Books It is the best single

reference source on Keynesian economics and will be welcomed by students and teachers in economics as well as scholars in related social sciences and government policy makers Educational Book Review This thoroughly revised and updated second edition of a highly acclaimed and authoritative reference work introduces the major concepts in the field of Keynesian economics The comprehensive Encyclopedia features accessible informative and provocative contributions by leading international scholars working in the tradition of Keynes It brings together widely dispersed yet theoretically congruent ideas presents concise biographies of economists who have contributed to the debate on Keynes and the Keynesian Revolution and outlines the basic principles models and tools used to discuss the economic consequences of The General Theory Longer entries on specific topics associated with Keynes and the Keynesian Revolution analyse the principal factors that contributed to The General Theory the economics of Keynes and the rise and apparent decline of Keynesian economics in greater detail The second edition will ensure that An Encyclopedia of Keynesian Economics will remain the best single reference source on Keynesian economics and will continue to be welcomed by academics students and teachers of economics as well as by scholars in related social sciences and government policymakers      Post-Keynesian Essays in Biography G C Harcourt, 2016-07-27 This volume is a collection of intellectual biographies of economists which the author has written over the last 16 years There are four categories accounts of Cambridge greats Joan Robinson Piero Sraffa Nicholas Kaldor Richard Kahn oral histories of Lorie Tarshis George Shackle Kenneth Boulding and Richard Goodwin memoirs of close friends of the author who have died and shorter essays which include John Hicks James Meade Brian Reddaway Arthur Smithies Heinz Arndt and J M Keynes

## **Economic Querist Introduction**

In today's digital age, the availability of Economic Querist books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Economic Querist books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Economic Querist books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Economic Querist versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Economic Querist books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Economic Querist books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Economic Querist books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Economic Querist books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Economic Querist books and manuals for download and embark on your journey of knowledge?

### **FAQs About Economic Querist Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Economic Querist is one of the best book in our library for free trial. We provide copy of Economic Querist in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Economic Querist. Where to download Economic Querist online for free? Are you looking for Economic Querist PDF? This is definitely going to save you time and cash in something you should think about.
