Economic Dynamics Modern Revivals In Economics S

Joseph Halevi

Economic Dynamics Modern Revivals In Economics S:

Revival: The Megacorp and Oligopoly: Micro Foundations of Macro Dynamics (1981) Alfred S. Eicher, 2017-09-29 This title was first published in 1976 This book provides both an explanation of the inflation which has bedeviled economic policy in the West since the end of World War II and a micro economic theory to purge Keynesian models of the Walrasian strain derived from Marshall's Principles By focusing on what is taken to be the representative business firm of the twentieth century the large corporation or megacorp the microeconomic model presented in the book reverses the usual assumptions of economic analysis Instead of assuming the existence of firms with no control over prices the book examines how the megacorp uses its pricing power to finance its own internal rate of growth The result is a determinant model of how prices are set under the sort of oligopolistic conditions which prevail in most modern industries throughout the world

Post-COVID Economic Revival, Volume I Vladimir S. Osipov, 2022-01-01 This two volume book examines the most important global problem the recovery of the social economic crises due to the COVID 19 pandemic This economic crisis has its own basis and differs from others by the lockdown of most businesses on the decision of authorities The uncertainty of the future economic revival obliges scientists around the world to unite in search of effective solutions that will become the basis for prosperity and human wellbeing The death of millions of people around the world several waves of coronavirus and a global pandemic have forced most states to seek extraordinary measures to save people and revive economic activity The world economy experienced a global shock probably never experienced before due to lockdowns The disruptions and gaps in the value chains were primarily caused by the lockdowns of enterprises The change in the essence of the economic crisis has raised the question of how to overcome it and revive economic activity The crisis caused a sharp decline in incomes of the population around the world which led to social upheavals Post COVID economic revival in a globalized world has become the most important problem of our time This book offers contributions of authors from different countries and explores problem solving in the fields of public administration Volume I Part I financial services Volume I Part II different branches Volume II Part III and the social sector Volume II Part IV The first volume discusses governmentality public and corporate management The second part of the volume reveals the trends in the development of the financial sector in the post COVID period Despite the fact that the book is divided into two volumes and four parts a holistic and systematic perception of the new reality of the post COVID age can be obtained by reading the entire book This book will be of interest to academics and practitioners in public administration and economics particularly those who are interested in Post COVID economic revival Collapse and Revival Mr. Ayhan Kose, Mr. Marco E. Terrones, 2015-12-16 As the debates about the recent global recession and the subsequent recovery have clearly shown our understanding of these questions has been very limited This comprehensive text puts the latest global recession and ongoing recovery in perspective With the support of a companion website and DVD we have created several multimedia tools to help understand the basics *On Political Economists and Modern Political*

Economy Geoffrey Colin Harcourt,2003 This book reflects Geoff Harcourt's contribution to economic debate over more than three decades It also includes intellectual biographies of some of the most prominent and leading unorthodox economists

A Modern Guide to Keynesian Macroeconomics and Economic Policies Eckhard Hein,Engelbert Stockhammer,2011-01-01 This well documented book will prove to be the essential guide for researchers and graduate students in macroeconomics and political economy It will also prove inspiring to a wider audience interested in modern Keynesian macroeconomics

Post-COVID Economic Revival, Volume II Vladimir S. Osipov,2022-01-12 This two volume book examines the most important global problem the recovery of the social economic crises due to the COVID 19 pandemic This economic crisis has its own basis and differs from others by the lockdown of most businesses on the decision of authorities The uncertainty of the future economic revival obliges scientists around the world to unite in search of effective solutions that will become the basis for prosperity and human wellbeing The death of millions of people around the world several waves of coronavirus and a global pandemic have forced most states to seek extraordinary measures to save people and revive economic activity The world economy experienced a global shock probably never experienced before due to lockdowns The disruptions and gaps in the value chains were primarily caused by the lockdowns of enterprises The change in the essence of the economic crisis has raised the question of how to overcome it and revive economic activity The crisis caused a sharp decline in incomes of the population around the world which led to social upheavals Post COVID economic revival in a globalized world has become the most important problem of our time This book offers contributions of authors from different countries and explores problem solving in the fields of public administration Volume I Part I financial services Volume I Part II different branches Volume II Part III and the social sector Volume II Part IV The second volume of the book is devoted problems in sectors of the economy such as agriculture tourism aircraft the automotive industry electricity culture etc The second part of the second volume examines trends in the revival in the social sector medicine pharmaceuticals the labor market and social insurance Despite the fact that the book is divided into two volumes and four parts a holistic and systematic perception of the new reality of the post COVID age can be obtained by reading the entire book This book will be of interest to academics and practitioners in public administration and economics particularly those who are interested in Post COVID economic revival *Sraffa and Modern Economics Volume II* Roberto Ciccone,Christian Gehrke,Gary Mongiovi,2012-03-29 Analyzing Sraffa one of the key figures in the history of economics this book explores his legacy and the relevance of his thought for modern economics Written by an array of internationally respected contributors including Schefold Aspromourgos Nell and Kurz it is an invaluable tool for all those studying the history of economic thought The Cambridge Revival of Political Economy Nuno Ornelas Martins,2013-10-23 The marginalist revolution of the late nineteenth century consolidated what Karl Marx and Piero Sraffa called vulgar economy bringing with it an emphasis on a scarcity theory that replaced the classical surplus theory However the classical political economy of Adam Smith and David Ricardo has been revived within the Cambridge economic

tradition This book looks at how different branches of the Cambridge economic tradition have focused on various aspects of this revival over time The author shows that classical political economy is distinct from vulgar political economy in terms of its economic social and ethical theory with each difference resting on an issue of ontology Structured in three parts the book examines the central contested aspects of these theories namely the nature of value the relationship between human beings and social structure and the nature of human wellbeing The Cambridge Revival of Political Economy will be relevant to students and researchers within the fields of political economy history of economic thought politics and philosophy

The Cambridge Economic History of Modern Britain: Volume 2, Growth and Decline, 1870 to the Present Roderick Floud, Jane Humphries, Paul Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 2 tracks the development of the British economy from late nineteenth century global dominance to its early twenty first century position as a mid sized player in an integrated European economy Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and how to apply quantitative methods The chapters re examine issues of Britain s relative economic growth and decline over the long twentieth century setting the British experience within an international context and benchmark its performance against that of its European and global competitors Suggestions for further reading are also provided in each chapter to help students engage thoroughly with the topics being discussed

The Cambridge Economic History of Modern Britain Roderick Floud, Jane Humphries, Paul Johnson, 2014-10-09 A new edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 2 tracks the development of the British economy from late nineteenth century global dominance to its early twenty first century position as a mid sized player in an integrated European economy Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and how to apply quantitative methods The chapters re examine issues of Britain s relative economic growth and decline over the long twentieth century setting the British experience within an international context and benchmark its performance against that of its European and global competitors Suggestions for further reading are also provided in each chapter to help students engage thoroughly with the topics being discussed

Post Keynesian Economics Therese Jefferson, John E. King, 2024-02-12 This erudite book offers an extensive overview of the most important debates taking place amongst Post Keynesian economists acknowledging the vital contribution Post Keynesians have made to theoretical and policy discourse in the 21st century Bringing together distinguished experts from across the globe *Post Keynesian Economics Key Debates and Contending Perspectives* discusses the profound questions of heterodox economic theory and their far reaching implications for economic policy

Modern Political Economics Yanis Varoufakis, Joseph Halevi, Nicholas J. Theocarakis, 2012-03-29 Once in a while the world

astonishes itself Anxious incredulity replaces intellectual torpor and a puzzled public strains its antennae in every possible direction desperately seeking explanations for the causes and nature of what just hit it 2008 was such a moment Not only did the financial system collapse and send the real economy into a tailspin but it also revealed the great gulf separating economics from a very real capitalism Modern Political Economics has a single aim To help readers make sense of how 2008 came about and what the post 2008 world has in store The book is divided into two parts The first part delves into every major economic theory from Aristotle to the present with a determination to discover clues of what went wrong in 2008 The main finding is that all economic theory is inherently flawed Any system of ideas whose purpose is to describe capitalism in mathematical or engineering terms leads to inevitable logical inconsistency an inherent error that stands between us and a decent grasp of capitalist reality The only scientific truth about capitalism is its radical indeterminacy a condition which makes it impossible to use science's tools e.g. calculus and statistics to second guess it The second part casts an attentive eye on the post war era on the breeding ground of the Crash of 2008 It distinguishes between two major post war phases The Global Plan 1947-1971 and the Global Minotaur 1971-2008 This dynamic new book delves into every major economic theory and maps out meticulously the trajectory that global capitalism followed from post war almost centrally planned stability to designed disintegration in the 1970s to an intentional magnification of unsustainable imbalances in the 1980s and finally to the most spectacular privatisation of money in the 1990s and beyond Modern Political Economics is essential reading for Economics students and anyone seeking a better understanding of the 2008 economic crash

Contemporary Macroeconomics Vasili Erokhin, Gao Tianming, Jean Vasile Andrei, 2023-07-01 This book covers a lot of ground in contemporary macroeconomics from fundamental theories such as market structures and equilibrium to emerging concepts that reflect the most critical challenges of modern times including economic slowdowns the resilience of public health systems digitalization environmental footprints and many more The COVID 19 outbreak has aggravated the recurrent problems of poverty and income inequality between countries food insecurity and hunger unemployment and social disorders that have resulted in the exacerbation of political economic and trade tensions between countries In view of the damaging consequences of the pandemic for the entire global economy the book examines how existing macroeconomic tools and policies could be adapted to the new normal to ensure sustainable post pandemic development and growth The main text is interspersed with real life illustrations and cases that demonstrate practical implications of the concepts under study This makes the reading relevant and active Every chapter starts with learning objectives and ends with a series of questions and quizzes that enable easier reinforcement of the course content This book is written mainly for students but it would be much useful to the broader public audience including postgraduates researchers and business people who will be able to learn all recent updates about macroeconomics and the post pandemic perspectives of the global economy Keynes, Post-Keynesianism and Political Economy Peter Kriesler, Claudio Sardoni, 1999-11-11 Collected here are wide ranging

contributions to economics in general and to post Keynesian economics in particular by leading economists

Forthcoming Books Rose Army,1994-02 **Competing Schools of Economic Thought** Lefteris Tsoulfidis,2024-08-01

This book presents a comprehensive overview of the development of various schools of economic thought Written for students of economics and anyone interested in the history of economics it introduces the economic thinking of major economists including Adam Smith David Ricardo Karl Marx and John Maynard Keynes and explains how classical economics and modern schools of economic thought evolved also in relation to the social conditions and real economic problems they were trying to address It covers topics such as the evolution of classical economics the marginal revolution the theory of capital and the Cambridge controversies Keynes s General Theory the neoclassical synthesis and the history of macroeconomics The author also reflects on the contemporary influence of various schools of economic thought and what answers they offer to present day problems The second edition is completely updated and offers two new chapters one on the methodology of economics and another on economic growth The final chapter presents and critically evaluates developments in macroeconomics in the years after the Great Recession

The Palgrave Handbook of Political Economy Ivano Cardinale,Roberto Scazzieri,2018-08-16 This book is a major contribution to the study of political economy With chapters ranging from the origins of political economy to its most exciting research fields this handbook provides a reassessment of political economy as it stands today whilst boldly gesturing to where it might head in the future This handbook transcends the received dichotomy between political economy as an application of rational choice theory or as the study of the causes of societies material welfare outlining a broader field of study that encompasses those traditions This book will be essential reading for academics researchers students and anyone looking for a comprehensive reassessment of political economy

Post-Keynesian Essays from Down Under Volume IV: Essays on Theory G. Harcourt,Peter Kriesler,Joseph Halevi,John Nevile,2019-03-15 Joseph Halevi G C Harcourt Peter Kriesler and J W Nevile bring together a collection of their most influential papers on post Keynesian thought Their work stresses the importance of the underlying institutional framework of the economy as a historical process and therefore of path determinacy In addition their essays suggest the ultimate goal of economics is as a tool to inform policy and make the world a better place with better being defined by an overriding concern with social justice Volume IV explores theory

Beyond the Steady State Joseph Halevi,1992-06-18 The essays in this book seek to identify the mechanisms that determine the extent and nature of economic growth The subject is addressed under four headings demand determined growth technical change traverse and growth cycles

Challenges of the Modern Economy Yakhya G. Buchaev,Arsen S. Abdulkadyrov,Julia V. Ragulina,Arutyun A. Khachatryan,Elena G. Popkova,2023-07-03 The book focuses on a systemic study of the challenges of the modern economy and related problems and areas of sustainable development of countries regions and businesses with particular attention paid to the new prospects offered by the spread of digital technology The book s contribution to the literature is that it

reveals the specifics and digital perspectives of supporting the SDGs in the economy at every level of the economy country regional and corporate considering sectoral specificities this is reflected in six parts of the book Part 1 identifies contemporary challenges of the modern economy as barriers to sustainable development Part 2 reflects the future direction of sustainable development of the countries Part 3 considers the problems and prospects for sustainable development of regions Part 4 focuses on the problems and prospects for the sustainable development of enterprises and industries Part 5 sheds light on the economic and legal foundations and cooperative mechanisms of sustainable development Part 6 offers recommendations for enhancing the use of digital technologies offered by Industry 4.0 to support the SDGs Scientists whose research interests include sustainable economic development are the primary target audience for this book For the primary target audience the book forms a systemic view of the global challenges of sustainable development and offers a set of scientific and methodological recommendations to provide an effective response to these challenges at every level of the economy An additional audience for the book is practicing experts who will find international best practices and applied recommendations to support sustainable economic development and implementation of the SDGs in the practice of state national regulation and public administration of the region and corporate in various industries management

Economic Dynamics Modern Revivals In Economics S Introduction

In the digital age, access to information has become easier than ever before. The ability to download Economic Dynamics Modern Revivals In Economics S has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economic Dynamics Modern Revivals In Economics S has opened up a world of possibilities. Downloading Economic Dynamics Modern Revivals In Economics S provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economic Dynamics Modern Revivals In Economics S has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economic Dynamics Modern Revivals In Economics S. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economic Dynamics Modern Revivals In Economics S. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economic Dynamics Modern Revivals In Economics S, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download

Economic Dynamics Modern Revivals In Economics S has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
