importance to society this volume considers the future of outdoor recreation and potential social economic political and technological developments Environmental Principles And Ethics (With Field Trip Guide) Ming H Wong, Frank W K Lee, Martin K F Fung, 2006-08-31 This book with the accompanying field trip guide aims to foster environmental literacy of non science students and to train them to look at environment related issues from a critical perspective With these books students will obtain knowledge on fundamental environmental ethics and the principles involved They will be in a position to apply these ethical principles in debates on local and global environment related issues The issues covered in the book include natural science resources management food safety public health sustainable development ecotourism nature conservation and ecological footprint as well as other current environment related issues in Hong Kong and South China The field trip guide aims to make use of the natural environment and other related premises as outdoor classrooms to illustrate the importance of conservation and environmental principles Both books could be used as reference materials by academic institutions non profit organizations and government departments They include practical educational materials on the life sciences and will help enhance readers knowledge of the environment Managing Educational Tourism Christopher P. Cooper, 2003-01-09 Increasingly tourists are seeking learning and educational holidays This interest has led to the provision of tourism product with some form of learning or education as an integral component including cultural heritage tourism and ecotourism The growth of offshore education and lifelong learning has stimulated cross border movement for language learning school excursions and university student travel Reflecting this growth in educational tourism types the author outlines the main forms of educational tourism their demand and supply characteristics their impacts and the management issues associated with them taking a holistic systems based perspective The book argues that without adequate research and appropriate management of educational forms of tourism the potential regional development impacts and personal learning benefits will not be maximised The book highlights the need for collaboration and networking between both the tourism and education industries to adequately manage the issues surrounding the growth in educational tourism Codes of Ethics in Tourism David A. Fennell, David Malloy, 2007-05-16 With ethics fast becoming a mainstay in tourism studies and the tourism industry in general this volume provides a timely and intensive look at the theory and practice of codes of ethics in tourism While the book includes a broad overview of what has been done to date in tourism studies in the area of code development and implementation it ranges much more widely to incorporate theoretical work from outside the tourism field This interdisciplinary approach serves two essential purposes First it furnishes the study of tourism codes of ethics with a theoretical foundation which up to the present has been lacking Second it affords tourism scholars the opportunity to investigate codes in tourism from a multiplicity of perspectives with direct relevance to the industry at many levels Activating Critical Thinking to Advance the Sustainable Development Goals in Tourism Systems Karla A. Boluk, Christina T. Cavaliere, Freya Higgins-Desbiolles, 2021-05-12 Activating Critical Thinking to Advance the Sustainable Development Goals

in Tourism Systems focuses on the role of critical thinking and inquiry in the implementation of the 2030 Sustainable Development Goals SDGs in tourism systems The impetus for the development of this book emerged from the declaration by the United Nations UN General Assembly of 2017 as the International Year of Sustainable Tourism for Development This declaration purposely positions tourism as a tool to advance the universal 2030 Agenda for Sustainable Development and the 17 SDGs thus mutually serving as an opportunity and responsibility to appraise from a critical lens what the SDGs signify and how they can be understood from multiple perspectives The chapters in the book foster the next phase of sustainable tourism scholarship that actively considers the interconnections of the UN s SDGs to tourism theory and praxis and activates critical thinking to analyze and advance sustainability in tourism systems It articulates the need for the academy to be more intrinsically involved in ongoing iterations of multilateral accords and decrees to ensure they embody more critical and inclusive transitions toward sustainability as opposed to market driven neoliberal directives The contributions in this book encourage various worldviews challenging shaping and more critically reflecting the realities of global communities as related to and impacted by sustainable tourism development The chapters in this book were originally published as a special issue of the Journal of Sustainable Tourism

The Demilitarized Zone (DMZ) of Korea Kwi-Gon Kim, 2013-08-28 Untouched since 1953 the Korean DMZ Demilitarized Zone has transformed itself into one of the few ecologically pristine zones and a vital habitat for endangered species Often cited as a potential peace park it could one day be a common ground for reconciliation and harmony A wealth of data and information has been produced over time documenting significant aspects of the DMZ and its implications for human and ecological security both in Korea and worldwide However there is no single book in English that brings together the findings on the mechanism of evolution the ecology and biodiversity of the DMZ The DMZ of Korea by Kwi Gon Kim is the first step in this direction It seeks to link scientific information and policy making for the future DMZ ecosystem management taking into account the fact that the area has become over the years a natural treasure as a habitat for rare birds and other wildlife and a fertile environment for a thriving plant community It also provides a framework for ensuring the long term sustainability of the DMZ The book holistically describes the current environmental status of the DMZ and identifies bioregions resources habitats and species By outlining the current scientific data and information needed to classify the different wetland types assess the biological integrity understand the threat factors and to suggest conservation and management strategies the book provides a one stop shop scientific and policy source of information which will undoubtedly be of great interest to students researchers practitioners and policy decision makers in the areas of planning natural resource management public management ecology landscape architecture geography and the life sciences Prof Dr Kwi Gon Kim obtained his Ph D at UCL University of London UK He is a professor emeritus at Seoul National University and the Co President of the Korea DMZ Council in Seoul Korea
