Keener,2011-11-01 Christianity Today 2013 Book Award Winner Winner of The Foundation for Pentecostal Scholarship s 2012 Award of Excellence 2011 Book of the Year Christianbook com s Academic Blog Most modern prejudice against biblical miracle reports depends on David Hume s argument that uniform human experience precluded miracles Yet current research shows that human experience is far from uniform In fact hundreds of millions of people today claim to have experienced miracles New Testament scholar Craig Keener argues that it is time to rethink Hume s argument in light of the contemporary evidence available to us This wide ranging and meticulously researched two volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports *Prophecy*

in the Ancient Near East Jonathan Stökl, 2013-02-06 Since the 1990s there has been an emphasis on the study of ancient Israelite prophecy in its ancient Near East context Prophecy in the Ancient Near East is the first book length study that compares prophecy in the ancient Near East by focusing on texts from Mari the Neo Assyrian State Archives and the Hebrew Bible The author analyzes prophecy in each culture independently before comparisons are made This method demonstrates how prophecy is a part of the wider system of divination but also shows where scholarship has unduly imported concepts found in one corpus to the other two This method for example calls into question the supposed link between music and prophecy from the Hebrew Bible to the ancient Near East This work provides an up to date analysis of ancient Near Eastern including Israelite and Judean prophecy to scholars and students alike I thoroughly enjoyed reading the book and I can highly recommend it to anyone interested in prophecy in Israel and the ancient Near East Lena Sofia Tiemeyer University of Aberdeen Review of Biblical Literature The content of Jonathan Stökl's book testifies to the value of the book for the studies of prophecy in the ancient Near East Wojciech Pikor John Paul II Catholic University of Lublin The Biblical Annals

The Culture of Sex in Ancient China Paul R. Goldin, 2001-10-31 The subject of sex was central to early Chinese thought Discussed openly and seriously as a fundamental topic of human speculation it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships This sophisticated and long standing tradition however has been all but neglected by modern historians In The Culture of Sex in Ancient China Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B C to A D 400 A survey of major pre imperial sources including some of the most revered and influential texts in the Chinese tradition reveals the use of the image of copulation as a metaphor for various human relations such as those between a worshiper and his or her deity or a ruler and his subjects In his examination of early Confucian views of women Goldin notes that while contradictions and ambiguities existed in the articulation of these views women were nevertheless regarded as full participants in the Confucian project of self transformation He goes on to show how assumptions concerning the relationship of sexual behavior to political activity assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book led to increasing attempts to regulate sexual behavior throughout the Han dynasty Following the fall of the Han this ideology was rejected by the aristocracy who continually resisted claims of sovereignty made by impotent emperors in a succession of short lived dynasties Erudite and immensely entertaining this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures

Jesus and Magic Richard A. Horsley, 2014-10-27 It has become standard in modern interpretation to say that Jesus performed miracles and even mainline scholarly interpreters classify Jesus's healings and exorcisms as miracles Some highly regarded scholars have argued more provocatively that the healings and exorcisms were magic and that Jesus was a magician As Richard Horsley points out if we make a critical comparison between modern interpretation of Jesus's healing

and exorcism on the one hand and the Gospel stories and other ancient texts on the other hand it becomes clear that the miracle and magic are modern concepts products of Enlightenment thinking Jesus and Magic asserts that Gospel stories do not have the concepts of miracle and magic What scholars constructed as magic turns out to have been ritual practices such as songs incantations medicines potions and appeals to higher powers for protection Horsley offers a critical reading of the healing and exorcism episodes in the Gospel stories This reading reveals a dynamic relationship between Jesus the healer the trust of those coming for healing and their support networks in local communities Horsley s reading of the Gospel stories gives little or no indication of divine intervention Rather the healing and exorcism stories portray healings and exorcisms
