*Ecoterrorism* Kathleen McFall, 2005-04 The roots and motivations of the underground ecoterrorism movement are presented in this insightful look at a growing activist cause Interviews and profiles of alleged Earth Liberation Front ELF members including Jeffrey Free Luers currently serving a 20 year term for arson aboveground spokesperson Leslie James Pickering and the self styled modern day Robin Hood Craig Rosebraugh reveal ELF s basic organizational structure philosophies and spiritual thread of nature worship Emerging academic theories are presented on the future of environmental politics detailing Western society s evolution from an exploiter of natural resources to an entity founded upon the principles of ecological democracy natural capital and resource sustainability [PSI Handbook of Business Security](#) W. Timothy Coombs, 2007-12-30 In the most comprehensive practical handbook on business security to date security and subject matter experts show how organizations can prevent or manage crises protect employees overseas control privacy issues deal with natural disasters keep electronic communication safe from prying eyes or malice avoid workplace violence and acts of terror assess risk train employees in security issues and manage dozens of other things prudent managers need to know to protect their organizations from the unthinkable Two volumes cover everything necessary to keep people infrastructure and systems safer Volume 1 Securing the Enterprise Volume 2 Securing People and Processes Covering all dimensions of security in the twenty first century the PSI Handbook of Business Security offers case examples practical checklists templates sidebars a glossary resources and primary documents all designed to keep both employees and infrastructure safe when trouble strikes And strike it will making this essential reading for security experts senior executives line and HR managers and anyone else with a corporate responsibility for infrastructure processes or other people **Eco-Warriors, Nihilistic Terrorists, and the Environment** Lawrence E. Likar, 2011-04-07 The first book to thoroughly address the topic this volume examines the ideologies tactics and goals of environmental terrorists and offers a security planning methodology to defend against their attacks To counter eco terrorism we must understand why it occurs Eco Warriors Nihilistic Terrorists and the Environment is a comprehensive examination of the vulnerability of the natural environment of its nexus with the strategic goals of terrorists and of a security planning methodology that can prevent or ameliorate environmentally linked attacks The first book to comprehensively address the prevention of environmentally focused terrorism this work looks at the environment and the private and government facilities that impact it as assets to be protected Focusing on the capability of lone wolf terrorists and small self radicalizing cells to commit effective violent acts security expert Lawrence E Likar furnishes personality and operational profiles of both nihilistic and eco warrior terrorists showcasing an essential component of the behavioral science based security planning methodology he promotes Most critically the book addresses the gap in current security planning methodology and literature and it reveals novel intelligence gathering techniques operational procedures and countermeasures designed to defend against attacks **From Environmental Action to Ecoterrorism?**

Gerry Nagtzaam, 2017-01-27 This book scrutinizes the growth of the eco terrorism movement operating on a global scale focusing on the main groups and their more radical offshoots both historically and those currently active These include Earth First the Earth Liberation Front the Animal Liberation Front and the Sea Shepherd Conservation Society It critically examines how these groups form and how they have evolved their key personnel their strategies and tactics principles motivating philosophies and attitudes to violence Specifically the book seeks to understand whether such groups inevitably evolve from activists to militants to terrorists as the literature suggests Lastly it considers the future of such groups asking whether they will become more prominent as more people become ecologically aware and as global environmental conditions deteriorate or whether such groups have peaked as a force for environmental change      **Terrorism** K. Lee Lerner, 2006 Presents approximately 150 primary source documents such as speeches legislation memoirs newspaper articles and interviews related to terrorism between the nineteenth and twenty first centuries      *Eco-terrorism and Lawlessness on the National Forests* United States. Congress. House. Committee on Resources. Subcommittee on Forests and Forest Health, 2002      **Eco-Terrorism** Donald R. Liddick, 2006-10-30 Radical environmentalism and its progeny eco terrorism is a modern phenomenon It is a movement far removed from the elite conservationists of the late 1800s and the mainstream environmental groups that emerged later Drawn from the same pool of concerned individuals who comprise memberships in groups like Greenpeace the Sierra Club and the Wilderness Society disaffected environmentalists have turned from political lobbying to direct action in the form of widespread property destruction and other types of crime and terror Here the author exposes the activities of radical groups determined to make their mark in the movement to protect the earth and its creatures from those they view as predators He covers the major groups as well as less well known ones and provides a careful portrait of who they are what they do and how to address them The growth from the 1980s through the present day of organizations involved in eco terror is noticeable and significant Such groups have caused millions of dollars worth of damage throughout the country The FBI estimates that the ALF ELF have committed more than 600 criminal acts in the United States since 1996 resulting in damages in excess of 43 million Tactics include pulling up survey stakes tree spiking arson and other methods Most groups will claim responsibility for their actions just as other types of terrorist groups will take responsibility for theirs Eco Terrorism takes an objective look at the most radical groups and their terrorist activities in the United States including case examples and analysis of the methods and rhetoric the groups employ It uncovers the losses both to individuals and the community as a result of these methods and it describes the ideologies motivations history and activities of the political movements that have been labeled environmental terrorism      Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004      *Environmental Security and Ecoterrorism* Hami Alpas, Simon M. Berkowicz, Irina Ermakova, 2011-05-19 In recent years the concept of environmental security has been adapted to include preparedness for acts of ecoterrorism This latter term has now become synonymous with environmental terrorism where the perpetrator uses the environment as a weapon to

harm an opponent The intended outcome is usually large scale deaths severe damage to the environment and instilling fear in the general population This book explores various facets of ecoterrorism including the role of the state in pursuing and maintaining environmental security a review of the concept of ecoterrorism food security challenges and weaknesses technological countermeasures to enable rapid detection or response and existing pollution sources and hazards that may serve as targets for terrorist acts In sum this volume provides a useful overview for both the layperson and experienced researchers

Radicals, Revolutionaries, and Terrorists Colin J. Beck, 2016-01-11 Terrorism mass uprisings and political extremism are in the news every day It is no coincidence that these phenomena come together at the beginning of a new era Radicals Revolutionaries and Terrorists provides a comprehensive survey of the intersection of radical social movements and political violence The book considers eight essential questions for understanding radicalism including its origins dynamics and outcomes Ranging across the globe from the 1500s to the present the book examines cases as diverse as nineteenth century anarchists the Nazis Che Guevara the Weather Underground Chechen insurgents the Earth Liberation Front Al Qaeda and the Arab Spring Throughout Colin J Beck connects these cases to key social movements literature to demonstrate how using multiple areas of research results in better explanations Radicals Revolutionaries and Terrorists is an essential companion for understanding the challenges facing governments and societies today Its engaging style and original approach make it indispensable for students and scholars across the social sciences who are interested in social movements

**The Terrorist Argument** Christopher C. Harmon, Randall G. Bowdich, 2018-01-09 From chants and pamphlets to the Internet terrorist propaganda can be deadly effective Propaganda used by terrorists and armed groups might not always be the most sophisticated or nuanced form of rhetoric but with the right mix of emotion and logic it can be extremely effective in motivating supporters and frightening opponents This book examines how terrorist groups in recent history have

used propaganda and how they had adapted to new communications technologies while retaining useful techniques from the past Harmon and Bowdish trace how armed groups and terrorists around the globe have honed their messages for maximum impact both on the communities they hope to persuade to support them and on the official state organs they hope to overthrow Sometimes both the messages and the techniques are crude others are highly refined carefully crafted appeals to intellect or emotion embracing the latest forms of communications technology Whatever the ideas or methodology all are intended to use the power of ideas along with force to project an image and to communicate not merely intimidate The Terrorist Argument uses nine case studies of how armed groups have used communications techniques with varying degrees of success radio newspapers song television books e magazines advertising the Internet and social media It is fascinating reading for anyone interested in civil conflict terrorism communications theory and practice or world affairs in general
