Going To Patchogue:

Going to Patchogue Thomas McGonigle, 1992 In an era where the allure of distant lands and the promise of new experiences drive us to constant movement Thomas McGonigle's critically acclaimed Going to Patchogue brings forth a powerful counter narrative This is not just a travel book it s an introspective dive into the essence of a place that most would overlook and a man's attempt to reconcile with his past Patchogue a seemingly unremarkable village on Long Island 60 miles from New York City a passby place for the crowds going to the fashionable Hamptons becomes the epicenter of a profound exploration of memory loss and the complex tapestry of human emotion The novel unfolds through a seamless blend of reality and fiction propelled by a raw and unflinching stream of consciousness technique that echoes the likes of C line As the narrator embarks on a journey to and from Patchogue by way of Bulgaria Turkey and Italy readers are invited to transcend the literal sense of travel Instead we embark on a quest for paradise driven by the disillusionment with reality and a deep yearning to find meaning in the ashes of experienced life From the Sin-é Café to the Black Hills Eamonn Wall,1999 Eamonn Wall arrived in the United States in the 1980s as part of a wave of young educated immigrants who became known as the New Irish In this book he comments on his own experiences and those of his generation who identify as much with contemporary ethnic and immigrant America as they do with the long settled Irish American community Wall's starting point is the now closed Sin Caf in New York's East Village which was a hangout in the early 1990s for expatriate Irish musicians actors and writers He comments on the poetry fiction essays and memoirs of both the New Irish and Americans of Irish heritage locating them within a literary and historical context But this is also a deeply personal book in which Wall wrestles with his own identity as an Irishman living in America raising his children as Americans and learning to love the American landscape from the streets of Manhattan to the western hills of Nebraska *New York Court of Appeals. Records and Briefs.* New York (State). Court of Appeals., 1912 Volume contains 206 NY 747 People v Curtis 207 NY 141 People v Garfalo 207 NY 667 People v Lein 206 NY 592 People v Pasquale 206 NY 746 People v Twiman Latinos and Latinas at Risk Gabriel Gutiérrez, 2015-01-26 This two volume collection of essays addresses the Latino a experience in present day America covering six major areas of importance education health family children teens and violence The Latino a presence in this country predates the United States itself yet this group is often marginalized in the American culture Many noted experts explore the ideology behind this prejudicial attitude examining how America views Latinos as how Latinos as view themselves and what the future of America will look like as this group progresses toward equitable treatment Through the exploration process the book reveals the complexity and diversity of this community tracing the historical trajectories of those whose diverse points of origin could be from almost anywhere including the Americas Europe or other places Written with contemporary issues at the forefront this timely collection looks at the resolve of the Latino people and considers their histories contributions concerns and accomplishments Pointed essays address disparate quality of life issues in education

health and economic stability while depicting individual and group efforts in overcoming barriers to mainstream American society Each chapter discusses key challenge areas for the Latino American population in everyday life An engaging Further Investigations feature poses questions about most of the essays leading to critical thinking about the most important topics affecting Latino as today
