**Broadway Goes to War** Robert L. McLaughlin, Sally E. Parry, 2021-06-08 The American theater was not ignorant of the developments brought on by World War II and actively addressed and debated timely controversial topics for the duration of the war including neutrality and isolationism racism and genocide and heroism and battle fatigue Productions such as *Watch on the Rhine* 1941 *The Moon is Down* 1942 *Tomorrow the World* 1943 and *A Bell for Adano* 1944 encouraged public discussion of the war's impact on daily life and raised critical questions about the conflict well before other forms of popular media American drama of the 1940s is frequently overlooked but the plays performed during this eventful decade provide a picture of the rich and complex experience of living in the United States during the war years McLaughlin and Parry's work fills a significant gap in the history of theater and popular culture showing that American society was more divided and less idealistic than the received histories of the WWII home front and the entertainment industry recognize **Serbia and the Serbs in World War Two** Sabrina P. **Remembering Asia's World War Two** Mark R. Frost, Daniel Schumacher, Edward Vickers, 2019-03-27 Over the past four decades East and Southeast Asia have seen a proliferation of heritage sites and remembrance practices which commemorate the region's bloody conflicts of the period 1931-45 **Remembering Asia's World War Two** examines the origins, dynamics and repercussions of this regional war memory boom The book analyzes the politics of war commemoration in contemporary East and Southeast Asia Featuring contributions from leading international scholars the chapters span China, Japan, Malaysia, Hong Kong and Singapore covering topics such as the commemoration of the Japanese military's comfort women system, forms of dark tourism or commemorative pilgrimages e.g. veterans' tours to wartime battlefields and the establishment and evolution of various war-related heritage sites and museums Case studies reveal the distinctive trajectories of new and newly discovered forms of remembrance within and across national boundaries They highlight the growing influence of non-state actors over representations of conflict and occupation as well as the increasingly interconnected and transnational character of memory making Taken together the studies collected here demonstrate that across much of Asia the public commemoration of the wars of 1931-45 has begun to shift from portraying them as a series of national conflicts with distinctive local meanings to commemorating the conflict as a common pan-Asian or even global experience Focusing on non-textual vehicles for public commemoration and considering both the local and international dimensions of war commemoration within **Remembering Asia's World War Two** will be a crucial reference for students and scholars of History, Memory Studies and Heritage Studies as well as all those interested in the history, politics and culture of contemporary Asia

**United States Army in World War II.**, 1963 **Reporting World War II** G. Kurt Piehler, Ingo Trauschweizer, 2023-04-25 This set of essays offers new insights into the journalistic process and the pressures American front-line reporters experienced covering World War II Transmitting stories through cable or couriers remained expensive and often required the cooperation of foreign governments and the American armed forces Initially reporters from a neutral America documented the early victories by Nazi Germany and the Soviet invasion of Finland Not all journalists strove for objectivity During her time reporting from Ireland Helen Kirkpatrick remained a fierce critic of that country's neutrality Once the United States joined the fight after the Japanese attack on Pearl Harbor American journalists supported the struggle against the Axis powers but this volume will show that reporters even when members of the army sponsored newspaper Stars and Stripes were not mere ciphers of the official line African American reporters Roi Ottley and Ollie

Stewart worked to bolster the morale of Black GIs and undermined the institutional racism endemic to the American war effort. Women front line reporters are given their due in this volume examining the struggles to overcome gender bias by describing triumphs of Th r se Mabel Bonney Iris Carpenter Lee Carson and Anne Stringer. The line between public relations and journalism could be a fine one as reflected by the U S Marine Corps creating its own network of Marine correspondents who reported on the Pacific island campaigns and had their work published by American media outlets. Despite the pressures of censorship the best American reporters strove for accuracy in reporting the facts even when dependent on official communiqu s issued by the military. Many wartime reporters even when covering major turning points sought to embrace a reporting style that recorded the experiences of average soldiers. Often associated with Ernie Pyle and Bill Mauldin the embrace of the human interest story served as one of the enduring legacies of the conflict. Despite the importance of American war reporting in shaping perceptions of the war on the home front as well as shaping the historical narrative of the conflict this work underscores how there is more to learn. Readers will gain from this work a new appreciation of the contribution of American journalists in writing the first version of history of the global struggle against Nazi Germany imperial Japan and fascist Italy.

*The Ghost Army of World War II* Rick Beyer, Elizabeth Sayles, 2023-10-10. A riveting tale told through personal accounts and sketches along the way ultimately a story of success against great odds. I enjoyed it enormously. Tom Brokaw. The first book to tell the full story of how a traveling road show of artists wielding imagination paint and bravado saved thousands of American lives now updated with new material. In the summer of 1944 a handpicked group of young GIs artists designers architects and sound engineers including such future luminaries as Bill Blass Ellsworth Kelly Arthur Singer Victor Dowd Art Kane and Jack Masey landed in France to conduct a secret mission. From Normandy to the Rhine the 1 100 men of the 23rd Headquarters Special Troops known as the Ghost Army conjured up phony convoys phantom divisions and make believe headquarters to fool the enemy about the strength and location of American units. Every move they made was top secret and their story was hushed up for decades after the war s end. Hundreds of color and black and white photographs along with maps official memos and letters accompany Rick Beyer and Elizabeth Sayles s meticulous research and interviews with many of the soldiers weaving a compelling narrative of how an unlikely team carried out amazing battlefield deceptions that saved thousands of American lives and helped open the way for the final drive to Germany. The stunning art created between missions also offers a glimpse of life behind the lines during World War II. This updated edition includes A new afterword by co author Rick Beyer. Never before seen additional images. The successful campaign to have the unit awarded a Congressional Gold Medal. History and WWII enthusiasts will find *The Ghost Army of World War II* an essential addition to their library.
