*Going for Gold* Jack H. Morris, 2010-05-10 Details how Newmont Mining revolutionized the gold mining industry and remains the second largest gold miner in the world Jack H Morris asserts that Newmont is the link between early gold mining and today's technology driven industry We learn how the company's founder and several early leaders grew up in gold camps and how in 1917 the company helped finance South Africa's largest gold company and later owned famous gold mines in California and Colorado In the 1960s the company developed the process to capture invisible gold from small distributions of the metal in large quantities of rock thereby opening up the rich gold field at Carlin Nevada Modern gold mining has all the excitement and historic significance of the metal's colorful past Instead of panning for ready nuggets today's corporate miners must face heavy odds by extracting value from ores containing as little as one hundredth of an ounce per ton In often remote locations where the capital cost of a new mine can top 2 billion 250 ton trucks crawl from half mile deep pits and ascend beetle like loaded with ore for extraction of the minute quantities of gold locked inside Morris had unique access to company records and the cooperation of more than 80 executives and employees of the firm but the company exercised no control over content The author tells a story of discovery and scientific breakthrough strong willed flamboyant leaders like founder Boyce Thompson corporate raiders such as T Boone Pickens and Jimmy Goldsmith shakedowns by the Indonesian government and monumental battles with the French over the richest mine in Peru and learning to operate in the present environmental regulatory climate This is a fascinating story of the metal that has ignited passions for centuries and now sells for over 1 000 an ounce

**The Gold Rush Letters of E. Allen Grosh and Hosea B. Grosh** Ronald M. James, Robert E. Stewart, 2012-09-04 When brothers Ethan and Hosea Grosh left Pennsylvania in 1849 they joined throngs of men from all over the world intent on finding a fortune in the California Gold Rush Their search for wealth took them from San Francisco into the gold country and then over the Sierra into Nevada's Gold Canyon where they placer mined for gold and discovered a deposit of silver The letters they sent back to their family offer vivid commentaries on the turbulent western frontier the diverse society of the Gold Rush camps and the heartbreaking labor and frustration of mining Their lively descriptions of Gold Canyon provide one of the earliest accounts of life in what would soon become the fabulously wealthy Comstock Mining District The Groshes letters are rich in color and important historical details Generously annotated and with an introduction that provides a context for the brothers career and the setting in which they tried to make their fortune these documents powerfully depict the often harsh realities of Gold Rush life and society

**Last Bonanza Kings** Ferol Egan, 2009-08-28 Much of the wealth from the great mining bonanzas of the nineteenth century American West flowed into San Francisco and made possible the growth of the city and some fabulous personal fortunes Among the wealthiest and most powerful of the Bonanza Kings were William Bowers Bourn I and his son and successor William Bowers Bourn II Their wealth came from rich mines in Nevada's Comstock Lode and Treasure Hill and California's Sierra foothills as well as astute business ventures in

the booming port city of San Francisco Last Bonanza Kings tells their story with all the colorful detail and sweeping sense of epic drama that the characters and their times demand setting them into the turbulent context of an age of rampant financial and civic growth major technological advances in mining lavish philanthropy and opulent personal lifestyles Sierra Gold Fever D. Michael O'Haver,2022-11-22 Jason Miller has left his fiancée behind and set off to the goldfields of California to make his fortune and establish a home for his bride to be But when an explosion happens at one of the mines Jason's plans for the future take a dramatic turn Meanwhile Elizabeth Dedmore is tired of waiting back in Iowa Taking matters into her own hands Elizabeth decides to join a wagon train along with her brother Bill and set off in search of her fiancé But the traveling may be a bit rougher and dangerous than she first imagined As the two lost lovers strive to reunite they will both have to learn some things about themselves and about the God Who created them for each other *Nevada County Wine* Mary Anne Davis,2020 Nevada County's tumultuous wine history includes several booms and busts starting in the 1850s when gold prospectors brought the first grapevines in their saddlebags Economic downturns prohibition and war all tried to kill the fledgling wine industry but it hung on thanks to gentleman farmers and members of the mining industry who supplied a thirsty clientele Today although the mines have gone quiet wineries are thriving in the hills of the Gold Country and the pioneering spirit lives on in their distinctive vintages and growing techniques Join author Mary Anne Davis as she explores the family vineyards of the California foothills **Mining Experiences, 1932-1985** Allan Harris James,1987 **150 Years Ago, A Sketch of Nevada County** Aaron Augustus Sargent,1998 **Gold** F.
