

BAHA'I FAITH

Lay not on any soul a load that you would not wish to be laid upon you, and desire not for anyone the things you would not desire for yourself.
Baha'i Faith, Catechisms

HINDUISM

This is the sum of duty: do not do to others what would cause pain if done to you.
Mahabharata 5:15:27

BUDDHISM

Treat not others in ways that you yourself would find hurtful.
Udana-Vagga 5:10

CONFUCIANISM

One word which sums up the basis of all good conduct... loving kindness. Do not do to others what you do not want done to yourself.
Confucius, Analects 15:23

ISLAM

Not one of you truly believes until you wish for others what you wish for yourself.
The Prophet Muhammad 1962:184:10

JUDAISM

What is hateful to you, do not do to your neighbour. This is the whole Torah; all the rest is commentary.
Hillel, Talmud, Shabbat 31a

JAINISM

One should treat all creatures in the world as one would like to be treated.
Mahavira, Sudrakhnaga

ZOROASTRIANISM

Do not do unto others whatever is injurious to yourself.
Shayest-nar-Shayest 13:29

NATIVE SPIRITUALITY

We are as much alive as we keep the earth alive.
Chief Dan George

UNITARIANISM

We affirm and promote respect for the interdependent web of all existence of which we are a part.
Unitarian principles

CHRISTIANITY

In everything, do to others as you would have them do to you; for this is the law and the prophets.
Jesus, Matthew 7:12

SIKHISM

I am a stranger to no one; and no one is a stranger to me. Indeed, I am a friend to all.
Guru Granth Sahib, pg. 5299

TAOISM

Regard your neighbour's gain as your own gain, and your neighbour's loss as your own loss.
Tai Shang Kan Ying Pien, 21A-21B

THE GOLDEN RULE

Golden Rules Of World Religions 1931

Harry J. Gensler

Golden Rules Of World Religions 1931:

The Golden Rule Jeffrey Wattles,1996-12-05 In an age plagued by selfishness materialism and violence ethicists feel impelled to find a universal system of values To arrive at such a rule requires that they struggle with a series of seemingly irreconcilable questions First are universal values possible in a pluralistic world and how does one do justice to both human equality and to individual and cultural differences How is one to understand the interface between religious moral teachings and the ethics of secular humanism Finally can such a system integrate moral intuition and moral reason In the first scholarly book in English on the golden rule since the seventeenth century Jeffrey Wattles demonstrates how a clear understanding of the psychological philosophical and religious ramifications of the rule can form the synthesis needed to solve these dilemmas The golden rule do to others as you would have others do to you is widely assumed to have a single meaning shared by virtually all the world s religions It strikes the average person as intuitively true though most modern philosophers reject it or recast it in more rational form Wattles surveys the history of the golden rule and its spectrum of meanings in diverse contexts ranging from Confucius to Plato and Aristotle from classical Jewish literature to the New Testament He also considers medieval Reformation and modern theological and philosophical responses and objections to the rule as well as how some early twentieth century American leaders have tried to use the rule Wattles draws these diverse interpretation into a synthesis that responds at the psychological philosophical and religious levels to the challenges to moral living in any given culture Emotionally the rule counsels consideration for others feelings by asking that you place yourself in their shoes Intellectually it activates moral thinking about what is fair At the same time it retains a spiritual appeal as the principle of the practice of the family of God Demonstrating how despite its contentious history this age old ethical principle continues to be relevant in dealing with contemporary issues The Golden Rule should interest students and scholars working in religious studies philosophy and ethics and psychology as well as anyone looking for an alternative to postmodern cynicism and alienation

Ethics and the Golden Rule Harry J. Gensler,2013 It is commonly accepted that the golden rule most often formulated as do unto others as you would have them do unto you is a unifying element between many diverse religious traditions both Eastern and Western Its influence also extends beyond such traditions since many non religious individuals hold up the golden rule as central to their lives Yet while it is extraordinarily important and widespread the golden rule is often dismissed by scholars as a vague proverb that quickly leads to absurdities when one attempts to formulate it in clear terms In this book Harry J Gensler defends the golden rule and addresses all of the major philosophic objections pointing out several common misunderstanding and misapplications Gensler first discusses golden rule reasoning and how to avoid the main pitfalls He then relates the golden rule to world religions and history and to areas like moral education egoism evolution society racism business and medicine The book ends with a discussion of theoretical issues like whether all morality reduces to the golden rule which the author argues against Ethics and the Golden Rule offers two introductory

chapters the first is simpler and the second more technical a reader may start with either or both One can then read any combination of further chapters in any order depending on one s interests but Chapters 13 and 14 are technical and assume one has read Chapter 2 This is a golden rule book for everyone accessible to a wide readership Catalog of Copyright Entries. Ferren,2006-03-08 The Kentucky born son of a Baptist preacher with an early

tendency toward racial prejudice Supreme Court Justice Wiley Rutledge 1894-1949 became one of the Court's leading liberal activists and an early supporter of racial equality, free speech and church-state separation. Drawing on more than 160 interviews, John M. Ferren provides a valuable analysis of Rutledge's life and judicial decisionmaking and offers the most comprehensive explanation to date for the Supreme Court nominations of Rutledge, Felix Frankfurter and William O. Douglas. Rutledge was known for his compassion and fairness. He opposed discrimination based on gender and poverty and pressed for expanded rights to counsel, due process and federal review of state criminal convictions. During his brief tenure on the Court, he died following a stroke at age fifty-five, he contributed significantly to enhancing civil liberties and the rights of naturalized citizens and criminal defendants became the Court's most coherent expositor of the commerce clause and dissented powerfully from military commission convictions of Japanese generals after World War II. Through an examination of Rutledge's life, Ferren highlights the development of American common law and legal education, the growth of the legal profession and related institutions and the evolution of the American court system, including the politics of judicial selection.

World Religions Thomas Arthur Robinson, Hillary Rodrigues, 2006 This book looks at the history, belief and practice of each world religion. Including consideration of sub-sections within traditions, it contains subgroups and further subdivisions. It presents a portrait of the major traditions and gives the scope of religion in the human experience. **Books and Notes** Los Angeles County Public Library, 1926 Religious Books 1876-1982, 1983 *American Book Publishing Record*, 1980

Humanism: Foundations, Diversities, Developments Jörn Rüsen, 2021-04-25 The book describes humanism in a systematic and historical perspective. It analyzes its manifestation and function in cultural studies and its role in the present. Within the book, special attention is given to the intention of contemporary humanism to overcome ethnocentric elements in the cultural orientation of contemporary living conditions and to develop humane dimensions of this orientation. This is linked to a fundamental critique of the current post-human self-understanding of the humanities. Furthermore, the intercultural aspect in the understanding of humanism is emphasized for non-Western cultures also have their own humanistic traditions. Two further aspects are also addressed: the Holocaust as the most radical challenge to humanistic thinking and the relationship of humanism to nature. Sitting at the intersection of history and philosophy, the book is perfect for those exploring humanism from an historical perspective. **The Effective Teaching of Religious Education** Brenda

Watson, Penny Thompson, 2014-04-23 The Effective Teaching of Religious Education provides an accessible yet intellectually rigorous resource for all those involved in the teaching of RE in schools today. Written with the needs of specialist and non-specialist teachers in mind, in both the primary and secondary sectors, it successfully integrates theory and practice, encouraging debate and reflection on a broad range of issues in what is often regarded as a complex and often controversial subject area. The second edition has been written with the collaboration of a new co-author, Penny Thompson, and has been thoroughly updated, revised and extended to include a new chapter on the place of Christianity in RE. New material on the

purpose of RE and on the relationship of RE to other subjects A new Appendix on tackling assessment and syllabus requirements A new companion website at www.pearsoned.co.uk/watsonthompson including an overview of the use of ICT in RE teaching web links and practical resources for use in the classroom

Philosophy and Business Ethics Guglielmo Faldetta, Edoardo Mollona, Massimiliano Matteo Pellegrini, 2022-06-06 This book explores the relationship between philosophy and business ethics Academics and practitioners often muse about the ethical and moral aspect of management and business actions but these studies can lack a deeper philosophical grounding Contributors to this volume challenge this gap by applying different philosophical paradigms and theories to business management issues The territory covered by the contributions collected in this book spans from the foundations of business management literature itself to the role of philosophy in new business models and technology from the way philosophical theory can explain and encourage ethical firm behaviour to the political stance that an organization takes Contributors take a holistic approach to business and management bringing together real world examples and rich academic theory creating an interdisciplinary volume with international authors Covering important topics such as corporate social responsibility sustainability leadership and stakeholder relations this book will be of interest to academics working in the field of business ethics philosophy and management studies

Cumulated Index to the Books, 1932

The Oxford Handbook of Global Religions Mark Juergensmeyer, 2011-08-25 This is a reference for understanding world religious societies in their contemporary global diversity Comprising 60 essays the volume focuses on communities rather than beliefs symbols or rites The contributors are leading scholars of world religions many of whom are also members of the communities they study

Women and Twentieth-century Protestantism Margaret Lamberts Bendroth, Virginia Lieson Brereton, 2002 Contributors consider the emergence of Latina Pentecostal clergy in the United States and the success of the Women's Missionary Union of the Southern Baptist Convention in remaining independent of male dominated denominational structures Among other topics the authors discuss Chinese immigrant women who embraced the relative freedom offered by Protestant religion African American women who assumed religious authority through their historical writing and the struggles of women faith healers in defining their role amid medical and evangelical professionalism

The Golden Rule of Ethics Vladislav I. Zhukovskiy, Mindia E. Salukvadze, 2021-04-15 This book synthesizes the game theoretic modeling of decision making processes and an ancient moral requirement called the Golden Rule of ethics GR This rule states Behave to others as you would like them to behave to you The GR is one of the oldest most widespread and specific moral requirements that appear in Christianity Islam Judaism Buddhism and Confucianism This book constructs and justifies mathematical models of dynamic socio economic processes and phenomena that reveal the mechanism of the GR and are based on the concept of Berge equilibrium The GR can be naturally used for resolving or balancing conflicts and its altruistic character obviously excludes wars blood letting and armed clashes The previous book by the authors The Berge Equilibrium A Game Theoretic Framework

for the Golden Rule of Ethics covers the static case of the GR In this book the dynamic case of the GR is investigated using the altruistic concept of Berge equilibrium and three factors as follows 1 a modification of N N Krasovskii s mathematical formalization of differential positional games DPGs in view of the counterexamples given by A I Subbotin and A F Kononenko 2 the method of guiding control proposed by N N Krasovskii and 3 the Germier convolution of the payoff functions of different players Additionally this book features exercises problems and solution tips collected together in Appendix 1 as well as new approaches to conflict resolution as presented in Appendices 2 to 4 This book will be of use to undergraduate and graduate students and experts in the field of decision making in complex control and management systems as well as anyone interested in game theory and applications

Civilizing the World Sarah Miglio,2023-08-17 *Civilizing the World* explores the vibrancy and impact of forgotten social reformers who defied categorization within the Social Gospel or secular progressive movements These social reformers or Practical Christians functioned as a network of activists whose dedication to spiritual conversions and cultural transformation arose from a shared commitment to nonsectarian Christian cooperation and practicing Christian citizenship Bringing together a diverse coalition of liberal Protestants revivalists evangelicals and secular reformers Practical Christians rejected theological divisions in favor of broad alliances committed to improving society at home and abroad A complete understanding of the intimate relationship between local and global activism provides new insight into Practical Christians social networks political goals religious identities and international outlook This broad reform alliance considered their domestic and global reforms as seamless tasks in modernizing the world Just as Chicago Practical Christians labored to civilize their immigrant neighbors and encourage their adoption of their own Christian and American habits like minded Americans worked to Christianize and modernize Armenians and the Middle East The Practical Christian coalition faltered post World War I as evangelicals and revivalists continued to prioritize spiritual conversions while liberal Protestant and secularizing activists placed more emphasis on the process of Americanizing immigrants and the world
