**American Jewry and the Re-Invention of the East European Jewish Past** Markus Krah, 2017-11-20 The postwar decades were not the golden era in which American Jews easily partook in the religious revival liberal consensus and suburban middle class comfort Rather it was a period marked by restlessness and insecurity born of the shock about the Holocaust and of the unprecedented opportunities in American society American Jews responded to loss and opportunity by obsessively engaging with the East European past The proliferation of religious texts on traditional spirituality translations of Yiddish literature historical essays photographs and documents of shtetl culture theatrical and musical events culminating in the Broadway musical Fiddler on the Roof illustrate the grip of this past on post 1945 American Jews This study shows how American Jews reimagined their East European past to make it usable for their American present By rewriting their East European history they created a repertoire of images stories and ideas that have shaped American Jewry to this day

their rightful owners Some of the most outstanding Jewish intellectuals of the twentieth century including Dawidowicz Hannah Arendt Salo W Baron and Gershom Scholem were involved in this herculean effort This led to the creation of Jewish Cultural Reconstruction Inc an international body that acted as the Jewish trustee for heirless property in the American Zone and transferred hundreds of thousands of objects from the Depot to the new centers of Jewish life after the Holocaust The commitment of these individuals to the restitution of cultural property revealed the importance of cultural objects as symbols of the enduring legacy of those who could not be saved It also fostered Jewish culture and scholarly life in the postwar world

*Brothers and Strangers* Steven E. Aschheim,1982-10-15 *Brothers and Strangers* traces the history of German Jewish attitudes policies and stereotypical images toward Eastern European Jews demonstrating the ways in which the historic rupture between Eastern and Western Jewry developed as a function of modernism and its imperatives By the 1880s most German Jews had inherited and used such negative images to symbolize rejection of their own ghetto past and to emphasize the contrast between modern enlightened Jewry and its half Asian counterpart Moreover stereotypes of the ghetto and the Eastern Jew figured prominently in the growth and disposition of German anti-Semitism Not everyone shared these negative preconceptions however and over the years a competing post liberal image emerged of the Ostjude as cultural hero *Brothers and Strangers* examines the genesis development and consequences of these changing forces in their often complex cultural political and intellectual contexts

Memoirs of a Grandmother Pauline Wengeroff, 2014-09-17 Pauline Wengeroff's Memoirs of a Grandmother offers a unique first person window into

traditionalism modernity and the tensions linking the two in nineteenth century Russia Wengeroff 1833 1916 a perceptive highly literate social observer tells a gripping tale of cultural transformation situating her narrative in the experience of women and families In Volume Two Wengeroff claims that Jewish women were capable and desirous of adopting the best of European modernity but were also wedded to tradition while Jewish men recklessly abandoned tradition and forced their wives to do the same The result was not only marital and intergenerational conflict but also catastrophic cultural loss with women's inability to transmit tradition in the home leading to larger cultural drift Two of Wengeroff's children converted when faced with anti Jewish educational and professional discrimination unwilling to sacrifice secular ambitions and visions for the sake of a traditional culture they did not know *Memoirs* is a tale of loss but also of significant hope which Wengeroff situates not in her children but in a new generation of Jewish youth reclaiming Jewish memory To them she addresses her *Memoirs* giving an orphaned youth orphaned of their past and culture a grandmother

*Altruistic Personality* Samuel P. Oliner, 1992-04-01 An enlightening and powerful exploration of those who risked their lives to help others during the Holocaust and those who did not and what we must do to ensure that such a tragedy never occurs again Why during the Holocaust did some ordinary people risk their lives and the lives of their families to help others even total strangers while others stood passively by Samuel Oliner a Holocaust survivor who has interviewed more than seven hundred European rescuers and nonrescuers provides some surprising answers in this compelling work Samuel Oliver delves into the profound acts of altruism that emerged during one of history's darkest periods Each interview provides a unique insight into the types of personalities that answer a call to action and those that do not By comparing these rescuers with bystanders he provides a nuanced understanding of what drives people to act with extraordinary compassion or to remain passive in the face of evil Offering both a historical perspective and a roadmap for a more compassionate future

Altruistic Personality is not just a historical account it is a call to action and a beacon for moral education Relevant when it was first published and even more relevant today Oliver argues that by understanding and fostering the traits of altruism we can prevent future atrocities and bring out the better aspects of humanity Jews and Gentiles Werner J. Cahnman, 2017-12-02 Studies of the Jewish experience among peoples with whom they live share some similarities with the usual histories of anti-Semitism but also some differences When the focus is on anti-Semitism Jewish history appears as a record of unmitigated hostility against the Jewish people and of passivity on their part However as Werner J Cahnman demonstrates in this posthumous volume Jewish Gentile relations are far more complex There is a long history of mutual contacts positive as well as antagonistic even if conflict continues to require particular attention Cahnman's approach while following a historical sequence is sociological in conception From Roman antiquity through the Middle Ages into the era of emancipation and the Holocaust and finally to the present American and Israeli scene there are basic similarities and various dissimilarities all of which are described and analyzed Cahnman tests the theses of classical sociology implicitly yet unobtrusively He traces the socio economic basis of human relations which Marx and others have emphasized and considers Jews a marginal trading people in the Park Becker sense Simmel and Toennies he shows understood Jews as strangers and intermediaries While Cahnman shows that Jews were not pariahs as Max Weber thought he finds a remarkable affinity to Weber's Protestantism capitalism argument in the tension of Jewish Christian relations emerging from the bitter theological argument over usury The primacy of Jewish Gentile relations in all their complexity and variability is essential for the understanding of Jewish social and political history This volume is a valuable contribution to that understanding In the Almost Promised Land Hasia R. Diner, 1995-10 Seeking the reasons behind Jewish altruism toward African Americans Hasia R. Diner shows how in the wake of the Leo Frank trial and lynching in Atlanta Jews came to see that their relative prosperity was no protection against the same social forces that threatened blacks Jewish leaders and organizations genuinely believed in the cause of black civil rights Diner suggests but they also used that cause as a way of advancing their own interests launching a vicarious attack on the nation that they felt had not lived up to its own ideals of freedom and equality

Gender, Orientalism and the Jewish Nation Lynne M. Swarts, 2020-01-23 Ephraim Moses Lilien 1874-1925 was one of the most important Jewish artists of modern times As a successful illustrator photographer painter and printer he became the first major Zionist artist Surprisingly there has been little in depth scholarly research and analysis of Lilien's work available in English making this book an important contribution to historical and art historical scholarship Concentrating mainly on his illustrations for journals and books Lynne Swarts acknowledges the importance of Lilien's groundbreaking male iconography in Zionist art but is the first to examine Lilien's complex and nuanced depiction of women which comprised a major dimension of his work Lilien's female images offer a compelling glimpse of an alternate independent and often sexually liberated modern Jewish woman a portrayal that often eluded the Zionist imagination Using an interdisciplinary approach to

integrate intellectual and cultural history with issues of gender Jewish history and visual culture Swarts also explores the important fin de siècle tensions between European and Oriental expressions of Jewish femininity The work demonstrates that Lilien was not a minor figure in the European art scene but a major figure whose work needs re-reading in light of his cosmopolitan and national artistic genius

**Jewish Identity and Civilizing Processes** S. Russell, 1996-11-04 Jewish Identity and Civilizing Processes examines the history of Jewish experience in Western Europe from the early Middle Ages to the twentieth century using the sociological theory and method of Norbert Elias Attention is focused on the notion of interdependence and the intertwining processes of the civilization of behaviour and character and the formation of modern states as these specifically affected Jewry and help to shed light on the problem of anti-Semitism
