Grossman, Martin A. Coleman, 2014-05-01 The guiding theme of these essays by aesthetician musician and Santayana scholar Morris Grossman is the importance of preserving the tension between what can be unified and what is disorganized random and miscellaneous Grossman described this as the tension between art and morality Art arrests a sense of change and yields moments of unguarded enjoyment and peace but soon shifting circumstances compel evaluation decision and action According to Grossman the best art preserves the tension between the aesthetic consummation of experience and the press of morality understood as the business of navigating conflicts making choices and meeting needs This concern was intimately related to his reading of George Santayana The best philosophy like the best art preserves the tension between what can be ordered and what resists assimilation and Grossman read Santayana as exemplifying this virtue in his embrace of multiple perspectives Other scholars have noted the multiplicity or irony in Santayana's work but Grossman was unique in taking such a style to be a substantive part of Santayana's philosophizing *Library of Congress Catalog: Motion Pictures and Filmstrips* Library of Congress, 1968
