Historical Dictionary of Golf Bill Mallon, Randon Jerris, 2011-01-21 Golf has been called the greatest of all games but it has also been derided by none other than Mark Twain as nothing more than a good walk spoiled Traditional teaching holds that golf originated in Scotland around the 15th century However there is historical evidence of games similar to golf being played in the low countries of Europe back in the 13th century Over the many centuries of golf's evolution the balls used have changed greatly as have the clubs the holes the courses and the entire game itself The Historical Dictionary of Golf presents a comprehensive history of the game through a chronology an introductory essay a bibliography photos and over 300 cross referenced dictionary entries on places teams terminology and people including Arnold Palmer Greg Norman Lee Trevino Jack Nicklaus Annika Sorenstam Lorena Ochoa Phil Mickelson and of course Tiger Woods Appendixes of the members of the World Golf Hall of Fame the Major Championships of Golf the International Team Events and the Professional Tour Awards are also included **Golf Stole My Brain - And Other Strange Golfing Tales** Dale Concannon, 2015-11-05

According to the legendary Sam Snead golf is the most frustrating sport of all One day you are up on Cloud Nine and the next day you couldn't scratch a whale's belly he once famously said Like many of us who play the game he understood that few sports offer more opportunity to make complete fools of ourselves than golf For anyone from the most celebrated professional to the lowliest hacker it can appear deceptively easy at times and virtually impossible at others Highlighting the idiosyncratic nature of the game and the often messianic fervor of those who play it this collection of unique and often amusing tales will have you shaking your head in disbelief From the European Ryder Cup star who claimed his rental house was haunted to the German farmer who filed a lawsuit against a nearby golf club claiming they had murdered thirty of his UK 12 99 cows absolutely nothing is out of bounds The story of golf is full of wacky individuals who obsess over a missed putt or wayward drive From the player who bet his life on a round of golf to the complete novice who fancied he could take on the world's best players in the British Open this book celebrates some of the best and worst golfers ever to pick up a titanium 3 wood The product of many years of research *Golf Stole My Brain* contains a mass of little known and hitherto unpublished stories The same applies to the photography Illustrated throughout with some of the most unusual images ever used it's entertaining informative but above all fun So take a look you may even recognise someone you know **The Golfing Annual**, 1892 *Golfing Art* Phil Pilley, 1996 *A-B-C of Golf ...* John Duncan Dunn, 1916 *The Visual in Sport* Mike Huggins, Mike O'Mahony, 2013-10-18 This comprehensive novel and exciting interdisciplinary collection brings together
