Pirates Aboard! Klaus Hympendahl, 2006-04 Suggests what preventive measures sailors can take and advises how they should deal with stress aggression and fear when faced with a confrontation Back cover The Words and Music of George Harrison Ian Inglis, 2010-03-23 This book offers a comprehensive assessment of the music of George Harrison revealing him as one of the most gifted and authentic singer songwriters of his generation The Words and Music of George Harrison is an in depth appreciation of this often underappreciated musician following Harrison s development as a singer songwriter from his earliest songs with The Beatles through his final album Brainwashed released after his 2001 death from brain cancer The Words and Music of George Harrison sheds new light on Harrison s 40 year career examining his music output in the context of the enormous personal and professional changes he underwent from the early days in Liverpool and the global explosion of Beatlemania through a solo career marked by spiritual concerns political activism and high profile collaborations As the book shows at every stage George Harrison s songs posed questions provided commentaries and looked for solutions with results that add up to a remarkable music legacy Mystical One Elliot J. Huntley, 2004 This biography of Harrison s post Beatles life celebrates his career as a musician and independent filmmaker Analysing Harrison s solo albums as well as his work with the Travelling Wilburys this work also incorporates Harrison s final album Brainwashed Delving into the ex Beatle s personal life the book examines Harrison s high profile divorce from Patti Boyd his battles with cancer and a near death experience at the hands of an attacker in 1999 All Things Must Pass Marc Shapiro, 2011-06-08 George Harrison was always known as the quiet Beatle As part of the biggest band in pop history he took a back seat to Paul McCartney and John Lennon but his talent shone through in the composition of classic songs such as Something and Here Comes The Sun In his solo career he occasionally threatened to eclipse both John and Paul on the world stage and he joined forces with Bob Dylan Tom Petty Roy Orbison and Jeff Lynne to create the massively successful supergroup the Traveling Wilburys However the success of his professional life was often met by turmoil in his private life and the loss of first wife Patti to best friend Eric Clapton the traumatic attempt on his life by a knife wielding intruder and his final struggle against cancer meant that George Harrison s life was nothing if not dramatic Bestselling author Marc Shapiro has exclusively interviewed friends and former colleagues of the enigmatic guitar legend This revealing biography reaffirms Harrison s importance as an innovative and hugely talented musician and shows that as a member of the most important band ever as well as in his multi faceted career after the Beatles George Harrison was no ordinary man *The Music of George Harrison* Thomas MacFarlane, 2019-04-08 George Harrison was one of the most prolific popular music composers of the late 20th century During his tenure with the Beatles he caught

the wave of 1960s pop culture and began channeling its pervasive influence through his music Often described as The Invisible Singer his solo recordings reveal him to be an elusive yet essential element in the Beatles sound The discussion of George Harrison s Beatle tracks featured in the text employs a Songscape approach that blends accessible music analysis with an exploration of the virtual space created on the sound recording This approach is then used to explore Harrison s extensive catalog of solo works which due to their varied cultural sources seem increasingly like early examples of Global Pop In that sense the music of George Harrison may ultimately be viewed as an important locus for pan cultural influence in the 20th century making this book essential reading for those interested in the history of songwriting and recording as well as the cultural study of popular music
