Yee,2007-10-30 Libraries archives and museums hold a wide variety of moving images all of which require the same level of attention to issues of organization and access as their print counterparts Consequently the people who create collection level records and metadata for these resources need to be equally conversant in the principles of cataloging Martha Yee covers both descriptive AACR2R AMIM and FIAF rules and subject cataloging with a focus on LCSH In the process the reader is encouraged to think critically and to be prepared to make decisions in ambiguous situations where solutions to problems are not always obvious or clearly dictated by specific rules

The Scarlett Letters John Wiley,2014-10-08 One month after her novel Gone With the Wind was published Margaret Mitchell sold the movie rights for fifty thousand dollars Fearful of what the studio might do to her story I wouldn t

put it beyond Hollywood to have Scarlett seduce General Sherman she joked the author washed her hands of involvement with the film However driven by a maternal interest in her literary firstborn and compelled by her Southern manners to answer every fan letter she received Mitchell was unable to stay aloof for long In this collection of her letters about the 1939 motion picture classic readers have a front row seat as the author watches the Dream Factory at work learning the ins and outs of filmmaking and discovering the peculiarities of a movie crazed public Her ability to weave a story so evident in *Gone With the Wind* makes for delightful reading in her correspondence with a who's who of Hollywood from producer David O Selznick director George Cukor and screenwriter Sidney Howard to cast members Clark Gable Vivien Leigh Leslie Howard Olivia de Havilland and Hattie McDaniel Mitchell also wrote to thousands of others aspiring actresses eager to play Scarlett O'Hara fellow Southerners hopeful of seeing their homes or their grandmother's dress used in the film rabid movie fans determined that their favorite star be cast and creators of songs dolls and Scarlett panties who were convinced the author was their ticket to fame and fortune During the film's production she corrected erring journalists and the producer's over the top publicist who fed the gossip mills accuracy be damned Once the movie finished she struggled to deal with friends and strangers alike who fought and trampled little children and connived and broke the ties of lifelong friendship to get tickets to the premiere But through it all she retained her sense of humor Recounting an acquaintance's denial of the rumor that the author herself was going to play Scarlett Mitchell noted he ungallantly stated that I was something like fifty years too old for the part After receiving numerous letters and phone calls from the studio about Belle Watling's accent the author related her father was convulsed at the idea of someone telephoning from New York to discover how the madam of a Confederate bordello talked And in a chatty letter to Gable after the premiere Mitchell coyly admitted being feminine enough to be quite charmed by his statement to the press that she was fascinating but added Even my best friends look at me in a speculative way probably wondering what they overlooked that your sharp eyes saw As *Gone With the Wind* marks its seventy fifth anniversary on the silver screen these letters edited by Mitchell historian John Wiley Jr offer a fresh look at the most popular motion picture of all time through the eyes of the woman who gave birth to Scarlett

Disarming the Nation Elizabeth Young,1999-12-15 In a study that will radically shift our understanding of Civil War literature Elizabeth Young shows that American women writers have been profoundly influenced by the Civil War and that in turn their works have contributed powerfully to conceptions of the war and its aftermath Offering fascinating reassessments of works by white writers such as Harriet Beecher Stowe Louisa May Alcott and Margaret Mitchell and African American writers including Elizabeth Keckley Frances Harper and Margaret Walker Young also highlights crucial but lesser known texts such as the memoirs of women who masqueraded as soldiers In each case she explores the interdependence of gender with issues of race sexuality region and nation Combining literary analysis cultural history and feminist theory *Disarming the Nation* argues that the Civil War functioned in women s writings to connect female bodies with the body politic Women writers used the idea of civil war as a metaphor to represent struggles between and within women including struggles against the cultural prescriptions of civility At the same time these writers also reimagined the nation itself foregrounding women in their visions of America at war and in peace In a substantial afterword Young shows how contemporary black and white women including those who crossdress in Civil War reenactments continue to reshape the meanings of the war in ways startlingly similar to their nineteenth century counterparts Learned witty and accessible *Disarming the Nation* provides fresh and compelling perspectives on the Civil War women s writing and the many unresolved civil wars within American culture today

Wills,2011-10-16 From Birth of a Nation to Cold Mountain hundreds of directors actors and screenwriters have used the Civil War to create compelling cinema However each generation of moviemakers has resolved the tug of war between entertainment value and historical accuracy differently Historian Brian Steel Wills takes readers on a journey through the portrayal of the war in film exploring what Hollywood got right and wrong how the films influenced each other and ultimately how the movies reflect America s changing understandings of the conflict and of the nation **Cinema after Fascism S.**

Craig,2010-07-19 Cinema After Fascism considers how postwar European films glance ambivalently backward from the postwar period to the fascist era and delves into issues of gender certainties and spectatorship In this period of film familiar structures of epistemology and historiography reappear as ghostly imprints on postwar celluloid and the remnants of fascist subjectivity walk the streets of postwar cities Through new perspectives on the films of Roberto Rossellini Billy Wilder Carol Reed Alain Resnais and Marguerite Duras this book examines the ways in which filmmakers acknowledge the fascist past Siobhan S Craig reveals that the attempts to reconfigure the idioms of cinema are never fully naturalized and remain highly precarious constructions Gone With the Wind Helen Taylor,2019-07-25 Gone with the Wind 1939 is one of the greatest films of all time the best known of Hollywood s Golden Age and a work that has in popular imagination defined southern American history for three quarters of a century Drawing on three decades of pertinent research Helen Taylor charts the film s production history reception and legacy *The Making of Gone With The Wind* Steve Wilson,2014-09-01 Companion publication to the Harry Ransom Center s exhibition September 9 2014 January 4 2015 marking the seventy fifth anniversary of the film s release **Movie/TV Soundtracks and Original Cast Recordings Price and Reference Guide** Jerry Osborne,2002-11 *Harnessing the Technicolor Rainbow* Scott Higgins,2009-02-17 Like Dorothy waking up over the rainbow in the Land of Oz Hollywood discovered a vivid new world of color in the 1930s The introduction of three color Technicolor technology in 1932 gave filmmakers a powerful tool with which to guide viewers attention punctuate turning points and express emotional subtext Although many producers and filmmakers initially resisted the use of color Technicolor designers led by the legendary Natalie Kalmus developed an aesthetic that complemented the classical Hollywood filmmaking style while still offering innovative novelty By the end of the 1930s color in film was thoroughly harnessed to narrative and it became elegantly expressive without threatening the coherence of the film s imaginary world Harnessing the Technicolor Rainbow is the first scholarly history of Technicolor aesthetics and technology as well as a thoroughgoing analysis of how color works in film Scott Higgins draws on extensive primary research and close analysis of well known movies including Becky Sharp A Star Is Born Adventures of Robin Hood and Gone with the Wind to show how the Technicolor films of the 1930s forged enduring conventions for handling color in popular cinema He argues that filmmakers and designers rapidly worked through a series of stylistic modes based on the demonstration restraint and integration of color and shows how the color conventions developed in the 1930s have continued to influence filmmaking to the present day

Higgins also formulates a new vocabulary and a method of analysis for capturing the often elusive functions and effects of color that in turn open new avenues for the study of film form and lay a foundation for new work on color in cinema
