Going To Jail The Political Prisoner:

Going to Jail Howard Levy, David Miller, 1970 *Political Prisoner* Paul Manafort, 2022-08-16 A WALL STREET JOURNAL USA TODAY and PUBLISHERS WEEKLY NATIONAL BESTSELLER NEW BOOK CLAIMS DONALD TRUMP WILL RUN AND WIN IN 2024 A riveting account of the HOAX that sent a presidential campaign chairman to solitary confinement because he wouldn't turn against the President of the United States The chief weapon deployed by the government corporate media Establishment against the Trump presidency was propaganda Time and again allegations from anonymous sources were disseminated by a partisan media promoted by a dishonest Democrat Party leadership and ultimately debunked when the facts surfaced But by the time the truth came out it was too late There had already been casualties One of the highest profile casualties was Paul Manafort Desperate to defeat Donald Trump or hamper his presidency after he won Democrats and their Establishment allies colluded with foreign operatives to concoct a completely false narrative about Paul's supposed conspiracy with pro Russian elements in Ukraine to further Vladimir Putin's efforts to influence the 2016 presidential election But it wasn't just defamation of Paul's character They took the unprecedented step of enlisting the US intelligence and law enforcement communities in using their power against President Trump and his campaign team *Political Prisoner* finally exposes the lies left unchallenged by media who pronounced Paul guilty long before his case ever saw the inside of a courtroom Not only is it untrue that Victor Yanukovych or any of Paul's clients were pro Putin it is the opposite of the truth Paul's work in Ukraine and throughout his career was 100 percent aligned with US interests in the countries he worked in sometimes even acting as a back channel for the White House itself Neither was Paul guilty of laundering money evading taxes or deliberately deceiving the US government by failing to register as a foreign agent which he wasn't These were all politically motivated charges manufactured by the Special Counsel's team for one reason and one reason only to get Paul to testify against Donald Trump about a conspiracy that never existed When they hear the basis of these spurious charges Americans will wonder what country they are living in and what has happened to our system of justice *Political Prisoner* tells the real story of Paul's life and career exploding the lies about his work in Ukraine his previous work with foreign governments and business interests in other countries his involvement with the Trump campaign and the process crimes for which he was wrongly convicted and sent to prison It is no exaggeration to say that everything most Americans think they know about Paul Manafort is false **Political Prisoners in China** United States. Congressional-Executive Commission on China, 2010 *Human Rights, Suffering, and Aesthetics in Political Prison Literature* Yenna Wu, Simona Livescu, 2011-06-16 This interdisciplinary volume of essays studies human rights in political prison literature while probing the intersections of suffering politics and aesthetics in an interliterary and intercultural context As the first book to explore the concept of global aesthetics in political prison narratives it demonstrates how literary insight enhances the study of human rights Covering varied geographical and geopolitical regions this collection encourages comparative analyses and cross cultural

understanding Seeking to interrogate linguistic structural and cultural constructions of the political prison experience it highlights the literary aspects without losing sight of the political and the theoretical The contributors cross various disciplinary boundaries and adopt different interpretive perspectives in analyzing prison narratives especially memoirs from such diverse countries as China Egypt Morocco Syria Romania Russia Uruguay and the U S The volume emphasizes the literary works produced since the second half of the twentieth century particularly since the political seismic shift in 1989 The authors treated range from the canonical to the less well known Nawal El Saadawi Varlam Shalamov Zhang Xianliang Cong Weixi Wumingshi Carlos Liscano Fatna El Bouih Nabil Sulayman Faraj Bayraqdar Hasiba Abdalrahman Tahar Ben Jelloun Nicolae Steinhardt Irina Ratushinskaya etc Critical issues investigated include how the writers represent their sufferings experiences and emotions during incarceration their strategies of survival and how political prison literature can reveal hidden violations of human rights while resisting official discourse and serving other functions in society Examining the commonalities and differences in global experiences of imprisonment the eight chapters engage with the aesthetics of self making and resistance individual and collective memory denial and conversion catharsis and redemption and the experiencing and witnessing of trauma Topics also include the politics of remembering and the politics of representation such as the problematic relationship between narrative language and representations of torture Similarly under discussion are prison aesthetics of happiness the role of spectacle in the criminal justice system and the intersection of prison gender and silences At a juncture when more and more people all over the world actively defy repressive regimes and demand political reform this book makes a timely contribution to the advocacy and discourse of universal human rights

Sick and Elderly Political Prisoners in Erdogan's Turkey - Special Report Advocates of Silenced Turkey, 2021-10-14 140 pages

comprehensive special report on sick and elderly political prisoners in Erdogan s Turkey and grave human rights violations The jails in Turkey have long been mentioned in the same breath as inhumane actions and the breach of even the most basic rights especially against the political prisoners The violations have reached to unprecedented levels in parallel with the emergence of the current political Islamist authoritarianism The oppressive regime under President Recep Tayyip Erdo an s rule instrumentalized the country s legal system to muzzle the political dissidence turning the prisons into concentration camps The number of inmates behind the bars has reached historic highs Hosting convicts much more than their capacities the prisons which were already substantially subpar have fallen way below the minimum acceptable standards for human dignity Patients in particular bore the most of the brunt of this precipitated deterioration of the prison conditions and the wrath of the Turkish regime against its opponents
