**Michael Brown**

## Going To War In The 19th Century:

**Going to War in the 19th Century** Craig Dodd, Mark Bergin, 2001 Surveys fighting forces and battles of the second half of the nineteenth century including the Civil War the Crimean War and the Indian Mutiny covering such topics as recruiting uniforms transport cavalry war at sea and more *Upcountry South Carolina Goes to War* Tom Moore Craig, 2012-06-05 This collection of Civil War correspondence chronicles the lives and concerns of three Confederate families in Piedmont South Carolina The letters in *Upcountry South Carolina Goes to War* provide valuable firsthand accounts of both battlefronts and the home front sharing rich details about daily life as well as evolving attitudes toward the war As the men of service age from each family join the Confederate ranks they begin writing from military camps in Virginia and the Carolinas describing combat in some of the war's more significant battles Though they remain staunch patriots to the Southern cause until the bitter end the surviving combatants write candidly of their waning enthusiasm in the face of the realities of combat The corresponding letters from the home front offer a more pragmatic assessment of the period and its hardships Emblematic of the fates of many Southern families the experiences of these representative South Carolinians are dramatically illustrated in their letters from the eve of the Civil War through its conclusion *America Goes to War* Bernard Rostker, 2007 For more than three decades the United States has relied on an all volunteer force to meet its military needs Today the sustainability of that force is being tested with high levels of deployment and subsequent stress Such an environment raises the issue of how the Department of Defense can continue to manage its personnel This report looks at the history of conscription versus volunteerism particularly in Great Britain France and Prussia to understand when and under what conditions conscription has been used effectively to raise the manpower needed Specifically what actions could the U S Army take to increase the supply of volunteers or reduce the demand for new personnel The report also focuses on the many programs that have been developed to help military members and their families cope during difficult times as well as the particular challenges of understanding which programs work p 4 of cover *Going to War* P. Towle, 2009-04-30 *Going to War* overturns conventional views of the role of public opinion the armed forces parliamentarians NGOs and writers in the formation of British debates about impending wars It shows the pressures and the reasons which have led to Britain's involvement in so many conflicts

*Going to War in the 19th Century* Craig Dodd, 2010-06 Soldiers in the U S Civil War the Crimean War and the Indian Mutiny fought with bravery courage and daring This book examines how armies and navies militia and medics lived and fought together in the 19th century With full color illustrations and fact filled text you can find out what life was really like for a warrior A book in the *Armies of the Past* series Reinforced library binding Juvenile audience **About War** Christopher K Pike, 2022-01-14 War like death and taxes seems eternal but is it inevitable Do nations simply blunder into it What is victory and how is it achieved The author of this original and lively study answers these and other perennial questions about War and Warfare not the same thing that scholars often ignore Pike explains how strategy fuses objectives

and action how war leaders invariably and literally lose the plot how the relationship between generals and politicians is key He looks at nuclear war and provides some provocative insights he argues that Mutually Assured Destruction MAD while a hideous concept provides strategic stability He also highlights the absurdity and folly of past wars football wars wars about pigs or ears but stresses that wars a last resort once diplomacy has failed are lost by those blinded by hubris irresolution or simple strategic confusion This is the first volume in a trilogy Making Sense of War War in Context will be published in the spring summer of 2022 Both learned and a joy to read Pike synthesises 2 000 years of scholarship and cuts through the fog of war and history Antony Bird writer and historian      The Metamorphosis of War ,2012-01-01 In the last few decades the practice purpose and the very language of warfare have been radically transformed This volume mobilizes the resources of a range of disciplines across the social sciences and humanities in combination with the insights of military practitioners to understand the metamorphosis of war      **Civil War Chronology, 1861-1865** United States Navy Department. Naval Operations Office,1966      **Civil War Naval Chronology, 1861-1865** United States. Naval History Division,1961 Part IV of the Civil War Naval Chronology a summary of significant events from 1861 1865      The German 1918 Offensives David T. Zabecki,2006-09-27 This is the first study of the Ludendorff Offensives of 1918 based extensively on key German records presumed to be lost forever after Potsdam was bombed in 1944 In 1997 David T Zabecki discovered translated copies of these files in a collection of old instructional material at the U S Army Command and General Staff College at Fort Leavenworth Kansas He presents his findings here for the first time with a thorough review of the surviving original operational plans and orders to offer a wealth of fresh insights to the German Offensives of 1918 David T Zabecki clearly demonstrates how the German failure to exploit the vulnerabilities in the BEF s rail system led to the failure of the first two offensives and how inadequacies in the German rail system determined the outcome of the last three offensives This is a window into the mind of the German General Staff of World War I with thorough analysis of the German planning and decision making processes during the execution of battles This is also the first study in English or in German to analyze the specifics of the aborted Operation HAGEN plan This is also the first study of the 1918 Offensives to focus on the operational level of war and on the body of military activity known as the operational art rather than on the conventional tactical or strategic levels This book will be of great interest to all students of World War I the German Army and of strategic studies and military theory in general      The Legality and Legitimacy of the Use of Force in Northeast Asia Brendan Howe,Boris Kondoch,2013-06-06 In The Legality and Legitimacy of the Use of Force in Northeast Asia Brendan Howe and Boris Kondoch bring together distinguished authors with extensive Northeast Asian backgrounds to offer a diverse and comprehensive evaluation of when it is right from regional perspectives to use force in international relations The use of force in international relations has been severely curtailed by pragmatic considerations of international order and further constrained by positive international law In Northeast Asia the prohibition of aggression has remained uncontested Strict adherence to

non intervention in Northeast Asia has however increasingly come under attack from internal and external normative communities The contributors therefore use regional legal normative cultural and historical insights to shed light on the contemporary positions of Northeast Asian political communities with regard to the use of force      Pacifism as War Abolitionism Cheyney Ryan,2024-03-12 Responding to the unprecedented violence of our times and the corresponding interest in nonviolent solutions this book takes up the heart of pacifism its critique of what pacifists have termed the war system Pacifism as War Abolitionism provides an account of the war system that draws on contemporary sociology history and political philosophy The core of its critique of that system is that war begets war and hence war will not be ended or even constrained by finding more principled ways to fight war as many imagine War can only be ended by ending the war system which can only be done nonviolently This has been the message of pacifism s great voices like Gandhi Dr Martin Luther King Jr and Dorothy Day It is the principal message of this book Key Features Draws extensively on the sociological and historical research on war to expand the usual philosophical discussion beyond hypothetical accounts Expands the dialogues on the ethics of war beyond just war theory to its principal alternative pacifism Engages discussion of empire and imperialism in relation to the logic and development of the war system Presents pacifism s response to the reality of war today including the idea of never ending war      *Hollywood War Films, 1937-1945* Michael S. Shull,David Edward Wilt,2015-09-03 From 1937 through 1945 Hollywood produced over 1 000 films relating to the war This enormous and exhaustive reference work first analyzes the war films as sociopolitical documents Part one entitled The Crisis Abroad 1937 1941 focuses on movies that reflected America s increasing uneasiness Part two Waging War 1942 1945 reveals that many movies made from 1942 through 1945 included at least some allusion to World War II      **What Do We Know about War?** John A. Vasquez,2000 What Do We Know about War reviews the causes of war and the conditions of peace Drawing analyses from the thirty five year history of this discipline leading researchers explore the roles played by alliances territory arms races interstate rivalries capability and crisis bargaining in increasing the probability of war They emphasize international norms and the recent finding that democratic states do not fight each other as factors that promote peace This book offers an accessible and up to date overview of current knowledge and an agenda for future research      *World War I Almanac* David R. Woodward,2009 Presents a day by day chronology of the events of World War I and a biographical dictionary of people involved in the conflict      *Department of Defense Appropriations for ...* United States. Congress. House. Committee on Appropriations,1974      Conflict, War and Revolution Paul Kelly,2022-01-04 Violence and war were ubiquitous features of politics long before the emergence of the modern state system Since the late 18th century major revolutions across the world have further challenged the idea of the state as a final arbiter of international order This book discusses ten major thinkers who have questioned and re shaped how we think about politics violence and relations between states Thucydides Augustine Machiavelli Hobbes Locke Rousseau Clausewitz Lenin and Mao and Schmitt Conflict war and revolution have generally been

seen in political thought as problems to be managed by stable domestic political communities In different ways all the paradigmatic thinkers here acknowledge them instead as inevitable dimensions of human experience manifested through different ways of acting politically while yet offering radically distinct answers about how they can be handled This book dramatically broadens the canon of political thought by considering perspectives on the international system that challenge its historical inevitability and triumph Drawing on history theology and law as well as philosophy Paul Kelly introduces thinkers who challenge fundamentally the ways in which we should think about the nature and scope of political institutions and agents He illuminates many troubling contemporary conflicts with a critical and historical perspective This book is primarily intended for second year and upwards undergraduate students in general political theory and international theory and advanced international relations students Each chapter is also downloadable on its own for use in courses considering only some of the ten theorists covered Written in an accessible way Conflict War and Revolution will also interest advanced general readers with interests in the historical thought underpinnings of political ideas and today s international politics

**Department of Defense Appropriations** United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense,1975      *Department of Defense Appropriations for 1975* United States. Congress. House. Committee on Appropriations,1974      Department of Defense Appropriations for 1975 United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense,1974
