**Gold in Them Hills** Carl Burgess Glasscock,1932      California Poems: Gold In Them Hills Stephanie Mood,2010-05-05  
These stories and poems are no fairy tale but real ones singing songs of the sleeping promise of the West its blinding sunsets and pricked finger its strange looking dwarfs and puckered kiss The sun is the dominant image throughout but its rays illuminate with dense anger or delightful humor Death Valley and Hearst Castle transients and friends the rich and the cops all searching for the promise From the opening prose we learn that this quest is personal including a nasty divorce and perplexed children But always the sun and the sea beckon us Yet death looms though like the elusiveness of the West itself it is not a bad thing Our bones decay smiling atoms wave where we ve been Our heat waves love lingering under the sky For finally This is the West The land stops here The urge curls in the sand and laughs here      Pennsylvania Library and Museum Notes ,1927      **A History of the Lands Added to Death Valley National Monument by the California Desert Protection Act of 1994** Harlan D. Unrau,1997      **History of Public Land Law Development** Paul Wallace Gates,United States. Public Land Law Review Commission,1968      Pennsylvania Library Notes ,1916      **Death Valley to Deadwood; Kennecott to Cripple Creek** United States. National Park Service. Division of National Register Programs,1990 Papers address concerns by contractors and agencies in how to survey and nominate properties to the National Register of Historic Places and how to mitigate adverse actions on significant resources management concerns related to historic mining sites on public lands and interpretation and display of mining sites and materials The focus is on the western United States but other parts of the U S and western Canada are covered      The Silver State, 3rd Edition James W. Hulse,2012-06-07 Nevada has changed dramatically over the past quarter century and in this third edition of The Silver State renowned historian James W Hulse recounts the major events historical political and social that have shaped our state Hulse s cohesive approach offers students and general readers an accessible account of Nevada s colorful history The new edition highlights the social and political changes that have occurred since the original publication of The Silver State in 1991 Hulse discusses the impact of a growing population changes in the economy and education system expanding roles of women recent developments in state politics including the 2003 legislative session the influence of Nevada s growing ethnic population and increasingly divergent demographic groups and the impact of federal policies including President George W Bush s 2002 decision to authorize the opening of a nuclear waste depository at Yucca Mountain In addition all the recommended reading lists have been updated The Silver State explores many dimensions of the Nevada experience and its peoples This book will inspire readers to take another look at the rich cultural heritage and eventful history of Nevada the Silver State      **Death Valley and the Amargosa** Richard E. Lingenfelter,1988-01-11 This is the history of Death Valley where that bitter stream the Amargosa dies It embraces the whole basin of the Amargosa from the Panamints to the Spring Mountains from the Palmettos to the Avawatz And it spans a century from the earliest recollections and the oldest records to that day in 1933 when much of the valley was

finally set aside as a National Monument This is the story of an illusory land of the people it attracted and of the dreams and delusions they pursued the story of the metals in its mountains and the salts in its sinks of its desiccating heat and its revitalizing springs and of all the riches of its scenery and lore the story of Indians and horse thieves lost argonauts and lost mine hunters prospectors and promoters miners and millionaires stockholders and stock sharps homesteaders and hermits writers and tourists But mostly this is the story of the illusions the illusions of a shortcut to the gold diggings that lured the forty niners of inescapable deadliness that hung in the name they left behind of lost bonanzas that grew out of the few nuggets they found of immeasurable riches spread by hopeful prospectors and calculating con men and of impenetrable mysteries concocted by the likes of Scotty These and many lesser illusions are the heart of its history Books and Notes
