**Golden Circle Secrets** Dale Midgley, Ben Midgley, 2005-04-01 A father and son sales team reveal the secrets of sales success In Golden Circle Secrets father and son team Dale and Ben Midgley show management and the sales team how to achieve consistent success in sales Based on a unique new strategy that responds to customer values and expectations the Midgleys reveal how sales and management are inseparable components of sales success that must work in tandem to produce consistent results for an organization Sales increase when management and its sales force are on the same page The golden circle is based on a customer oriented business system specifically designed to help companies attract and satisfy customers and energize employees while maintaining a consistently healthy level of profits

**Dark Lanterns** Frank L. Klement, 1989-08-01 During the agonizing days of the Civil War four secret political societies often known as dark lantern societies became household words throughout the North Three of these groups the Knights of the Golden Circle the Order of American Knights and the Sons of Liberty supposedly were umbrellas for antiwar Democrats and were reportedly involved in treasonable activities The Union League on the other hand was a patriotic political organization intent upon buttressing northern morale and giving support to the war program of the Lincoln administration The accusations and counter accusations that passed between these opposing forces helped spread fantastic rumors about their power and influence Treason trials held in Cincinnati and Indianapolis based convictions on hearsay while the leaders of the Order of American Knights and the Knights of the Golden Circle spent much of the war in prison without benefit of trial Today reputable reference sources still matter of factly credit these societies with large memberships and evil motives In Dark Lanterns Frank L. Klement refutes past historical theories and shows quite clearly that these societies were never much more than paper based organizations with vague goals and little ability to carry them out Recounting the actual histories of these organizations he shows how they were sensationalized even fictionalized in both Republican and Democratic newspaper and magazine exposés He also probes the trials arising from the supposed conspiracy to establish a separate confederacy in the Midwest and the so called Camp Douglas conspiracy which was intended to release the Confederate prisoners housed there Despite the furor they generated Klement concludes that these dark lantern societies were essentially engaged in nothing more than a war of words and that their alleged power was greatly exaggerated by political propaganda Meticulously researched and lucidly argued Dark Lanterns explores a controversial and puzzling aspect of the Civil war It will be hard to dispute Klements finding that generations of historians have swallowed whole a tale that was largely the product of myth and legend

**Prologue**, 2010 [Dictionary of Buddhism](#) Soka Gakkai, 2009-01-01 Anyone reading English translations of Buddhist texts will encounter a host of names terms and phrases whose meanings are not clear even though they appear in English Buddhism is famous for its specialized terminology and translation alone may not communicate its full meaning East Asian Buddhist diction is layered with several languages Pali Sanskrit Chinese and Japanese and the only way to make one s

way through this linguistic maze without getting lost is with the aid of a good dictionary The Soka Gakkai Dictionary of Buddhism a revised and expanded version of A Dictionary of Buddhist Terms and Concepts 1983 is a welcome addition that serves this purpose Written clearly for the general reader the Dictionary contains over 2 700 entries While it is designed primarily for use with the Soka Gakkai s translations of Nichiren s works the Dictionary contains a wealth of terms found in all other traditions of Buddhism Definitions are given for technical terms historical figures doctrinal texts institutions and place names The entries provide complete cross references so that readers may know and further pursue meanings of term equivalents as rendered in other ways or languages Ten appendixes provide maps and world lists that enable the reader to find terms in English Pali Sanskrit Chinese or Japanese Like all Buddhist masters Nichiren presented his particular message in the wider context of other Buddhist teachings and practices To know the particular one must also understand the general context and the Dictionary in addressing both levels provides essential knowledge not only for students of Nichiren Buddhism but for anyone reading Buddhist texts

Medieval Arthurian Epic and Romance William W. Kibler,R. Barton Palmer,2014-08-21 This volume offers newly translated texts that exemplify the two most important traditions of Arthurian literature in the Middle Ages

Encompassing such key works such as Lawman's *Brut* and Wace's *Romance of Brut* written in Middle English and Old French respectively the Arthurian Epic Tradition depends on Geoffrey of Monmouth's *History of the Kings of Britain* written in Latin. Many modern readers are more familiar with Arthur and his fabled court as the centerpiece of a massive fictional tradition well represented in the second part of this volume including Chretien de Troyes's *Story of the Grail*, *The Quest of the Holy Grail*, and the *Perlesvaus*. These selections emphasize the connection between secular and religious understandings of chivalry that is the most distinctive quality of medieval Arthurian romance. Useful as a classroom text, the volume provides material for a semester's worth of study. Instructors considering this book for use in a course may request an examination copy [here](#).
