The Universal Medicine Art Corpus, 2014-11-14 Laughter is not the best medicine If you have a weak heart you can die laughing But you cannot die by drinking your fresh urine even if you have a weak heart On the contrary your weak heart will become strong because it will be cured of its disease that made it weak Moreover if you have other diseases they will all be cured if you drink your fresh urine This book will show you how this magic is done by urine Urine is not a waste It is a residue Your body takes and uses the little nutrients it needs from the food and liquid you take The residue is taken out of your body through your urine Hence your urine is full of precious healthy nutrients By drinking your fresh urine you can give back to your body these nutrients that will cure and prevent all diseases This book will tell you how this is done Since urine is a medicine that is manufactured by your body and since your body is made and designed by God urine is truly God s medicine That is why it is so effective and cures all diseases For this reason the wise

people of India have been using for ages their urine to cure and prevent diseases And also for this reason they call urine Shivambu meaning water of Shiva who is one of their major gods Indeed it is urine which is the best medicine no other

Paul,2016-09-27 Wine has always been a part of popular medicine Bacchic Medicine analyses the historical role of wine in the treatment of disease and preservation of health The Hippocratic texts gave wine therapy a canonical statement over two millennia ago but the nineteenth century was the golden age of alcohol and wine therapy The Germans and the British gave us early canons of wine therapy and heavily endowed with wine cultural capital the French followed But like all therapies alcohol and wine therapies were not without danger and some of the iatrogenic tales are still with us In the twentieth century many doctors rallied to the defence of wine both as a substitute for more dangerous alcoholic drinks and as an efficacious

medicament with an impressive case for the efficacy of wine in fighting bacteria heart disease and cancer New science based on animal models and ionic theory fortified their arguments According to the controversial French Paradox wine drinking makes it possible for a population to enjoy a high fat diet yet suffer little Bacchic Medicine also discusses the contemporary debate over the role of alcohol and wine in preventive medicine
