

Here you can learn a way to pray for someone else and pray about a situation. It was written by the great Unity writer, Emmet Fox.

## The Golden Key

by Emmet Fox

Scientific prayer will enable you to get yourself or anyone else, out of any difficulty. It is the golden key to harmony and happiness.

To those who have no acquaintance with the mightiest power in existence, this may appear to be a rash claim, but it needs only a fair trial to prove that, without a shadow of doubt, it is a just one. You need take no one's word for it, and you should not. Simply try it for yourself.

God is omnipotent, and we are God's image and likeness and have dominion over all things. This is the inspired teaching, and it is intended to be taken literally, at its face value. The ability to draw on this power is not the special prerogative of the mystic or the saint, as is so often supposed, or even of the highly trained practitioner. Everyone has this ability. Whoever you are, wherever you may be, the golden key to harmony is in your hand now. This is because in scientific prayer it is God who works, and not you, and so your particular limitations or weaknesses are of no account in the process. You are only the channel through which the divine action takes place, and your treatment will be just the getting of yourself out of the way.

Beginners often get startling results the first time, for all that is essential is to have an open mind and sufficient faith to try the experiment. Apart from that, you may hold any views on religion, or none.
