independence prevented him from surviving the changes in the industry that brought the Golden Age to an end in the 1960s His experiences bring a fresh and until now unknown perspective to the medium's most extraordinary period **The Parade's Gone By** Kevin Brownlow, 1968 Well illustrated book on history of silent movies **King of the Half Hour** David Everitt, 2001-03-01 Regarded by his contemporaries as one of television's premier comedy creators Nat Hiken was the driving creative force behind the classic 1950s and 1960s series *Sgt Bilko* and the hilarious *Car 54 Where Are You* *King of the Half Hour* the first biography of Hiken draws extensively on exclusive first hand interviews with some of the well known TV personalities who worked with him such as Carol Burnett Fred Gwynne Alan King Al Lewis and Herbert Ross The book focuses on Hiken's immense talent and remarkable career from his early days in radio as Fred Allen's head writer to his multiple Emmy winning years as writer producer director on television In addition to re-establishing Hiken's place in broadcast history biographer David Everitt places him in the larger story of early New York broadcasting Hiken's career paralleled the rise and fall of television's Golden Age He embodied the era's best qualities craftsmanship a commitment to excellence and a distinctive uproariously funny and quirky sense of humor At the same time his uncompromising independence prevented him from surviving the changes in the industry that brought the Golden Age to an end in the 1960s His experiences bring a fresh and until now unknown perspective to the medium's most extraordinary period **Role-play and the World as Stage in the Comedia** Jonathan Thacker, 2002-01-01 The *theatrum mundi* metaphor was well known in the Golden Age and was often employed notably by Calderón in his religious theatre However little account has been given of the everyday exploitation of the idea of the world as stage in the mainstream drama of the Golden Age This study examines how and why playwrights of the period time and again created characters who dramatize themselves who reinvent themselves by performing new roles and inventing new plots within the larger frame of the play The prevalence of metatheatrical techniques among Golden Age dramatists including Lope de Vega Tirso de Molina Calderón de la Barca and Guillén de Castro reveals a fascination with role playing and its implications Thacker argues that in comedy these playwrights saw role playing as a means by which they could comment on and criticize the society in which they lived and he reveals a drama far less supportive of the social status quo in Golden Age Spain than has been traditionally thought to be the case *Gaspar Melchor de Jovellanos* John Herman Richard Polt, 1971 **Cambridge University Extension** Richard Green Moulton, 1879 **Refiguring the Hero** Dian Fox, 2010-11-01 **Pedro Calderón de la Barca** José María Ruano de la Haza, 1988-05-01 This is a definitive critical edition of the holograph manuscript 1639 of Calderón's comedy This volume traces the textual history of the play and lists variants from all known editions printed in or immediately after Calderón's lifetime it also gives a brief account of editions printed up to the end of the eighteenth century Two sets of notes are provided one listing and discussing all the emendations additions and deletions made by Calderón in the course of the composition of the play and the other offering clarification of words and allusions in the text which might cause difficulty for the modern

The Secular Scripture and Other Writings on Critical Theory, 1976-1991 Northrop Frye, 2006-12-15 Northrop Frye's *The Secular Scripture* was first published in 1976 and was soon recognized as one of his most influential works reflecting an extensive development of Frye's thoughts about romance as a literary form This new edition in the *Collected Works of Northrop Frye* series brings *The Secular Scripture* together with thirty shorter pieces pertaining to literary theory and criticism from the last fifteen years of Frye's life Frye's study illuminates the enduring attraction and deep human significance of the romance genre in all its forms He provides a unique perspective on popular fiction and culture and shows how romance forms have by their very structural and conventional features an ability to address both specific social concerns and deep and fundamental human concerns that span time and place In distinguishing popular from elite culture Frye insists that they are both ultimately two aspects of the same human compulsion to create in the face of chaos The additional late writings reflect Frye's sense at the time that he was working toward some kind of final statement which eventually saw the light of day only months before his death as *Words with Power* 1990

Calderon: Love Is No Laughing Matter Sean Page, K. Muir, 1986-01-15 Although Calderon's comedy has received rather less attention than the other genres in which he excelled it is widely acknowledged that his comic plays are unrivalled among his contemporaries in terms of plot structure and technical expertise they also explore contemporary issues to an extent which has not been appreciated *Love is no Laughing Matter* is one of the best in which the dramatist casts a sardonic eye on male chauvinism women's education and social snobbery This is the first complete text of the play to be published since 1650 Spanish text with facing page translation
