Enochian Vision Magick Lon Milo DuQuette, 2019-09-01 The greatest guide ever written by our greatest living teacher of magick to the greatest occult system on Earth from the forward by Jason Louv author of John Dee and the Empire of Angels Having mastered the arts and sciences of his age Elizabethan magus Dr John Dee 1527 1608 resolved that worldly knowledge could no longer provide him the wisdom he desired and as did so many other learned men of the day he turned his attention to magick In 1582 he and his clairvoyant partner Edward Kelley made magical contact with a number of spiritual entities who identified themselves as angels the same that communicated with Enoch and the patriarchs of the Old Testament Over the next 3 years they revealed to Dee and Kelley three distinct magical systems of vision magick The third and last of these incorporated a series of calls to be recited in an angelic language in order to raise the consciousness of the magician to a level where angelic contact is possible In Enochian Vision Magick Lon Milo DuQuette introduces the origins of Enochian magick and offers the expert and novice alike the opportunity not only to see the big picture of the full system but also the practical means by which he or she can become attuned in the same step by step manner that first prepared Dee and Kelley First published by Weiser in 2008 this new edition includes a new introduction and new back matter by the author as well as a new foreword by Jason Louv

The Tree of Life Israel Regardie, Chic Cicero, Sandra Tabatha Cicero, 2000 Israel Regardie wrote The Tree of Life a book many consider his magnum opus in 1932 It has continued to sell for decades And no wonder Up until the time this book was published very little information about true high magic was available to the public In this book Regardie reveals the secrets of real magic He begins with an explanation of what magic is and just as importantly what magic is not He explains that it is a spiritual study and practice which along with forms of yoga forms the two branches of the tree that is mysticism Magic is not being a medium or a psychic Then he explains the tools of the magician what they mean and how to use them He explains the techniques of evocation and invocation skrying and astral travel He shows how the Qabalah unites everything He even gives a description of the secrets of sexual magick All of this is in a clear lucid writing style This book is simply a must for anyone who is or aspires to be a real magician Although Chic and Sandra Tabatha Cicero were friends of Regardie and are Senior Adepts of the Hermetic Order of the Golden Dawn what changes could they have made to this classic book Well they did change the spelling from British style to American And they did change his transliterations of Hebrew into the more popular style he used in his later books But nothing vital was changed or removed Everything else they added was complementary to the text that was there And what incredible additions they are Extensive annotations throughout every chapter over 100 illustrations more descriptive contents pages a glossary a bibliography and an index They ve even added a biographical note on Regardie and the importance of this book to him and to the occult world This book contains some of the finest occult writing that has ever been

produced And with the new material by the Ciceros it becomes a must have for any magician **Black Michael's Search for a True God** Michael Oscar McKee,2020-04-16 This is my first book I went into great detail about my search for God I related some of the motivations in my life and suggested the influence my parent s lives might have had on my search for God instead of accepting what was handed to me through my church and school Instead of relying on my memory I quoted from corroborating texts and noting where I differed with the presented material Tarot of Ceremonial Magick Lon Milo Duquette,1995-06-01 The Tarot of Ceremonial Magick is a new deck created by DuQuette and published by U S Games In this groundbreaking book he explains the symbology of the cards On each card is shown the Zodiacal Enochian Ceremonial Goetic Tattvic and Elemental components along with the card s place in each of those systems and its relationships to other cards For students of Crowley s works this new deck and book makes his conceptual connections more accessible Illustrated Bibliography *The Encyclopedia of Jewish Myth, Magic and Mysticism* Geoffrey W. Dennis,2007 How are alchemy astrology magic and numerology related to Jewish mysticism The fabulous miraculous and mysterious are all explored in this comprehensive reference to Jewish esotericism the first of its kind From amulets and angels to the zodiac and zombies the Encyclopedia of Jewish Myth Magic and Mysticism features over one thousand alphabetical entries Rabbi Geoffrey W Dennis offers a much needed culmination of Jewish occult teachings that includes significant stories mythical figures practices and ritual objects Spanning the Bible the Midrash Kabbalah and other mystical branches of Judaism this well researched text is meant to trigger insight spark inspiration and illuminate one of the oldest esoteric traditions still alive today
