Gold Magic Egging Lady Li Andre,2010-05-17 Dursdan forced himself to move forward pulling the gate shut quietly behind him He glanced frantically around the courtyard hoping to see his father or brother No one else was there He was alone with the beast A trickle of sweat dribbled into his eyes Dursdan blinked to clear his vision He swallowed and began creeping around the edge of the courtyard The dragon s eyelids were mostly closed but Dursdan could feel the Silver s gaze following him along the path Tiny pinpricks ran down his spine He tried to melt into the lengthening shadows of the inner wall His throat tightened and a great inner drum pounded in his ears He was almost to the door Sinotio snorted Dursdan jumped the last few steps and fled inside Dursdan would rather be a farmer and have nothing to do with the magical beasts that protect the Valley but his father is a Dragon Lord As the first born son he s expected to follow in his father s footsteps When his father risks his life to obtain a rare golden egg Dursdan is forced to carry it But the threads of the past have already woven him into their mysterious patterns and he must protect the egg from a wizard who would enslave Gold Magic

supremely complex network We don't find anything in the Hindu corpus that refers to this or to the modern scientific fact that our experience of self and world as human beings is a construct of the functioning of this supremely complex network And yet Hinduism itself contains expressed through a cultural fabric the representation of a supreme understanding through which the most fundamental fact of modern brain science comes into focus The point of Hinduism like that of any of the great religions is the discovery of God whether as Brahman or Krishna and not merely the provision of entertaining stories about our origins With this in mind this book contains a steep but fast shortcut into the core content behind the cultural fabric in such a way that is compatible with Western inquiry whilst giving full due regard to the profound and spiritual nature of the corpus It is all too easy to regard the pantheon of Hinduism as proof of its estrangement and disconnection from a religion such as Christianity which amongst the religions predominates in the West But such a judgement would be to overlook the one thing that all cultures and all religions have in common and on which they depend for their expression in the first place Which is none other than human brain function In these pages the deeper content of the Hindu corpus and the single most fundamental fact of modern neuroscience come together They are exposed together for anyone who is interested to show how in a very 21st century way as well as in an ancient Hindu way we are what Hinduism may might regard as *iva s* brainchild

The Venus Blueprint Richard Merrick,2012-05-22 In 2010 Richard Merrick took a family trip to Scotland s Rosslyn chapel the enigmatic fifteenth century temple made famous by Dan Brown s The Da Vinci Code Little did he know he was about to embark upon an intellectual and personal journey that would lead to the discovery of a real life lost symbol one that reveals the connection between the world s most sacred temples and opens up a treasure trove of lost science and ancient secrets The symbol he discovers the Venus Blueprint is based on that planet s orbital pattern which takes the shape of a five pointed star when seen from Earth As Merrick digs deeper he realizes the Venus Blueprint was an integral part of the design template of some of the most significant religious architecture around the world including St Peter s Basilica in the Vatican the Roman Pantheon the Greek Parthenon the Temple of Jerusalem and the Great Pyramid of Giza as well as many buildings designed by the secretive Freemason society Upon further examination Merrick is astounded to discover that temples designed using the Venus Blueprint are endowed with extraordinary acoustics that when supplied with the right tones and frequencies are capable of harmonizing with Earth s resonant frequencies and evoking altered states of consciousness He then proposes a fascinating idea Could it be that the ancients used these harmonics to enhance entheogenically induced visions to commune with the divine and liberate the gods within Supported by an impressive array of historical research and scientific analysis The Venus Blueprint offers compelling evidence of an ancient lost culture that was both spiritually and scientifically advanced
