Golden Summers Stories Of Australian Lives:

Golden Summers Ray Coffey, 2004 No Marketing Blurb *The Journal of Commonwealth Literature* ,2005 One number each year includes Annual bibliography of Commonwealth literature The Fin de Siècle Imagination in Australia, 1890-1914 Mark Hearn, 2022-07-14 This book explores the fin de si cle an era of powerful global movements and turbulent transition in Australia and beyond through a series of biographical microhistories From the first wave feminist Rose Summerfield and the working class radical John Dwyer to the indigenous rights advocate David Unaipon and the poet Christopher Brennan Hearn traces the transnational identities philosophies ideas and cultures that characterised this era Examining the struggles and aspirations of fin de si cle lives respect for the rights of women and indigenous peoples the injustices and hardship inflicted on working men and women and the ways in which they imagined a better world this book examines the transformation and renewal brought about by fin de si cle ideas It examines the distinctive characteristics of this great acceleration of economic technological and cultural forces that swept the globe at the turn of the 19th century both within an Australian context and on the world stage Asserting that the fin de si cle was significant for the making of modern Australia and demonstrating the impact Australian fin de si cle lives had on the transnational and global movements of the era Mark Hearn traces the turbulent nature of the fin de si cle imagination in Australia and its response to these dynamic forces The story of my life William Lennox, 1857 *Lower Hall* Boston Public Library, 1877 *Pastoral Australia* Michael Pearson, Jane Lennon, 2010-04-27 Pastoral Australia tells the story of the expansion of Australia s pastoral industry how it drove European settlement and involved Aboriginal people in the new settler society The rural life that once saw Australia ride on the sheep s back is no longer what defines us yet it is largely our history as a pastoral nation that has endured in heritage places and which is embedded in our self image as Australians The challenges of sustaining a pastoral industry in Australia make a compelling story of their own Developing livestock breeds able to prosper in the Australian environment was an ongoing challenge as was getting wool and meat to market Many stock routes wool stores abattoirs wharf facilities railways roads and river and ocean transport systems that were developed to link the pastoral interior with the urban and market infrastructure still survive Windmills fences homesteads shearing sheds bores stock yards travelling stock routes bush roads and railheads all changed the look of the country These features of our landscape form an important part of our heritage They are symbols of a pastoral Australia and of the foundations of our national identity which will endure long into the future *The Uses of Literacy in Colonial Australia* Martyn Lyons, 2025-10-14 What did Australians read This book answers this question in terms of books rather than newspapers and considers the long nineteenth century interpreted as running from 1788 to 1901 In the wake of this primary question several others arise how did Australians acquire the books they read and how did readers in the outback overcome the handicaps of distance and remoteness Did they read for pleasure instruction self edification or spiritual sustenance More importantly how did Australian readers respond to the books they

read The evidence is drawn from autobiographical sources in which individual readers related their personal reading experiences and responses At the same time the book pursues a second and related question What did Australians write Reference is made here not to the kind of writing we know as literature but to the non literary writing which cultural historians call ordinary writings These are the writings of everyday life represented in this book by diaries journals hand written newspapers and correspondence The focus is wide enough to include the everyday cultural practices of people of low social status and little education The writing practices of the partially literate including writing delegated to a third party have their place here In this double investigation the book draws on evidence from a cohort of 101 nineteenth century readers and writers They are a heterogeneous group of autobiographers coming from Melbourne and Sydney to rural Queensland and Western Australia They come from the city and the bush from coastal towns and the interior from sheep stations gold diggings and city offices They show us the perennial importance of Shakespeare and the Bible the popularity of the English canon the prestige of poetry and the importance of religious reading Books held the Empire together but as they travelled their meanings changed according to the local cultural environment This book registers such nuances in the Australian context The writing of this group is represented by some prolific diarists and correspondents In the late nineteenth century the eastern colonies became world leaders in sending letters The postal environment which made this possible is also examined

The Story of My Life Lord William Pitt Lennox, 1857 Australia as the Antipodal Utopia Daniel Hempel, 2019-10-31 Australia has a fascinating history of visions As the antipode to Europe the continent provided a radically different and uniquely fertile ground for envisioning places spaces and societies Australia as the Antipodal Utopia evaluates this complex intellectual history by mapping out how Western visions of Australia evolved from antiquity to the modern period It argues that because of its antipodal relationship with Europe Australia is imagined as a particular form of utopia but since one person's utopia is more often than not another's dystopia Australia's utopian quality is both complex and highly ambiguous Drawing on the rich field of utopian studies Australia as the Antipodal Utopia provides an original and insightful study of Australia's place in the Western imagination
