Golden Temple and the Punjab Historiography Dr. Nazer Singh, 2021-09-15 This book deals with the British discovery of Sikhs their literature and history Further it reminds us of the Sikh political success after the occupation of Lahore by Ranjit Singh in 1799 True that the British enquiry was diplomatic and military during the 18th century However the Anglo Sikh relations after the fall of Delhi and Hansi into the hands of the Company in 1803 and more so the Anglo Sikh Treaties of January 1806 and April 1809 widened the scope of the enquiry With Malcolm s work published in 1810 the Punjabi and Sikh writings especially the Bani of the Gurus or its elaborations by the Bhai s such as Gurdass and Mani Singh entered the field under investigation Sikh History and Religion emerged as a common genre by the middle of the 19th century J D Cunningham gave a firm basis to this genre though H H Wilson had acted differently in 1848 because he was a Sanskritist The use of Bani Sakhi and Rahit by the British the Christian Missions the early Sikh reformers like the Nirankaris and the Namdharis necessitated the further use of Sikh Scriptures Hukamnama and Ardasan carrying letters of Baba Ram Singh 1872 1885 In fact by 1857 the idea of having the Sikh holy granths translated into English was conceived by the British The first attempt in this regard took twenty years i e 1857 1877 The attempt was official and made through Trumpp These twenty years also saw the printing of the Adi Granth in the Damdama Bir twice i e in 1864 and 1868 in Lahore A Janam Sakhi Bhai Bala version was also printed The book reveals how and why the political patronage and use of the Golden Temple Amritsar continued under the British despite the Sikh awakening and protest against it by the Namdhari Movement and the Singh Sabha Lehar between 1863 and 1919 In addition to Golden Temple Sikh Literature and History had drawn colonial attention through Griffin and M A Macauliffe 1868 1909 for political purposes In fact the Gadhar and the Babbar Akalis between 1914 and 1923 gave a close relationship to the Militant Khalsa tradition and the anti British Nationalism in Punjab How Sikh militancy and communalism proved harmful to the cause of the Freedom Movement in and for Punjab is an important but different theme This book is silent about the Great Divide of 1947 or the poetry of Iqbal during the 1920 s and 1930 s Riots and the bitter communal strife was the sin to be told by the short stories of Manto The sin needs further exploring by the political thinkers and writers of South Asia **Golden Temple** SS Bhatti, 2013 Golden Temple Marvel of Sikh Architecture

by Dr SS Bhatti is based on the author's doctoral thesis for his third PhD from Panjab University Chandigarh. This work on the Golden Temple is the first one of its kind in that it has been done by a professional whose research and creative contribution in the three fields of Architecture, Engineering and Aesthetics is quite well known. The author has developed a new method of studying historical monuments and of establishing their distinct styles on the basis of illustrated analysis of the three fundamental elements of building design: space, structure and form. Dr Bhatti has convincingly shown how Sikh Architecture is an independent style of building design which has produced the Golden Temple Amritsar, a marvel of Sikh Architecture with its characteristic ebullience and aesthetic charm. This book is a definitive work on the theory and practice of building design with a befitting research methodology which should benefit students, teachers, practitioners and scholars alike worldwide.

History of Science and Technology in the Ming Dynasty Li Shi, The book is the volume of History of Science and Technology in the Ming Dynasty among a series of books of Deep into China Histories. The earliest known written records of the history of China date from as early as 1250 BC from the Shang dynasty c. 1600-1046 BC and the Bamboo Annals 296 BC describe a Xia dynasty c. 2070-1600 BC before the Shang but no writing is known from the period. The Shang ruled in the Yellow River valley which is commonly held to be the cradle of Chinese civilization. However, Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River. These Yellow River and Yangtze civilizations arose millennia before the Shang. With thousands of years of continuous history, China is one of the world's oldest civilizations and is regarded as one of the cradles of civilization. The Zhou dynasty 1046-256 BC supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC and the country eventually splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the following Warring States period. Much of traditional Chinese culture, literature and philosophy first developed during those troubled times. In 221 BC, Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi or emperor of the Qin, marking the beginning of imperial China. However, the oppressive government fell soon after his death and was supplanted by the longer-lived Han dynasty 206 BC-220 AD. Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were handled by a special elite of scholar-officials. Young men well-versed in calligraphy, history, literature and philosophy were carefully selected through difficult government examinations. China's last dynasty was the Qing 1644-1912, which was replaced by the Republic of China in 1912 and in the

mainland by the People's Republic of China in 1949 Chinese history has alternated between periods of political unity and peace and periods of war and failed statehood the most recent being the Chinese Civil War 1927-1949 China was occasionally dominated by steppe peoples most of whom were eventually assimilated into the Han Chinese culture and population Between eras of multiple kingdoms and warlordism Chinese dynasties have ruled parts or all of China in some eras control stretched as far as Xinjiang and Tibet as at present Traditional culture and influences from other parts of Asia and the Western world carried by waves of immigration cultural assimilation expansion and foreign contact form the basis of the modern culture of China

The A to Z of Sikhism W. H. McLeod, 2009-07-24

Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe

many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism Historical Dictionary of Sikhism Louis E. Fenech, W. H.
