 California. Department of Education, 2002 **The Bermuda Triangle** Cary Trantham, 2011-09-28 The Atlantians started to
 experience instability in the umbilical cord or worm hole that connected them to earth Human species and their vehicles
 boats planes etc were slipping through these unstable portals into the Universe of Atlantis On Mother Earth the area where
 these occurrences were happening was designated as the Bermuda Triangle The Atlantians watched in horror as the entire
 Earth began to suffer from the effects of the exploration and removal of fossil fuels The Earth's crust had become very
 unstable and underwater earthquakes were on the increase The Atlantians knew that unless the Earth humans realized and
 did something about the damage to Gaia from the use and exploration of fossil fuels she would be damaged beyond recovery
 and all would die They were very concerned as it was unsure if their parallel universe could survive without Gaia They were
 also unsure if the umbilical cord that connected the two universes could be severed If Gaia exploded the Atlantian civilization
 may also come to an end The Atlantians put their faith into a young girl from Earth She had slipped into their world through
 an unstable portal but was defying science as she could move freely between the two worlds Matching Books to Readers
