Crosset,1995-06-29 Outsiders in the Clubhouse captures the experience of living on the women s professional golf tour Based on interviews field work and archival data it reveals a double edge to women s status as outsiders within the world of golf On the tour gender is

less relevant than in the everyday lives of most women LPGA members do not compete directly with men they are not held back by glass ceilings and their raises are based on merit But at the same time the tour operates within a sexist world Despite all their skill women golfers remain outsiders within the hypermasculine world of golf This book explores the players lives as they attempt to balance the often conflicting demands of their sport and the conventional social expectations of womanhood The analysis builds from the players negotiation of interactions with fans and press and between each other to a broader analysis of the political symbolism and agency of women athletes within contemporary society *The Player Bookazine Issue 23* The Player,2013-06-30 **The Red, White & Black** ,2002 **Catalog of Copyright Entries, Third Series** ,1955 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc **Catalog of Copyright Entries** Library of Congress.
