Music and Translation Lucile Desblache,2019-06-04 This book explores how transformations and translations shape musical meanings developments and the perception of music across cultures Starting with the concept of music as multimodal text the author understands translation as the process of transferring a text from one language verbal or not into another interlingually intralingually or intersemiotically as well as the products that are derived from this process She situates music and translation within their contemporary global context examining the tensions between local and global cosmopolitan and national and universal and specific settings to arrive at a celebration of the translational power of music and an in depth study of how musical texts are translated This book will be of interest to translation studies scholars who want to broaden their horizons as well as to musicians and music scholars seeking to understand how cultural exchange and dissemination can be driven by translation *The British National Bibliography* Arthur James Wells,1979 **European Elites and Ideas of Empire, 1917-1957** Dina Gusejnova,2016-06-16 Explores European civilisation as a concept of twentieth century political practice and the project of a transnational network of European elites This title is available as Open Access **Prelude to War** P.A.M. Esch,2012-12-06 The scope of this book is confined to the international aspects of the Spanish civil war It is primarily a study in international relations at a crucial period in the inter war years The separate military campaigns of the civil war itself the political situation in Spain and the historical forces that gave rise to the conflict have only been sketched in the opening chapters as a background to the diplomatic relations which took place among the European nations as a result of the civil war The history and causes of the conflict itself are dealt with fully and authoritatively in the publications of scholars such as Gerald Brenan Salvador de Madariaga E Allison Peers and Franz Borkenau in England Alfred Mousset and Robert Brasillach in France and E J Hughes in the United States It is the most serious handicap in dealing with contemporary history that it is impossible to write a definitive work because all the necessary documentation has not appeared Nevertheless many new facts have emerged in this study on the basis of material published in the last ten years Stories that were thought to be true at the time can now be supported or refuted by documentary evidence There is proof in Serrano Suñer's memoirs for example relative to the plotting of the civil war by the Spanish generals which corroborates the account of General Mola's secretary Jose Ibarren **Britain and Italy in the Era of the Great War** Stefano Marcuzzi,2020-12-10 This is an important reassessment of British and Italian grand strategies during the First World War Stefano Marcuzzi sheds new light on a hitherto overlooked but central aspect of Britain and Italy's war experiences the uneasy and only partial overlap between Britain's strategy for imperial defence and Italy's ambition for imperial expansion Taking Anglo Italian bilateral relations as a special lens through which to understand the workings of the

Entente in World War I he reveals how the ups and downs of that relationship influenced and shaped Allied grand strategy Marcuzzi considers three main issues war aims war strategy and peace making and examines how under the pressure of divergent interests and wartime events the Anglo Italian traditional friendship turned increasingly into competition by the end of the war casting a shadow on Anglo Italian relations both at the Peace Conference and in the interwar period

Franco and the Condor Legion Michael Alpert, 2019-06-27 The Spanish Civil War was fought on land and at sea but also in an age of great interest in air warfare and the rapid development of warplanes The war in Spain came a turning point in the development of military aircraft and was the arena in which new techniques of air war were rehearsed including high speed dogfights attacks on ships bombing of civilian areas and tactical air ground cooperation At the heart of the air war were the Condor Legion a unit composed of military personnel from Hitler's Germany who fought for Franco's Nationalists in Spain In this book Michael Alpert provides the first study in English of the Spanish Civil War in the air He describes and analyses the intervention of German Italian and Soviet aircraft in the Spanish conflict as well as the supply of aircraft in general and the role of volunteer and mercenary airmen His book provides new perspectives on the air war in Spain the precedents set for World War II and the possible lessons learnt

The Urbanization of Opera Anselm Gerhard, 1998-08-15 Why do so many operas end in suicide murder and death Why do many characters in large scale operas exhibit neurotic behaviors worthy of psychoanalysis Why are the legendary grands operas much celebrated in their time so seldom performed today

Catalogue Warburg Institute. Library, 1967 *Zonal Marking* Michael W. Cox, 2019-08-13 A mazy dribble through the recent history of European soccer showing how shifting styles and influence have shaped the game In the early 1990s the Dutch footballing philosophy was worshipped across the continent Then the baton passed to the Italians who clearly boasted Europe's strongest league But when France started winning everything at the international level its national academy became the template for others until suddenly almost out of nowhere Europe's most revered player and manager both hailed from Portugal Next Barcelona and Spain won everything during a very obvious four year period of dominance before tiki taka's decline meant Bayern and Germany took control Finally Europe's most successful coaches found themselves competing in England introducing a brilliant cacophony of styles to the Premier League *Zonal Marking* is a glorious travelogue through soccer's triumphant styles and characters
