knowledge the evolution of language and the ways in which we engage with our immediate environment and the wider world Arriving back at beer from such an oblique angle he rediscovers the real reasons why so many people are so passionate about craft beer and argues that situating beer in a broader understanding of craft shows that the term is rich in meaning even if it can't be pinned down to a measurable definition Written in Brown's trademark pub stool conversational style *Craft An Argument* provides a new perspective on the biggest trend in global food and drink as well as making you long for a beer
