Anna Preus Susanna Sacks Carly Schnitzler Melanie Walsh and Samuel Caleb Wee     Shine Allison Allen, 2017-09-05 It's time you stepped into the light of God's role for you. Actors aren't the only ones who play characters. Many of us do much of the time. We walk into a room, figure out who we're supposed to be in this context, slip into character and say the lines we know we should say. We become someone else. Maybe we tell ourselves it's some version of us, but deep down we know this inauthentic character is not what God wants for our lives, and it's not what we want either. With fascinating personal stories and sharp insight into human nature, former actor Allison Allen calls you to drop the brave act and step into the role of a lifetime: being your real self in Christ, no matter what the critics might say. She gives you permission to talk about rather than around the things you feel, freeing you to step out of the shadows and into the light of God's true calling. The life-giving content on these pages has the power to fill your sails with holy wind and literally change the trajectory of your story. Lisa Harper, bestselling author and Bible teacher. In this book, Allison shares stories of conquering fear, pain, and rejection that uniquely paved the way toward growth, joy, and wisdom. She teaches us to rise above it all and experience God's beautiful light. You will most definitely be inspired. Scott Hamilton, Olympic figure skating champion, sports commentator, inspirational speaker, cancer survivor. Through Allison's beautifully transparent story, you and I are encouraged to step out of the shadows of fear and self-doubt and, in Jesus's name, shine. Sheila Walsh, bestselling author of *In the Middle of the Mess*, co-host of LIFE Today.

**The Routledge Companion to Australian Literature** Jessica Gildersleeve, 2020-12-22 In recent years, Australian literature has experienced a revival of interest, both domestically and internationally. The increasing prominence of work by writers like Christos Tsiolkas, heightened through television and film adaptation, as well as the award of major international prizes to writers like Richard Flanagan, and the development of new high-profile prizes like the Stella Prize, have all reinvigorated interest in Australian literature, both at home and abroad. This Companion emerges as a part of that reinvigoration, considering anew the history and development of Australian literature and its key themes, as well as tracing the transition of the field through those critical debates. It considers works of Australian literature on their own terms, as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres. With an emphasis on literature's responsibilities, this book claims Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with, produces, and is produced by its context, provoking a critical re-evaluation of the concept of the relationship between national literatures, cultures, and histories, and the social function of literary texts.
