Good Cop:

The Good Cop Justine Ford, 2016-07-26 As seen on Foxtel's Logie winning The Good Cop and Channel 7's Homicide with Ron Iddles A Assume nothing B Believe nothing C Check everything Ron Iddles In an incredible twenty five year career as a homicide detective Ron Iddles conviction rate was 99% Yet that only partly explains why Iddles is known to cops and crims alike as The Great Man Tough inventive and incorruptible stoic in the face of senseless horror yet unafraid to shed tears for a victim Ron has applied his country cunning and city savvy to over 320 homicide cases some of them the most infamous compelling and controversial crimes in the nation's history To the victims of crime Ron is both a shoulder to cry on and an avenging angel Ron Iddles never gave up on a lost cause He became a regular on the nightly news the dogged face of Australian justice Working long hours dodging bullets chasing leads and outwitting killers Ron would tell his teams The answer is just one call away And in 2015 that belief saw him crack Victoria's oldest unsolved homicide yet another remarkable feat in a life devoted to keeping the public safe This is the extraordinary inside story of a real crime crusader Ron Iddles The Good Cop

Good Cop/Bad Cop Thomas Lyon, 2012-06-25 Non governmental organizations NGOs play an increasingly prominent role in addressing complex environmental issues such as climate change persistent bio accumulative pollutants and the conservation of biodiversity At the same time the landscape in which they operate is changing rapidly Markets and direct engagement with industry rather than traditional government regulation are often the tools of choice for NGOs seeking to change corporate behavior today Yet these new strategies are poorly understood by business academics and NGOs themselves How will NGOs choose which battles to fight differentiate themselves from one another in order to attract membership and funding and decide when to form alliances and when to work separately In Good Cop Bad Cop Thomas P Lyon brings together perspectives on environmental NGOs from leading social scientists as well as leaders from within the NGO and corporate worlds to assess the state of knowledge on the tactics and the effectiveness of environmental groups Contributions from Greenpeace Rainforest Action Network the Environmental

Defense Fund and the World Wildlife Fund describe each organization's structure and key objectives and present case studies that illustrate how each organization makes a difference especially with regard to its strategies toward corporate engagement To provide additional perspective high level executives from BP and Ford share their views on what causes these relationships between companies and NGOs to either succeed or fail For students of the social sciences and NGO practitioners this book takes an important step in addressing an urgent need for objective study of NGO operations and their effectiveness

Burn Suzanne Phillips, 2008-11-01 Are our schools safe It s hard to turn on the news without hearing this question and the answer is typically no This novel explores what happens when bullying escalates to violence and it challenges our definition of victimization With thought provoking prose Suzanne Phillips explores the psyche of Cameron a bullied freshman
