Paterson,2010-02-19 Diaries of a Forgotten Parent Divorced Dads on Fathering Through and Beyond Divorce opens an intimate window on the lives of divorced men Literature on divorce focuses primarily on its effects on women and children but fair and personal accounts of the lived experiences of custodial and non custodial fathers are less available In this highly accessible text ten American men share intensely personal reflections of guilt pain frustration sacrifice loneliness and pride The men do not see themselves as exemplary rather their stories are graphically honest revealing what Paterson calls ordinary men with all their warts The author reviews significant works on the male experience of divorce from psychological legal educational and sociological experts interspersing commentary and research with the men s own voices From the initial discussion of why men marry and why they divorce through the men s painful memories of being pushed out of their children s lives by angry and resentful mothers the author illuminates the legal fiscal emotional and practical experiences of men struggling to reinvent their fathering while they find themselves reconfigured into deserters deadbeats and visitors The societal myth that fathers are less valuable parents than mothers is thoroughly deconstructed in this text The book will help divorced and divorcing men and those who work with them to fully understand the experiences of fathers who never stopped loving and caring for their children in spite of the fact that the contributions of fathers are still largely discounted by schools courts and worst of all by their children s mothers From this book readers will understand that there are just too many reasons why fathers must never be forgotten in the lives of their children **Oil on the Wounds** Father Livio Melina,Carl Anderson,2013-03-14 Although it is not always recognized the damage left by a divorce or an abortion can be devastating These actions have not only physical consequences but psychological and spiritual ones as well No individual or family comes out of either experience unharmed Recently the Pontifical John Paul II Institute s International Congress comprised of the world s foremost experts in each field was held to discuss the suffering of people who have been affected by these acts and

the ways in which their lingering pain should be approached and relieved The findings of this symposium compiled by leading authorities Carl Anderson and Father Livio Melina form the basis of *Oil on the Wounds A Response to the Aftermath of Divorce and Abortion* The book is divided into two sections The first section deals with the aftermath of divorce its long term effects on the social lives of children and the ways in which the Church can offer compassion and counsel to those affected The second section addresses the issue of abortion the pain that results from ending a pregnancy and what the Church s role should be in the alleviation of that pain The text relies on sociological and psychological perspectives to illuminate these wounds and suggests both practical and spiritual methods of healing Inspired by the biblical story of the Good Samaritan this volume asks us to recognize the profound torment left in the wake of divorce and abortion It urges us to act accordingly in the face of these ordeals to shoulder the burden of the tormented in an attempt to one day alleviate their suffering by the grace of God Ultimately this collection of essays is meant to create a dialogue promote recognition of those psychologically and spiritually harmed by divorce or abortion and explore our duty to listen to these victims and like the Good Samaritan bandage their wounds This book is for laymen professionals and clergy who seek to understand the issues not only from a religious point of view but also from a human perspective

Your Post-Divorce Journey Back to Yourself (For Men)

Daryl G. Weinman, 2017-07-31 No one walks into a marriage thinking that it will end Spouses talk about their futures together growing old together where they may want to retire places they want to visit someday their hopes and dreams and goals for themselves and for each other When the marriage ends there is generally a feeling of failure that goes along with it A marriage is supposed to be a partnership and we all know that we have to work at it to keep it together If it ends does that mean we didnt work hard enough Didnt try hard enough Didnt do enough to keep our spouse happy What went wrong Why couldnt I make it work Why couldnt I fix the problems These feelings are so common especially among all of the overachievers out there who believe they can accomplish anything and fix anything if they just try hard enough Recognize that life is not fair and accept that reality However also recognize that sometimes it is not fair in your favor Imbalance sometimes tips toward you and sometimes away from you Dont dwell on the times when it feels like the world is against you instead celebrate the times when everything seems to be going your way Take responsibility for your own happiness If anyone intrudes on your happiness recognize that it is your own fault for allowing it to happen No one can make you feel any particular way you control your own feelings and reactions You choose how you will handle any particular situation You can wallow in self pity and wither away or you can learn from a negative experience grow from it and become a better stronger and happier person Accept responsibility for your own future it is all on you now and if you dont take responsibility for it no one else will

Family Law and Family Values Mavis Maclean, 2005-06-15 Each individual experiences obligations arising from personal relationships These are often hard to fulfil and give rise to tension between the demands of various relationships between meeting current or future needs but also between private norms and the demands of a public set of rules The international contributors to this volume consider the relationship between family law and family values in the way law is framed the way we are developing the legal context for new kinds of relationships such as cross household parenting same sex partner relationships and the obligations of adults to elders and closes with a plea to rethink family law in terms of the functions we want it to perform Contributors include Masha Antokolskaia Benoit Bastard John Eekelaar Lisa Glennon Jacek Kurczewski Jane Lewis Carol Smart Velina Todorova and Jean van Houtte

The Good Divorce Constance Ahrons, 2009-10-06 It s never too late to have a good divorce Based on two decades of groundbreaking research The Good Divorce presents the surprising finding that in more than fifty percent of divorces couples end their marriages yet preserve their families Dr Ahrons shows couples how they can move beyond the confusing even terrifying early stages of breakup and learn to deal with the transition from a nuclear to a binuclear family one that spans two households and continues to meet the needs of children The Good Divorce makes an important contribution to the ongoing family values debate by dispelling the myth that divorce inevitability leaves emotionally troubles children in its wake It is a powerful tonic for the millions of divorcing and long divorces parents who are

tired of hearing only the damage reports It will make us change the way we think about divorce and the way we divorce reconfirming our commitment to children and families **Children of Divorce** Craig Everett,2014-04-04 Gain new understanding of the role that the children of divorce play within their own family systems Unlike most other literature on the subject Children of Divorce studies both empirically and clinically the role of the children within the dysfunctional pattern of the dissolving family system The unique and insightful perspectives in this volume equip practitioners and clinicians with the skills to help children cope with the pain and the adjustments they experience during and after a divorce Experts in the marriage and family field explore the developmental structural and interactional issues for the benefit of all professionals seeking to more effectively understand and treat the children who are so adversely affected by divorce **Divorce: A Psychosocial Study** Shelley Day Sclater,2017-07-05 Several jurisdictions have attempted to render divorce more harmonious by abolishing matrimonial fault and facilitating the resolution of divorce disputes by mediation In Britain these provisions appear in the Family Law Act 1996 The book presents a challenge to the underlying assumptions that conflict and the adversarial system are undesirable Its focus is on adults experiences of divorce In a series of interviews divorcing people told their own stories of divorce The personal narratives revealed that divorce can be emotionally traumatic but it has positive sides too The emotions of divorce are not pathological but are readily explicable as ordinary human coping strategies in the context of the real material privations that many divorcing people suffer These coping strategies often involve conflict and acrimony From a psychodynamic perspective it is argued that these are integral and psychologically necessary aspects of the divorce process This book is particularly topical in the light of the recent decision of the British Government to postpone the implementation of the Family Law Act 1996 and the acknowledged need for research to inform policy **The Good Divorce** Arthur Leonoff,2018-03-21 Divorce is a complicated process and not a single event It has major life implications and must be done right In this regard the good divorce is an ethical divorce The Good Divorce does not follow the pattern of the ubiquitous self help genre over simplified and formulaic Nevertheless it is designed to be helpful by providing an in depth exploration of the separation process post divorce adjustment telling the children caring for children from infants to teens decision making models pathologies of divorce and finally hope and recovery through creating an important space for discovery The author is a clinician and the book is written from the well of experience scholarship and study that professional practice provides Yet it is not written academically and is intended for a general as well as professional audience The reader will find the helpful inclusion of clinical examples and ample opportunities for reflection and deeper thinking into the many issues that arise in divorce for individuals and families **Between Two Worlds** Elizabeth Marquardt,2006-09-26 An astonishing one quarter of adults between the ages of eighteen and thirty five have grown up in divorced families Now as this generation comes of age Between Two Worlds will speak to them like no other book Marquardt s data is undeniably compelling but at the heart of her book are stories of reunions with one parent that were always partings from the other of
