

Island Poem

*If ever you've lived on an island
If ever you've lived by the sea:
You'll never return to the mainland
Once your spirit has been set free.*

*If ever you've seen the sunset
As the ferry passed the shore:
You've seen the beauty of the island
That will be with you forever more.*

*If ever you've smelled the ocean
Or tasted the salt in the air:
You'll know you've discovered a haven
That is uncommon, precious and rare.*

*If ever you've heard the seagulls
The waves, a seagull, the winds:
Then you've heard the song of the island
And the peaceful message it sends.*

*If ever you've seen the whales play
Or watched the eagles in flight:
You'll remember, again, why you live here
And why it feels so right.*

*Indeed, if you live on an island
If you're lucky to live by the sea:
You'll never return to the mainland
As your spirit has been set free.*

Good Dream Island Poem:

Good Dream Island Poetry Book Jacqueline S. Shor, 2004-04-01 I was asked by a very close friend to write a children's book I had never written a book before this one I didn't think I could do it All of a sudden my imagination and creativity crept into my soul There is a great message to all of us in this book Good always wins over evil My prayer is that all the children that read this story will benefit from this message Also I hope that they have a wonderful time having it read to them or reading it by themselves I was told by my mom a long time ago that I had a great imagination when I was a child I am still waiting for my Prince Charming to come into my life All I know is that I am having a wonderful time writing All my life I never thought I could accomplish anything Here I am writing books and lyrics Enjoy the book **The Collected Poems of Philip Lamantia** Philip Lamantia, 2019-10-22 The Collected Poems of Philip Lamantia represents the lifework of the most visionary poet of the American postwar generation Philip Lamantia 1927-2005 played a major role in shaping the poetics of both the Beat and the Surrealist movements in the United States First mentored by the San Francisco poet Kenneth Rexroth the teenage Lamantia also came to the attention of the French Surrealist leader Andr  Breton who after reading Lamantia's youthful work hailed him as a voice that rises once in a hundred years Later Lamantia went on the road with Jack Kerouac and shared the stage with Allen Ginsberg at the famous Six Gallery reading in San Francisco where Ginsberg first read Howl Throughout his life Lamantia sought to extend and renew the visionary tradition of Romanticism in a distinctly American vernacular drawing on mystical lore and drug experience in the process The Collected Poems gathers not only his published work but also an extensive selection of unpublished or uncollected work the editors have also provided a biographical introduction **One Hundred Poems and the Brain** Henry Ryman Miner, 2023-12-19 About the Book As Henry Ryman Miner began to grow older he noticed a subtle increase in forgetfulness like going to another room and forgetting what he came for He began to undertake various forms of mental exercise in an effort to improve his memory which led him to engage in the practice of memorizing and reciting favorite and newly discovered poems a practice that he combined with cycling in the Oakland hills Gradually his collection of memorized verse grew to reach one hundred poems Broken into three parts Miner first details his process for memorization explaining in detail his methods and strategies In part two he lists all one hundred poems and includes his thoughts on each reflecting on its place in the chronology of his life Now familiar with his personal process and poems Miner in part three explains the science behind memory memorization and the brain proving and disproving some of his own methods in part one A fascinating read on the realities of memory loss with aging and the power of poetry Miner's One Hundred Poems and the Brain blends science and art into one engaging thoughtful mental exercise **The Poems and Prose Sketches of James Whitcomb Riley ...: The flying islands of the night. 1898** James Whitcomb Riley, 1900 **Chambers's Cyclopædia of English literature, revised by R. Carruthers**, 1889 **The Celtic Monthly**, 1906 **Ecstatic Occasions, Expedient Forms** David Lehman, 1996 An unexpectedly entertaining

collection of writing by poets discussing the creative inspiration and artistic form of their work *Yeats's Poems* W. B. Yeats, 1989-10-19 Here in one volume is the entire canon of Yeats's verse who was awarded the Nobel Prize for Literature in 1923 He was a poet and playwright storyteller and visionary The author also wrote *Man and Poet* [Origins of the Dream](#) W. Jason Miller, 2015-02-03 Since Martin Luther King Jr's I Have a Dream speech some scholars have privately suspected that King's dream was connected to Langston Hughes's poetry Drawing on archival materials including notes correspondence and marginalia W. Jason Miller provides a completely original and compelling argument that Hughes's influence on King's rhetoric was in fact evident in more than just the one famous speech King's staff had been wiretapped by J. Edgar Hoover and suffered accusations of communist influence so quoting or naming the leader of the Harlem Renaissance who had his own reputation as a communist would only have intensified the threats against the civil rights activist Thus the link was purposefully veiled through careful allusions in King's orations In *Origins of the Dream* Miller lifts that veil and shows how Hughes's revolutionary poetry became a measurable inflection in King's voice He contends that by employing Hughes's metaphors in his speeches King negotiated a political climate that sought to silence the poet's subversive voice By separating Hughes's identity from his poems King helped the nation unconsciously embrace the incendiary ideas behind his poetry

variants a Hebrew and a German version one of which is the original and the other a self translation The aim of this study is to compare the versions and their interpretation based on Strauss s theoretical essays on poetry and translation his political writings and works of literary criticism Special attention is paid to Strauss s concept linked with the idea of messianic redemption of poetry as a fore image of a future true community of men and as the earthly expression of the Absolute directed at interpreting divine revelation and its translation into human language In examining Strauss s experiments with self translation by which he aimed at establishing a dialogue between languages and between people and nations this study considers the two processes of translation from divine speech into human language and from one human language into another
